Coffee, tea and cake will be served outside the auditorium before the General Meeting **from 3:00 pm to 3:30 pm**.

The General Meeting will be opened by the Chairman of the Board of Directors and will be presided over by a chairman appointed by the Board of Directors. The General Meeting will also be webcast to the shareholders on the website www.coloplast.com.

Agenda

1. To receive the report of the Board of Directors on the activities of the company during the past financial year.
2. To present and approve the audited annual report.
3. To pass a resolution on the distribution of profit in accordance with the approved annual report.
4. To consider proposals from the Board of Directors:
 - 4.1 Amendment to the company's Articles of Association.

Article 5 is amended to read as follows and is changed to Article 5(a):

The Company's share capital may be increased in one or more issues of B shares by a total nominal amount of up to DKK 15 million as directed by the Board of Directors with respect to time and terms, cf. Article 5(a)(6) below. New shares issued under this authorisation are offered with pre-emption rights to the existing shareholders against payment in cash or otherwise.

The above authorisation conferred on the Board of Directors shall be valid up to and including the annual general meeting to be held in 2023.

New shares issued under the authorisation conferred on the Board of Directors by this Article shall be negotiable instruments issued in the name of the holder and shall always be registered by name in the register of shareholders. The new shares shall be subject to the same rules with respect to transferability, redeemability, pre-emption rights and voting rights as those applicable to the Company's other shares as provided in Articles 3, 4 and 9 hereof.

The new shares are eligible for dividends and other rights in the Company from the time and date determined by the Board of Directors, always provided that such rights shall take effect not later than 12 months after the date of registration of the capital increase with the Danish Business Authority.

The Board of Directors is authorised to make any such amendments to the Articles of Association as may be necessitated by the capital increase under this Article.

The authorisations in Articles 5(a) and 5(b) combined cannot be utilised for issues of B shares of a nominal amount of more than DKK 15 million.

Furthermore, the insertion of a new Article 5(b) is proposed, such article to read as follows:

The Company's share capital may be increased in one or more issues of B shares by a total nominal amount of up to DKK 15 million as directed by the Board of Directors with respect to time and terms, cf. Article 5(a)(6) above. New shares issued under this authorisation are offered without pre-emption rights to the existing shareholders at the market price and not below par against payment in cash or otherwise, including as consideration in full or in part for the Company's acquisition of existing activities or other assets.

The above authorisation conferred on the Board of Directors shall be valid up to and including the annual general meeting to be held in 2023.

New shares issued under the authorisation conferred on the Board of Directors by this Article shall be negotiable instruments issued in the name of the holder and shall always be registered by name in the register of shareholders. The new shares shall be subject to the same rules with respect to transferability, redeemability, pre-emption rights and voting rights as those applicable to the Company's other shares as provided in Articles 3, 4 and 9 hereof.

The new shares are eligible for dividends and other rights in the Company from the time and date determined by the Board of Directors, always provided that such rights shall take effect not later than 12 months after the date of registration of the capital increase with the Danish Business Authority.

The Board of Directors is authorised to make any such amendments to the Articles of Association as may be necessitated by the capital increase under this Article.

The amendment is proposed on the basis of section 155(4) of the Danish Companies Act, which requires shareholders in general meeting to adopt two separate authorisations, each of which to be inserted in the company's articles of association, when authorising the board of directors to effect a capital increase both with and without pre-emption rights to existing shareholders. Accordingly, there will be no substantive amendment to Article 5 of the Articles of Association, as the article is merely divided into two separate provisions. At the same time, a new five-year period of validity of the authorisations is adopted.

- 4.2 Grant of authority to the company's Board of Directors to allow the company to acquire treasury shares representing up to 10% of the company's share capital pursuant to the provisions of section 198 of the Danish Companies Act.

The highest and lowest amount to be paid for the shares is the price applicable at the time of purchase +/-10%.
