

## **Pharma Equity Group's datterselskab (Reponex Pharmaceuticals A/S) har modtaget meddelelse om godkendelse af patent på behandling med datterselskabets sårhelende lægemiddelkombination**

31. oktober 2023

Selskabsmeddelelse nr. 41

### **Pharma Equity Group's datterselskab (Reponex Pharmaceuticals A/S) har modtaget meddelelse om godkendelse af patent på behandling med datterselskabets sårhelende lægemiddelkombination**

Reponex Pharmaceuticals A/S (Reponex) meddelte i dag, at United States Patent and Trademark Office (USPTO) har godkendt US patentansøgningen nr. 16/366.898. Patentet omhandler en fremgangsmåde til behandling af kroniske sår ved påsmøring af en hydrogel indeholdende granulocyt-makrofag kolonistimulerende faktor (GM-CSF), sukralfat og hyaluronan for at accelerere sårheling.

“Reponex’ behandling kombinerer tre aktive stoffer, der fremskynder helingen af kroniske sår såsom venøse og diabetiske bensår. Vi er meget glade for, at USPTO nu har godkendt ansøgningen om patent på vores behandlingsmetode så vi kan beskytte vores produkt i et så vigtigt kommercielt område,” siger Thomas Kaas Selsø, CEO i Pharma Equity Group A/S.

Ifølge Grand View Research blev det globale marked for sårbehandling vurderet til USD 21,4 milliarder i 2022 og forventes at vokse med en sammensat årlig vækstrate (CAGR) på 4,15 % fra 2023 til 2030. Heraf tegner markedet i USA sig for ca. USD 8 milliarder i 2022. Segmentet for kroniske sår havde den største andel på ca. 60 % i 2022.

Patentet har gyldighed indtil 2039.
