Banqup and Post Business Solutions partner to revolutionize digital financial workflows for Austrian businesses

LA HULPE, BELGIUM – 21 September 2026, 7:00 a.m. CEST – Banqup Group SA (Euronext: BANQ) (Banqup, Company), a European fintech provider that simplifies financial flows through an innovative secured platform for e-invoicing, e-payment, e-reporting and e-trust solutions with built-in compliance at its core, announces a new meaningful collaboration with Post Business Solutions, an Austrian based leader in innovative digital and physical business process solutions. The new partnership marks a significant milestone in both organizations' commitment to driving digital transformation and operational excellence, tailored specifically for the Austrian market.

As the regulatory landscape for e-invoicing all over Europe is rapidly evolving, increasingly shifting toward standardized digital reporting and e-invoicing, the need for integrated, secure, and user-friendly financial operating systems has never been greater. The new collaboration integrates Banqup's robust cloud-native and API-based infrastructure with Post Business Solutions' new product **E-Rechnung Austria** to provide a seamless one-stop-shop experience for businesses across Austria, including Austrian SMEs, tax consultants, and large enterprises. Learn more about Post Business Solutions' upcoming e-invoice service on e-rechnung.at.

Key objectives of the collaboration

- **Localized compliance for Austria**: Ensuring all financial workflows fully comply with Austrian tax regulations and e-invoicing requirements.
- **Accelerated payment cycles**: Enabling faster payment cycles by seamlessly connecting invoicing and payment processes to improve cash flow and liquidity management.
- **End-to-end process transparency**: Providing greater visibility and control across invoicing and payment processes.
- **Operational efficiency**: Increasing productivity through scalable document and data workflows and reducing administrative effort through intelligent automation.

"As a trusted partner for Austrian businesses, it is our responsibility to make regulatory change practical and manageable, and a clear opportunity for further digitalisation" said **George Wallner, Managing Director of Post Business Solutions**. "Together with Banqup, we are delivering a solution that is tailored to the Austrian market while meeting European requirements for digital invoicing and payment automation."

"The future of Austrian business operations relies on efficient, fully integrated, and compliant workflows," said **Jan Druppel, Head of Documents at Banqup Group**. "By uniting our technological expertise with Post Business Solutions' proven strength in digital transformation, we are creating a powerful growth engine. This enables Austrian entrepreneurs to effortlessly manage their entire financial supply chain—from initial invoicing to final settlement—all within a single secure platform."

The collaboration focuses primarily on scaling digital adoption and payment automation within the Austrian business community. Both teams are committed to fostering a ‘one-team’ culture to ensure the long-term success and scalability of this initiative.

About Banqup Group

Banqup Group (Euronext Brussels: BANQ) architects the trust infrastructure needed to thrive in a digital-first economy. As a specialized European fintech provider and licensed payment institution, Banqup revolutionizes buying and selling for businesses and governments worldwide by digitalising financial supply chain processes within a secure, tax-compliant business network.

Moving beyond traditional software, Banqup operates a unified, open network platform that links business actors, accounting networks, banks, ERP systems, and tax authorities. Built around four interconnected pillars—e-invoicing, e-payments, e-reporting, and e-trust—Banqup enables digitisation of end-to-end order-to-cash and procure-to-pay workflows in full compliance with different regulatory frameworks.

Headquartered in Belgium with a history of pioneering digital transformation since 2001, Banqup is powering growth through effortless financial flows.
