## Bekaert publishes Annual Report 2025

Bekaert is pleased to announce the publication of its Annual Report 2025. The Annual Report 2025 offers a comprehensive view on how Bekaert creates value for its stakeholders through financial and non-financial performance indicators.

Bekaert's results reflect the benefits of its strategic transformation, which has made Bekaert more agile, cost-competitive and resilient. At the same time, the report highlights how ESG is embedded across its business, from reducing the environmental footprint of our operations and offering sustainable solutions, to fostering a safe and inclusive workplace, and upholding strong governance and ethical practices.

The Annual Report is available in English and Dutch and can be accessed via [this link](#).

**Disclaimer**

This press release may contain forward-looking statements. Such statements reflect the current views of management regarding future events, and involve known and unknown risks, uncertainties and other factors that may cause actual results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Bekaert is providing the information in this press release as of this date and does not undertake any obligation to update any forward-looking statements contained in this press release in light of new information, future events or otherwise. Bekaert disclaims any liability for statements made or published by third parties and does not undertake any obligation to correct inaccurate data, information, conclusions or opinions published by third parties in relation to this or any other press release issued by Bekaert.

**Company profile**

Bekaert's ambition is to be the leading partner for shaping the way we live and move, and to always do this in a way that is safe, smart, and sustainable. As a global market and technology leader in material science of steel wire transformation and coating technologies, Bekaert ([bekaert.com](https://www.bekaert.com)) also applies its expertise beyond steel to create new solutions with innovative materials and services for markets including mobility, energy and construction. Founded in 1880, with its headquarters in Belgium, Bekaert (Euronext Brussels, BEKB) is a global technology company whose 19 000 employees worldwide together generated €3.7 billion in consolidated sales in 2025.
