

Weekly share repurchase program transaction details

Amsterdam, April 22, 2026

SBM Offshore reports the transaction details related to its EUR227 million (US\$270 million¹) share repurchase program for the period April 16, 2026 through April 22, 2026.

The repurchases were made under the EUR227 million share repurchase program announced on February 26, 2026 and effective from February 27, 2026. The objective of the program is to reduce share capital and, in addition, to provide shares for regular management and employee share programs. Information regarding the progress of the share repurchase program and the aggregate of the transactions (calculated on a daily basis) for the period February 27, 2026 through April 22, 2026 can be found in the top half of the table below. Further detailed information regarding both the progress of the share repurchase program and all individual transactions can be accessed via the Investors section of the Company's website.

Disclaimer

Some of the statements contained in this release that are not historical facts are statements of future expectations and other forward-looking statements based on management's current views, expectations and various assumptions regarding the financial and non-financial position of SBM Offshore N.V., anticipated developments and other factors, and involve known and unknown risks, dependencies and uncertainties that could cause actual results, performance, or events to differ materially from those in such statements. These statements may be identified by words such as 'expect', 'should', 'could', 'shall' and / or similar expressions. Such forward-looking statements are subject to various risks and uncertainties. The principal risks which could affect the future operations of SBM Offshore N.V. are described in the 'Impacts, Risks and Opportunities' section of the 2025 Annual Report.

Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results and performance of the Company's business may vary materially and adversely from the forward-looking statements described in this release. SBM Offshore N.V. does not intend and does not assume any obligation to update any industry information or forward-looking statements set forth in this release to reflect new information, subsequent events or otherwise.

Data underpinning certain disclosures – particularly sustainability-related - may be subject to inherent limitations. These limitations include but are not limited to reliance on third party data providers whose data quality, completeness and integrity may differ; the use of estimates and assumptions where actual data is unavailable or incomplete; and dependencies on value chain partners for timely and accurate information provision. Methodologies, standards and regulatory requirements for measuring and reporting information—especially sustainability related information—continue to evolve. As a result, our measurement approaches and reported figures may be refined over time as more accurate, granular or standardized data becomes available. Accordingly, all data, and emissions data in particular, should be interpreted in light of these limitations and the ongoing maturation of sustainability reporting practices across our value chain.

This release contains certain alternative performance measures (APMs) as defined by the ESMA guidelines which are not defined under IFRS. Further information on these APMs is included in 2025 Annual Report, available on our website [Annual Reports - SBM Offshore](#).

Nothing in this release shall be deemed an offer to sell, or a solicitation of an offer to buy, any securities.
