- **Solvency 2 prudential ratio of 244% end of 2021**

“The 2021 revenue and results growth illustrates the relevance of the bancassurance model. Our mobilisation through the health crisis shows our commitment to act every day in the interest of our customers and society, on the economic level with our participation in the financing of the French participating loans program as well as on the solidarity level, with numerous actions of support for the most vulnerable. Meanwhile, we are pursuing our commitments to cope with climate change by joining the Net Zero Asset Owner Alliance and the PSI. These engagements are part of the Crédit Agricole Group’s collective mobilisation to carry out its Societal Project,” says Philippe Dumont, CEO of Crédit Agricole Assurances.

In 2021, Crédit Agricole Assurances has continued **to develop its priority lines of business¹ (protection of assets and individuals and unit-linked products** in savings and retirement), which reflects in a strong growth of its revenue **up +24.5%²** compared with end of 2020 - and up +25.8% compared to end of 2019 and +34.6% compared to end of 2018. Including euro-denominated inflows, Crédit Agricole Assurances posted **revenues of €37.0 billion**.
