<sup>1</sup> Subject to the necessary approvals by the Combined General Meeting of May 31, 2022.

## **About GTT**

GTT is the technological expert in membrane containment systems dedicated to the transport and storage of liquefied gases. For over 50 years, GTT has been designing and marketing advanced technologies for improved energy performance. GTT technologies combine operational efficiency and safety to equip LNG carriers, floating terminals, onshore storage tanks and multi-gas carriers. The Group also offers systems for the use of LNG as fuel, as well as a wide range of services, including digital solutions in the field of Smart Shipping. GTT also operates in the hydrogen sector through its subsidiary Elogen, which designs and assembles electrolyzers for the production of green hydrogen.

GTT is listed on Euronext Paris, Compartment A (ISIN FR0011726835, Euronext Paris: GTT) and is notably included in the SBF 120 and MSCI Small Cap indexes.
