

## NGS Group's subsidiary Nurse Partner Norge AS awarded new contract to offer staffing of nurses to all public hospitals in Norway

NGS Group is through its subsidiary Nurse Partner Norge AS expanding its position in the Norwegian market by being awarded a completely new contract for staffing of nurses, specialists nurses and midwives to all public hospitals, helseforetak. The agreement will run for 2+2 years. The new agreement represents a significant step forward for Nurse Partner Norge, a leading provider of healthcare staffing services in Norway.

*"We are so happy to announce this very important step of NGS investment plan in the Norwegian market," says Erika Rönquist Hoh, CEO of NGS Group AB. "I'm very pleased to conclude that this contract, with strong support from the recent approval of certification towards municipal care givers, puts the right market conditions in place for our expansion in Norway.*

*Nurse Partner can leverage its solid experience to match the specific needs of each public hospital in Norway. The collective knowledge of our employees mean that we have a unique position where we can offer industry-leading expertise. I would like to thank our team at Nurse Partner who continues to create societal value, while developing and adapting our offer to meet and anticipate our clients' changing needs."*

The collaboration between Nurse Partner and the helseforetak in Norway will pave the way to innovative staffing solutions and access to a broad portfolio of services.

*"Nurse Partner Norge is honoured to be entrusted with providing services to all Norwegian hospitals," says Ståle Thomas, Operations Manager, Nurse Partner Norway. "This contract is a recognition of our competence and expertise in staffing healthcare personnel. We look forward to cooperating with the Norwegian healthcare companies."*

*"This award validates Nurse Partner's position as a leading player in healthcare staffing and strengthens our presence in the Norwegian market," says Malin Ernestrand, CEO of Nurse Partner.*
