## **Tryg 'Best Company', 'Best Investor Relations Officer' and 'Best CEO' in the annual Regi survey**

In the annual survey compiled by the Swedish consultancy, Regi, approximately 250 analysts evaluate 90 Nordic listed companies on 23 different criteria including the quality of quarterly and annual reports, investor presentations, corporate website, top management credibility and overall dialogue with the investor community.

For the third year in a row, Tryg has been ranked highest in the Nordic market, also ranking Tryg number one when it comes to exceptional investor relations in the categories: Best company, Best IRO, Gianandrea Roberti, and Best CEO, Morten Hübbe.

- "In a time where high uncertainty from COVID-19 persists throughout the globe, it is very important to have a precise and transparent communication with research analysts and investors to help forming an accurate understanding of the company. We are very pleased with the highest possible ranking in all categories", says Barbara Plucnar Jensen, CFO in Tryg.

The Regi survey has been published for 23 years and is one of the most comprehensive and authoritative surveys in the investor relations field for the Nordic markets.
