Update on the merger approval process for the combination of Novozymes and Chr. Hansen: South Korean merger approval granted

December 20, 2023

On December 12, 2023, Novozymes A/S ("Novozymes") and Chr. Hansen Holding A/S ("Chr. Hansen") announced that the European Commission approved the combination of Novozymes and Chr. Hansen (the "Combination"), conditional upon the divestment of a part of the combined future company's global lactase enzyme business to Kerry Group plc.

Today, the Korea Fair Trade Commission ("KFTC") has unconditionally approved the Combination. The approval by the KFTC was a condition to completion of the Combination.

The parties expect the Combination to be completed during the first quarter of 2024.

What now remains for the completion of the Combination is the European Commission's approval of Kerry Group plc as a buyer in accordance with the decision of the European Commission and the satisfaction of certain other customary conditions set out in the merger plan, the most relevant being the merger consideration shares having been approved for admission to trading and official listing by Nasdaq Copenhagen. These other customary conditions fit well into the above anticipated timeline for completion of the Combination.

Further details on the expected timing for the completion of the Combination will be published as relevant.

Additional information for US holders

NEITHER THE US SECURITIES AND EXCHANGE COMMISSION NOR ANY US STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY HAS APPROVED OR DISAPPROVED OF THE SECURITIES TO BE ISSUED IN CONNECTION WITH THE COMBINATION OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE EXEMPTION DOCUMENT OR ANY OTHER DOCUMENTS REGARDING THE COMBINATION. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE UNDER US LAW.

This announcement relates to the proposed combination of two Danish public companies. This announcement, the exemption document and other documents relating to the proposed combination would be prepared in accordance with European and Danish law and European and Danish disclosure requirements, format and style, all of which differ from those in the United States. The proposed combination referred to herein and the information to be distributed in

connection therewith, including the proposed combination and related shareholder vote and any related corporate transactions, are subject to disclosure, timing and procedural requirements and practices applicable in Europe and Denmark, which differ from the disclosure requirements of the United States.

The securities referred to herein and to be issued pursuant to the proposed combination have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "Securities Act") or under any laws or with any securities regulatory authority of any state, district or other jurisdiction of the United States, and unless so registered may not be offered, pledged, sold, delivered or otherwise transferred (directly or indirectly), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with any applicable state and other securities laws. There will not be any public offer of any securities in the United States. The information contained herein does not constitute an offer to sell or solicitation of an offer to buy any securities in the United States. Further details of which US holders are eligible to receive the securities referred to herein, and the procedural steps required to be taken by such persons to so receive such securities, as well as the procedures for those US holders who do not so qualify to receive such securities (if any), are set forth in the exemption document.

Neither the U.S. Securities and Exchange Commission (SEC) nor any US state securities commission or regulatory authority has approved or disapproved of the securities referred to herein to be issued in connection with the proposed combination or any related corporate transaction, or determined if the information contained herein or in the exemption document is accurate or complete. It may be difficult for US holders to enforce their rights and claims arising out of the US federal securities laws, since Novozymes and Chr. Hansen are incorporated under the laws of Denmark and the majority or all of their respective officers and directors are residents of non-US jurisdictions. Judgments of US courts are generally not enforceable in Denmark. US holders may not be able to sue a non-US company or its officers or directors in a non-US court for violations of US securities laws. Further, it may be difficult to compel a non-US company and its affiliates to subject themselves to a US court's judgment. In addition, original actions, or actions for the enforcement of judgments of US courts, based on the civil liability provisions of the US federal securities laws, may not be enforceable in Denmark. Each shareholder is advised to read the exemption document and is urged to consult his or her independent professional adviser regarding the tax consequences of the combination.
