A Moonlit Harvest Feast in the Clouds

As the moon gazing journey begins on board, savor artisan Eva Aguilera's biodynamic Arbequina olive oil, harvested by hand during the full moon to ensure its purity and clean taste. Considered one of the finest in the world, only 650 litres are crafted annually in Catalunya. Luxuriously smooth and bursting with character, this olive oil is a tribute to nature and tradition and only served in the top restaurants of the world.

Founder of Aguilera Extra Virgen, Eva Aguilera Guillen said: *"It is our tradition to harvest during the full moon because we believe and respect the power of beautiful nature. We harvest and select by hand with friends and family so that is the love you taste in the oil. Every harvest is done with joy and we are very grateful that VistaJet may pass on our passion and tradition from the land to the sky during Mid-Autumn Festival."*

The Arbequina olive oil is available on flights departing from selected Asian cities. Members can savour this specially curated olive oil together with VistaJet's meticulously prepared private dining meals.
