Stéphane Bouinah, Chief Executive Officer and Chairman of the Managing Board of Euronext, said:

"Euronext reported a solid performance in the second quarter of 2021 with an EBITDA margin of 58.7% and 26.8% growth in adjusted EPS. This growth results from robust organic performance with record listing activity in equities and ETFs, our fast-growing post-trade business in the Nordics and from the consolidation of the Borsa Italiana Group since 29 April 2021. During the second quarter of 2021, Euronext markets welcomed 62 new equity listings, confirming our position as the leading listing venue in Europe for growth financing. Borsa Italiana revenue growth was mainly driven by the remarkable performance of MTS fixed income activity.

During this second quarter of 2021, we achieved the targeted synergies for VP Securities, only 11 months after closing. With this new milestone, we have completed, well ahead of schedule, the integration plan for our recent Nordic acquisitions.

Since the closing of the acquisition of the Borsa Italiana Group, teams across the core Euronext businesses and the Borsa Italiana Group are working together with enthusiasm to build the leading pan-European market infrastructure.

We are actively preparing the announcement of the new Euronext strategic plan, including 2024 Group guidances, which we will release in November 2021."
