

Mdxhealth Announces Receipt of Nasdaq Notification Regarding Minimum Market Value of Listed Securities Deficiency

IRVINE, California – July 24, 2026 (GlobeNewswire) – Mdxhealth SA (NASDAQ: MDXH) (the “Company” or “mdxhealth”), a leader in urology-focused precision diagnostics, today announced that the Company received an additional notification letter (the “Additional Letter”) from The Nasdaq Stock Market LLC (“Nasdaq”) related to the recent reduction in the price for the Company’s ordinary shares. The initial notice, reported by the Company in its Form 6-K filed on July 2, 2026, related to the Company’s non-compliance with the \$1.00 Minimum Bid Price requirement set forth in Nasdaq Listing Rule 5550(a)(2) for continued listing. The Supplemental Letter, received on July 20, 2026, notifies the Company that it is not in compliance with the minimum market value requirement set forth in rules for continued listing on The Nasdaq Capital Market.

Nasdaq Listing Rule 5550(b)(2) requires listed companies to maintain a minimum market value of US\$35 million and Nasdaq Listing Rule 5810(c)(3)(C) provides that a failure to meet the minimum market value requirement exists if the deficiency continues for a period of 30 consecutive business days. Based on the market value of the Company from June 1, 2026, to July 17, 2026, the Company no longer meets the minimum market value requirement.

The Additional Letter does not impact the Company’s listing on The Nasdaq Capital Market at this time. In accordance with Nasdaq Listing Rule 5810(c)(3)(C), the Company has been provided 180 calendar days, or until January 19, 2027, to regain compliance with Nasdaq Listing Rule 5550(b)(2). To regain compliance, the Company’s market value must exceed US\$35 million for a minimum of 10 consecutive business days. In the event the Company does not regain compliance by January 19, 2027, the Company may be eligible for additional time to regain compliance or may face delisting. In the event of such a notification, the Nasdaq rules permit the Company an opportunity to appeal Nasdaq’s determination.

The Company’s business operations are not affected by the receipt of the Additional Letter. The Company intends to monitor its market value and intends to cure the deficiency within the prescribed grace period.
