

## Solutions30 selected as a partner of Deutsche Glasfaser

Solutions30 has been selected as one of its partners by Deutsche Glasfaser, the leading fibre-optic provider for rural areas in Germany, backed by the experienced infrastructure investors EQT and OMERS. As a pioneer and pacesetter in the industry, Deutsche Glasfaser plans, builds and operates open-access fibre optic connections for private households, businesses and public institutions.

With its extensive expertise in the fibre optic rollout all over Europe, Solutions30 will start this new partnership in connecting mobile masts with the existing Deutsche Glasfaser fiber networks.

Commenting on the partnership, Andreas Pfisterer, CEO of Deutsche Glasfaser, said: “Deutsche Glasfaser has set an ambitious objective in network deployment to provide a nationwide FttH network. To successfully deliver our projects, we have chosen to partner with companies that have demonstrated extensive experience in the deployment of FTTH networks. We are delighted to include the Solutions30 team amongst our key partners.”

Luc Brusselaers, Chief Revenue Officer of Solutions30, added: “This new contract with our strategic partner Deutsche Glasfaser is very good news for Solutions30 Germany and confirms our foothold and relationship with Deutsche Glasfaser. Solutions30 is already a supplier for the fibre cabling of multi-dwelling units (NE4) and we are extremely proud to add this ambitious Fibre to the Site project to our Deutsche Glasfaser portfolio. I thank the Deutsche Glasfaser teams for their confidence. Our shared objective is to deploy a fast, reliable and sustainable connection to a population that is currently under-connected. This announcement reinforces Solutions30’s European roll-out policy and focuses on a strategic country for our group.”

### About Solutions30 SE
