

CNH introduces agriculture's first accessible tractor

Our photo series looks at how our New Holland brand launched this world-first in Brazil.

Basildon, December 20, 2023

CNH is committed to advancing the noble work of farming and prioritizes customer-inspired innovation to ensure we deliver solutions that meet the needs of ALL hardworking growers and builders. This includes serving customers who are living with disabilities.

Our work with Brazilian farmer Fernando Dalmolin is testament to this approach. In 2022, he suffered an accident leaving him with lower limb disabilities. Our Curitiba, Brazil New Holland Agriculture plant collaborated with him to develop the TL5 'Acessível'.
