

Press release – Neuilly-sur-Seine, Tuesday, February 10, 2026 – 5.45 pm

## **REXEL strengthens its presence in the Roissy-en-Brie (77) ARGAN warehouse and brings its leased area to 27,000 sq.m**

ARGAN announced the leasing of an additional 9,000 sq.m at its logistics site in Roissy-en-Brie (77), bringing the total leased area to 27,000 sq.m. Located in the eastern inner ring of the Paris region, the site will be occupied by Rexel, a specialist in the distribution of electrical equipment.

Source: ARGAN

Already a long-standing tenant at the site, Rexel is strengthening its presence in Roissy-en-Brie by expanding its occupied space by 9,000 sq.m, bringing the total to 27,000 sq.m. This expansion confirms both the attractiveness of the logistics platform and the quality of the partnership established with ARGAN. The additional space will enable Rexel to accommodate within the warehouse one of its subsidiaries specialized in low-current systems.

Prior to the arrival of this subsidiary, the Roissy-en-Brie site managed an inventory of approximately 25,000 product references and employed 70 staff members. The integration of this new activity will enrich the logistics platform with an additional 6,000 product references and mobilize 30 full-time equivalents, further strengthening the strategic role of the site within Rexel's logistics network in the Paris area.

### **A re-letting made possible by ARGAN's close relationship with its tenant-clients**

As the owner of two warehouses leased to Rexel, ARGAN supports the development of its tenant-client through close monitoring of its key accounts. This transaction forms part of a long-term partnership, already demonstrated at the Cestas site, where ARGAN and Rexel have actively collaborated on the modernization and decarbonization of the heating facilities.

As in Cestas, replacing the existing gas boilers with electric heat pumps will drastically reduce the warehouse's CO<sub>2</sub> emissions in Roissy-en-Brie, with an estimated reduction of nearly 300 tonnes of CO<sub>2</sub>, in line with the strong environmental commitments upheld by ARGAN and Rexel.

Following this approach, the lighting system has been fully upgraded with a Rexel LED solution equipped with presence detection, while the office spaces have also been modernized, contributing to the overall improvement of the site's energy performance.

### **ARGAN, a PREMIUM portfolio totalling nearly 4 million square meters**

Ronan Le Lan, Chairman of ARGAN's Executive Board: "This reletting illustrates ARGAN's ability to sustainably support the growth of its tenant-clients and the strength of the long-term relationships we build with our key accounts. It also highlights the attractiveness of our assets in the Greater Paris region. By enabling Rexel to expand its space on a site it already occupies, ARGAN confirms its role as a committed real estate partner, attentive to the operational and environmental needs of its users."

Hugues Farjon, Rexel Real Estate Director: "This extension at the Roissy-en-Brie site is fully in line with our strategy to streamline and modernize our logistics operations. It not only enables us to support the growth of our business activities but also to improve the site's environmental performance, notably through the replacement of gas boilers with electric heat pumps and the modernization of equipment. We share with ARGAN a common ambition regarding decarbonization and the improvement of working conditions for our employees."

### **2026 financial calendar** *(Publication of the press release after closing of the stock exchange)*

- March 26: General Assembly 2026
- April 1: Net sales of 1<sup>st</sup> quarter 2026

## **About ARGAN**

**ARGAN** is the only French real estate company specializing in the DEVELOPMENT & RENTAL OF PREMIUM WAREHOUSES listed on Euronext and is the leading player of its market in France. Building on a unique customer-centric approach, **ARGAN** develops PREMIUM and pre-let AUTONOM<sup>®</sup> -labelled warehouses – i.e., which produce their own energy for self-consumption – for blue-chip companies, with tailor-made services throughout all project phases from the development milestones to the rental management. As at December 31, 2025, **ARGAN** represented a portfolio of 3.8 million sq.m, with more than 100 warehouses located in the continental area of France. Appraised at a total of €4.1 billion, this portfolio generates a yearly rental income of €214 million (yearly rental income based on the portfolio delivered as at December 31, 2025).

Profitability, well-mastered debt and sustainability are at the heart of **ARGAN**'s DNA. The financial solidity of the Group's model is notably reflected in its Investment-grade rating (BBB- with a stable outlook) with Standard & Poor's. **ARGAN** is also deploying a committed ESG policy addressing all its stakeholders. Achievements as part of this roadmap are regularly recognized by third-party agencies such as GRESB (rated: 83/100), Sustainalytics (low extra-financial risk), Ethifinance (gold medal) and Ecovadis (silver medal – top 15% amongst rated companies).

ARGAN is a listed real estate investment company (French SIIC), on Compartment A of Euronext Paris (ISIN FR0010481960 - ARG) and is included in the Euronext SBF 120, CAC All-Share, EPRA Europe and IEIF SIIC France indices.
