Today, the Board of Directors of BioPorto A/S ("BioPorto") (Nasdaq: BIOPOR) has decided to exercise part of the current authorization by issuing 1,500,000 new warrants to certain key employees in the Company's U.S. organization.

The warrants are issued in accordance with the company's Remuneration policy and guidelines for incentive-based remuneration and the authorization in section 18 of the Articles of Association.

Each warrant grants the holder the right to subscribe for one share in the company. The program includes conditions on claw-back in case of erroneous financial information and on accelerated vesting in case of e.g. a takeover bid, resolution and business transfer.

Due to the previously announced adjustment of the timeline for the expected FDA approval of The NGAL Test™, the board of directors has resolved to amend the KPIs related to the August 2018 warrant grants, so that the deadline for obtaining 50 new hospital sites and the increase in NGAL turnover will be measured 12 months from the FDA approval. Further, the deadline for obtaining approval in relation to the December 2018 grant is amended to 30 June 2020.
