

Atos Named a Leader in Digital Banking in AI and Automation by Research Firm NelsonHall

Paris, May 22 2019 – Atos, a global leader in digital transformation, today announced it has been positioned as a leader in Robotic Process Automation (RPA) and Artificial Intelligence (AI) services in banking by global research firm NelsonHall.

The vendor profile highlighted Atos' strengths in the space, including its portfolio of proprietary IP and BPS (Business & Platform Services) delivery in North America acquired with Syntel, Atos' relationships with leading product vendors, particularly its Google delivery partnership, and the company's existing client base of tier-one banks.

Atos delivers RPA and AI services to a broad range of global and regional financial institutions, focused primarily on design and deployment activities.

"Atos' position as a leader in NelsonHall's RPA and AI in Banking evaluation reflects the company's strategic development of its offering by key acquisitions and partnerships, which provide strong RPA and AI capabilities in data management, transaction processing (payments and securities), and customer engagement," said [Andy Efstathiou](#), **Director of NelsonHall's Banking Operations & Transformation Research.**

"We are pleased to be recognized by NelsonHall as a leader in RPA and AI services in banking. Atos' comprehensive offering in this space is driven by our commitment to support the digital transformation of our financial customers and enable them to overcome the digital dilemmas inherent in the move to future technologies," said [Himanshu Vyas](#), **Chief Strategy Officer Global Financial Services, Atos.**
