## Trifork Holding AG (“Trifork”) upgrades outlook for 2021 financial results

- Revenue target for the financial year 2021 is increased to EURm 158.0-159.0 from EURm 150.0-155.0.
- Trifork Segment adjusted EBITDA target (excluding Trifork Labs and special items) for the financial year 2021 is narrowed to EURm 28.5-29.0 from EURm 27.5-30.0.
- Trifork Group EBIT target for the financial year 2021 is narrowed to EURm 35.5-36.0 from EURm 34.0-36.5.

The upgraded outlook for 2021 is driven by continued strong organic growth in Q4-2021 and includes the full effect of the deconsolidation of Dawn Health A/S on the 2021 financial results. In the public sector, the stronger growth was primarily driven by a continued high activity level in Digital Health and an increased activity level in the private sector within cloud operations due to new assignments.
