

Dr Jörg Duschmalé

Personal Data

Nationality: Swiss

Year of birth: 1984

Studies

Bachelor of Science in Chemistry at the University of Basel, Switzerland

Master of Science in Chemistry at the University of Basel, Switzerland

PhD thesis with Prof. Helma Wennemers, University of Basel, and ETH Zürich, Switzerland

Thesis title: „Peptide Catalyzed Conjugate Addition Reactions of Aldehydes to Nitroolefins – Mechanistic Investigations and Challenging Substrates“

Professional Career

2014 – 2015

Project based work for business association Swisscleantech (www.swisscleantech.ch), Zürich, Switzerland

2015 – 2018

Roche Postdoctoral Researcher in oligonucleotide chemistry, F. Hoffmann-La Roche, Basel, Switzerland (with Dr. K. Bleicher, Roche, Basel and Prof. Dr. J. Wengel, University of Southern Denmark, Odense, Denmark)
