The variable component shall be restricted to four months' salary. It shall also be possible for senior executives to receive an additional month's salary on condition that this additional payment plus another month's salary paid as a variable bonus are used to purchase NIBE shares. A further condition for entitlement to receive this additional month's remuneration is that the shares thus purchased are retained for at least three years. Under normal circumstances, NIBE shares acquired in this way shall be purchased on one occasion each year in February/March and the purchase shall be subject to the relevant market abuse regulations. No incentive program is offered to the CEO. The Board may depart from these guidelines if there are specific reasons for doing so in an individual case.
