## **Appendix 1: Auction terms**

### **Bonds offered, amounts offered and auction schedule**

Appendix 2 contains auction schedules, lists of bonds offered, expected amounts and settlement dates. The tables show whether Nykredit Realkredit A/S expects the bonds to be offered at auction.

Every morning at 09:00 CET in the auction period, the amounts offered on that particular day in the individual ISINs will be published at [nykredit.com/ir](http://nykredit.com/ir) under "Debt", where you can find information on the refinancing auctions.

### **Refinancing principles – ARMs**

The Nykredit Group offers fixed-rate non-callable bullet covered bonds for interest rate adjustment of ARMs based on the "refinancing price" principle.

For interest rate adjustment at the refinancing price, the bonds are sold at one or more bond auctions. The price is fixed as a weighted average of the prices obtained at the auctions.

If the Nykredit Group finds that the amount of bonds offered at an auction is not sufficient to obtain a market-consistent price, the refinancing price will instead be based on the Consolidated Reference Price of the bond in question quoted on Nasdaq Copenhagen.

### **Refinancing principles – floating-rate loans**

Floating-rate loans are refinanced at four stand-alone auctions.

- ISIN DK000953989-2 is non-callable. The mortgage bond is offered and settled at a price of 100.20. Based on the offer price, bids must be made in terms of the reference rate spread used for the regular coupon fixing.
- ISIN DK000954004-9 is **GREEN** and non-callable. The mortgage bond is offered and settled at a price of 100.20. Based on the offer price, bids must be made in terms of the reference rate spread used for the regular coupon fixing.

### **Credit ratings**

All auctioned bonds issued through Capital Centre H and G are rated AAA by S&P.

### **Bids**

Bids for fixed-rate non-callable bullet covered bonds must be made in terms of amount and price. With respect to bonds maturing within 14 months, bids must be made in prices correct to three decimals. Other bids must be made correct to two decimals.

For all DKK-denominated bonds bids must be made in multiples of DKK 100,000, and for all EUR-denominated bonds in multiples of EUR 10,000.

More than one bid may be made in the same ISIN.

**Type of auction**

Mortgage bonds issued through Capital Centre H and G will be auctioned through Nasdaq Copenhagen's auction submarket: 136 – CPH Auctions. Participants are stockbrokers and investors with access to the auction submarket at Nasdaq Copenhagen.

**Allotment**

As regards bonds for which bids are made in terms of price, bids above the cut-off price will be settled in full, and bids at the cut-off price may be accepted on a pro rata basis.

With respect to bonds for which bids are made in terms of reference rate spread, bids below the cut-off spread will be settled in full, and bids at the cut-off spread may be accepted on a pro rata basis.

All trades concluded will be published through Nasdaq Copenhagen.

Allotment at the auctions will take place as soon as possible, but not later than 10 minutes after closing.

**Conditional offering of bonds with interest rate trigger**

A condition of the final completion of a sale (allotment) of bonds offered with an interest rate trigger is that the yield-to-maturity of the bonds will not rise by more than 5 percentage points. Reference is made to the Danish Mortgage-Credit Loans and Mortgage-Credit Bonds etc. Act.

**Value date**

All bonds at auction will be subject to long settlement. The value date of all trades executed at the auctions will be 3rd April 2023.

**Reverse facility**

As the bonds traded will be subject to long settlement, Nykredit Realkredit A/S offers a reverse facility to auction participants whose bids have been accepted and who require the bonds after only two trading days.

By means of the reverse facility, Nykredit Realkredit A/S offers to sell the allotted bonds subject to the conventional two settlement days and subsequently repurchase them with 3rd April 2023 as the value date.

The size of the reverse facility will be determined on an individual basis but cannot exceed the amount allotted to each individual bidder. The reverse facility can be made conditional on the investor providing a corresponding amount of bonds maturing on 1st April 2023.

Reverse facilities will be arranged on an individual basis. Please contact Nykredit Realkredit A/S, Group Treasury, Søren Gyldenløve, tel +45 44 55 11 21.

**Reservations regarding auctions**

If, contrary to expectations, technical problems should prevent Nykredit Realkredit A/S from conducting an auction through Nasdaq Copenhagen's auction submarket, a stock exchange announcement will be issued containing the practical details of the auction.

**Tap sales**

Tap sales are made on 6th and 7th February 2023. Bids may be made on these days by contacting Nykredit Realkredit A/S, Group Treasury.

**Other terms**

The Nykredit Group is not obliged to sell the announced offering, and the offering may furthermore be subject to changes following loan disbursements in the auction period. In addition, the entire or parts of the offering may be postponed, but not later than the second-last business day of this quarter.

On or before the second-last business day of this quarter, it must be ascertained whether the number of purchasers was sufficient for all the covered bonds offered. If a sale of bonds has to be cancelled, the market will be notified immediately by a stock exchange announcement.
