Bekaert announces the next tranche of its Share Buyback Program

Bekaert announces today that it will start the next tranche of its buyback program on 16 May 2025, for a total consideration of up to € 25 million. It is intended that, subject to market conditions, this tranche will be completed prior to the release of the H1 trading update, scheduled for 31 July 2025. During this period, Bekaert will regularly publish press releases with updates on the progress made, as required by law. This information will also be available on the [investor relations pages](#) of our website.

As announced previously, all shares bought as part of the Program will be cancelled.

Disclaimer

This press release may contain forward-looking statements. Such statements reflect the current views of management regarding future events, and involve known and unknown risks, uncertainties and other factors that may cause actual results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Bekaert is providing the information in this press release as of this date and does not undertake any obligation to update any forward-looking statements contained in this press release in light of new information, future events or otherwise. Bekaert disclaims any liability for statements made or published by third parties and does not undertake any obligation to correct inaccurate data, information, conclusions or opinions published by third parties in relation to this or any other press release issued by Bekaert.

Company Profile

Bekaert's ambition is to be the leading partner for shaping the way we live and move, and to always do this in a way that is safe, smart, and sustainable. As a global market and technology leader in material science of steel wire transformation and coating technologies, Bekaert ([bekaert.com](https://www.bekaert.com)) also applies its expertise beyond steel to create new solutions with innovative materials and services for markets including new mobility, sustainable construction, and energy transition. Founded in 1880, with its headquarters in Belgium, Bekaert (Euronext Brussels, BEKB) is a global technology company whose 21 000 employees worldwide together generated € 4.0 billion in consolidated sales in 2024.
