Re 8a) Proposal to authorize the Board of Directors to increase the share capital

The Board of Directors proposes that the Board of Directors in a new Article 5a, subsections 1-3 of the Articles of Association, during the period until 30 June 2024 is authorized to increase the share capital of the Company in one or more issues by a total of up to nominally DKK 77,782,210, corresponding to 10 % of the Company's share capital. The proposal entails amending Article 5a of the Articles of Association as follows:

"Subsection 1

For the period ending on 30 June 2024, the Board of Directors is authorized to increase the Company's share capital in one or more issues with a total of up to nominally DKK 77,782,210 (7,778,221 shares of DKK 10 each) by the subscription of new shares. The existing shareholders shall have pre-emption rights to subscribe for the amount by which the share capital is increased, proportional to their shareholdings. The share capital shall be increased by cash payment at a subscription price which may be lower than the value of the shares.

The terms and conditions of the subscription for shares shall be determined by the Board of Directors.

The new shares shall be negotiable instruments, shall be registered in the names of the holders and shall be entered in the Company's register of shareholders. No restrictions shall apply to the transferability of the new shares, and no shareholder shall be obliged to have his shares redeemed - in whole or in part. The shares shall carry the right to dividend as from the date fixed by the Board of Directors, but not later than the first financial year following the capital increase.

Subsection 2

For the period ending on 30 June 2024, the Board of Directors is authorized to increase the Company's share capital in one or more issues with a total of up to nominally DKK 77,782,210 (7,778,221 shares of DKK 10 each) by the subscription of new shares. The existing shareholders shall not have pre-emption rights to subscribe for the amount by which the share capital is increased.

The share capital may be increased by cash payment or in other ways, such as by conversion of debts or in payment of a contribution in kind. The share capital shall in any event be increased at a subscription price, which is not lower than market value.

The terms and conditions of the subscription for shares shall be determined by the Board of Directors.

The new shares shall be negotiable instruments, shall be registered in the names of the holders and shall be entered in the Company's register of shareholders. No restrictions shall apply to the transferability of the new shares, and no shareholder shall be obliged to have his shares redeemed - in whole or in part. The shares shall carry the right to dividend as from the date fixed by the Board of Directors, but not later than the first financial year following the capital increase.

Subsection 3

When exercising the authorizations given in Articles 5a(1) and 5a(2) the Board of Directors is in total authorized to increase the share capital of the Company with a total of up to nominally DKK 77,782,210 (7,778,221 shares of DKK 10 each)."

Re 8b) Proposal to authorize the Board of Directors to obtain loans against issuance of convertible notes which give the right to subscribe for new shares in the Company

The Board of Directors proposes that the Board of Directors in a new Article 5a, subsection 4 of the Articles of Association during the period until 30 June 2024 is authorized to obtain loans against issuance of convertible notes which give the right to subscribe for new shares in the Company and so that the Board of Directors is authorized to increase the share capital of the Company by up to nominally DKK 77,782,210, corresponding to 10 % of the Company's share capital.

The proposal entails adding a new subsection 4 to Article 5a of the Articles of Association as follows:

"Subsection 4

For the period ending on 30 June 2024, the Board of Directors is authorized to obtain loans in the Company by issue of convertible notes that give the right to subscribe for new shares in the Company by a maximum nominal value of up to DKK 77,782,210. The Company's existing shareholders shall not have pre-emption rights to grant loans. The loans shall be paid in cash. The terms and conditions for the loans and the convertible notes shall be determined by the Board of Directors.

As a consequence of the conversion of the convertible notes, the Board of Directors is authorized for the period ending 30 June 2024 to increase the Company's share capital by a nominal value of up to DKK 77,782,210 (7,778,221 shares of DKK 10 each) in one or more portions by resolution of the Board of Directors by conversion of the convertible notes and on such other terms as the Board of Directors may determine. The Company's existing shareholders shall not have pre-emption right to subscribe for shares issued by conversion of the convertible notes.

The new shares issued based on convertible notes shall have the same rights as existing shares according to the Articles of Association. The new shares shall be negotiable instruments, shall be registered in the names of the holders and shall be entered in the Company's register of shareholders. No restrictions shall apply to the transferability of the new shares, and no shareholder shall be obliged to have his shares redeemed - in whole or in part. The new shares shall carry the right to dividend from the time of conversion of the issued convertible notes, i.e. from the time of subscription."

The Board of Directors also proposes that Article 5a subsection 3 is amended as follows:

"Subsection 3

When exercising the authorizations given in Articles 5a(1), 5a(2), and 5a(4) the Board of Directors is in total authorized to increase the share capital of the Company with a total of up to nominally 77,782,210 (7,778,221 shares of DKK 10 each)."

Re 8c) Proposal to authorize the Board of Directors to issue warrants

The Board of Directors proposes to authorize the Board of Directors in a new Article 5b of the Articles of Association, so that the Board of Directors until 31 December 2024 is authorized to issue warrants, which entitle the holders to subscribe for shares in the Company at a nominal value of up to DKK 20,000,000. The authorization is proposed increased to nominally 20,000,000 (compared to nominally DKK 14,000,000 last year) due to the fast-growing size of the organization, including as a result of the recent acquisition of travel vaccines from Emergent BioSolutions as announced on February 15, 2023. The Board of Directors also proposes to authorize the Board of Directors to reuse or reissue any lapsed and unexercised warrants under the terms and within the time limitations set out in this authorization. The proposal entails authorizing the Board of Directors to increase the share capital of the Company as a consequence of the issuance of warrants until 1 April 2028. Consequently, adding a new Article 5b to the Articles of Association as follows:

"During the period ending 31 December 2024, the Company may issue warrants, in one or more portions by resolution of the Board of Directors. The warrants may be issued to the management and employees of the Company or its subsidiaries for the subscription of a nominal value of up to DKK 20,000,000 (2,000,000 shares of DKK 10 each), however, the number of shares may be higher or lower due to subsequent adjustments of the warrants in accordance with the adjustment clauses determined by the Board of Directors when the warrants

are issued. The warrants can be exercised by cash contribution at a subscription price and on such other terms as the Board of Directors may determine. Any issuance of warrants to the management shall be made in accordance with the Company's Remuneration Policy. Warrants may not be granted to members of the Company's Board of Directors (except for employee representatives (if such may have been elected) who receive warrants in their capacity as employees of the Company or of the Company's subsidiaries).

Holders of warrants shall have pre-emption right to subscribe for the shares issued based on the warrants, meaning that the pre-emption rights to subscribe to warrants and new shares for existing shareholders are deviated from.

As a consequence of the exercise of awarded warrants, the Board of Directors is authorized during the period until 1 April 2028 to increase the share capital by a nominal value of up to DKK 20,000,000 (2,000,000 shares of DKK 10 each) in one or more portions by resolution of the Board of Directors by cash contribution at a subscription price and on such other terms as the Board of Directors may determine without pre-emption right for the existing shareholders, however, the number of shares by which the share capital may be increased may be higher or lower if the number of warrants is increased in accordance with the adjustment clauses determined by the Board of Directors when the warrants are issued.

The new shares issued based on warrants shall have the same rights as existing shares according to the Articles of Association. The new shares shall be negotiable instruments, shall be registered in the names of the holders and shall be entered in the Company's register of shareholders. No restrictions shall apply to the transferability of the new shares and no shareholder shall be obliged to have his shares redeemed - in whole or in part. The new shares shall carry the right to dividend from the time of subscription.

Subject to the rules in force at any time, the Board of Directors may reuse or reissue lapsed and unexercised warrants if any, provided that the reuse or reissue occurs under the terms and within the time limitations set out in this authorization. Reuse is to be construed as the Board of Directors' entitlement to let another party enter into an existing agreement on warrants. Reissue is to be construed as the Board of Directors' option to reissue new warrants, under the same authorization, if previously issued warrants have lapsed."

Re 8d) Proposal to amend the Remuneration Policy

The Board proposes that the Remuneration Policy is amended as follows:

In section 2.1 it is proposed that the remuneration for the Chair is increased from two and a half (2.5) to three (3.0) times, and the remuneration for the Deputy Chair from one and a half (1.5) to one point eight (1.8) times the annual base fee of the ordinary members of the Board of Directors.

In section 2.2.2 it is proposed to increase the maximum amount of cash bonus that members of the Executive Management may be granted from a maximum of six month's current base wage to a maximum of twelve months' current base wage.

In section 2.2.3, including subsections, it is proposed that the Board of Directors may grant the Executive Management a mix of warrants and restricted stock units provided that the total combined value of such grant does not, at the time of the grant, exceed a value equal to such person's current fixed annual base wage, and further provided that the value of such granted restricted stock units cannot make up more than a value of 50% of that person's current fixed annual base wage. All such grants are subject to prior fulfilment of certain Key Performance Indicators ("KPI's") as determined by the Board of Directors. The existing cap for warrants will be expanded to apply to the total combined value of the shares that can be subscribed by exercise of the warrants and the value of any restricted stock units.

The Remuneration Policy with all of the changes proposed above can be downloaded from www.bavarian-nordic.com/agm.

Re 8e) Proposal to approve remuneration of the Board of Directors and the Board Committees for the current financial year

The Board of Directors proposes to maintain the level of the annual base fee to the ordinary members of the Board of Directors and to increase the level of remuneration to the Chair and the Deputy Chair for the financial year 2023; (i) the annual base fee to members of the Board of Directors will be DKK 300,000; (ii) the remuneration

to the Chair will be three times the annual base fee (DKK 900,000); and (iii) the remuneration to the Deputy Chair will be one point eight times the annual base fee (DKK 540,000).

In addition to the base fee to the Board of Directors, the Board proposes that the Board as part of the remuneration receives Restricted Stock Units equal to 50% of the annual base fee of DKK 300,000 (for the Chair, however, equivalent to 50% of three times the annual base fee and for the Deputy Chair equivalent to 50% of one point eight times the base annual fee) in accordance with the Company's remuneration policy.

The Board of Directors proposes that the members of the three board committees will receive an additional annual committee fee of DKK 120,000 per committee. The remuneration to the Chair of the board committees will, however, be two times the annual committee fee, thus DKK 240,000. The Board of Directors has established a Finance, Risk and Audit Committee, a Nomination and Compensation Committee and a Science, Technology and Investment Committee.

Further, the Board of Directors proposes that each member of the Board of Directors receives (i) an attendance fee of DKK 5,000 for each board and/or committee meeting he/she attends to, which in no event can exceed DKK 5,000 per day or (ii) for members of the Board of Directors, who travel overseas in order to participate, a fee of USD 5,000. Furthermore, the Company pays the travelling expenses incurred by the board members in connection with board- and/or committee meetings, and any social costs associated with the remuneration of the Board of Directors and the board committees (e.g. mandatory contributions to social security in other countries).

Re 8f) Proposal to authorize the Board of Directors to purchase own shares on behalf of the Company

The Board of Directors proposes that the Board of Directors is authorized on behalf of the Company to acquire own shares in the Company.

It is therefore proposed that the following authorization is granted to the Company's Board of Directors pursuant to Article 198 of the Danish Companies Act:

"The General Meeting hereby authorizes the Board of Directors to acquire own shares on behalf of the Company in accordance with Article 198 of the Danish Companies Act. The Company may only acquire own shares for a total nominal value of up to 10 % of the Company's share capital for the time being. The remuneration paid in connection with the acquisition of own shares may not deviate by more than 10% from the price of the Company's shares on Nasdaq Copenhagen at the time of acquisition. This authorization is granted to the Company's Board of Directors for the period until 31 December 2024."

Re 8g) Proposal to amend Article 19 of the Articles of Association regarding binding signatures

According to Article 19 of the Articles of Association, the Company shall be bound in legal transactions by the joint signatures of the Chair of the Board of Directors and that of either a member of the Board of Management or any two members of the Board of Directors, or by the joint signatures of any two members of the Board of Directors and any member of the Board of Management. It is proposed to add that the joint signatures of any two members of the Board of Management (currently consisting of the CEO and CFO) also can bind the Company.

The proposal entails amending Article 19 of the Articles of Association to the following:

"The Company shall be bound in legal transactions by the joint signatures of the Chair of the Board of Directors and that of either a member of the Board of Management or any two members of the Board of Directors, or by the joint signatures of any two members of the Board of Directors and any member of the Board of Management or by joint signatures of any two members of the Board of Management."
