Sebastian Koks Andreassen resigns as CEO of Green Hydrogen Systems

Kolding, Denmark, 28 August 2023 – Today, Green Hydrogen Systems has received the resignation from Sebastian Koks Andreassen, Chief Executive Officer (CEO) of the company.

The resignation follows Sebastian Koks Andreassen's decision to take on a new position with Copenhagen Infrastructure Partners. Sebastian Koks Andreassen continues as CEO until a successor is found, ensuring a smooth transition. The process to find a new CEO for Green Hydrogen Systems A/S, will be initiated immediately.

Green Hydrogen Systems in brief

Green Hydrogen Systems is a clean technology company and a leading provider of standardised and modular electrolysers for the production of green hydrogen solely based on renewable energy. With its wide range of possible applications, green hydrogen plays a key role in the ongoing fundamental shift in our energy systems towards a net-zero emission society in 2050. As a result, the demand for green hydrogen is surging, requiring a significant scale-up of electrolysis capacity. Founded in 2007 and building on more than 10 years of technology development, Green Hydrogen Systems today have a commercially proven and cost-competitive electrolysis technology endorsed by leading green energy companies.
