

## Eolus signs an agreement with Siemens Gamesa for delivery of seven wind turbines for project Stigafjellet

Hässleholm, Sweden, September 25, 2018

**Eolus has signed an agreement with Siemens Gamesa for the delivery of seven wind turbines comprising 30 MW for construction in wind farm Stigafjellet in Norway.**

The seven wind turbines of the model SWT-DD-130 has a capacity of 4.3 MW each and will be constructed in wind farm Stigafjellet, located in Bjerkreim south of Stavanger. The wind farm is covered by a sales agreement with ewz that was made public by press release in July 10, 2018. Commissioning is planned for the second half of 2020.

A five-year full-service agreement has also been signed with Siemens Gamesa.
