If you do not find these instructions, please contact your bank or trustee. Please note that banks and other nominees may set different time limits for the last day for subscription, hence it is recommended to contact the account-holding bank/nominee early in the exercise period. Subscribed and payed for shares may be entered as "interim shares" or "IA" into your securities custody account until registration of the issue is completed with the Swedish Companies Registration Office, whereby interim shares will automatically be converted to ordinary shares in Saniona.

If your warrants are directly registered

No VP-account statement will be sent out. Subscription of new shares, by exercise of warrants, shall be made by sending a completed subscription form to Sedermera Fondkommission. In conjunction with sending the completed subscription form, payment must be made to Sedermera Fondkommission in accordance to the payment details stated on the subscription form.
