

## Subsea 7 awarded project offshore US Gulf of Mexico

**Luxembourg – 26 January 2022** - Subsea 7 S.A. (Oslo Børs: SUBC, ADR: SUBCY) today announced the award of a substantial<sup>1</sup> project for subsea installation services related to Beacon Offshore Energy LLC’s Shenandoah Development, located offshore Gulf of Mexico in water depths up to 6,300 feet.

The project covers the tie-back of four subsea wells to the Shenandoah host facility through a subsea manifold with dual flowlines and risers. The work scope includes engineering, procurement, construction, installation (“EPIC”) and commissioning of the subsea equipment including structures, umbilicals, and production and gas export flowlines. Subsea 7’s scope also includes the wet tow and hook-up of the semi-submersible FPS to the field and mooring system installation.

Project management and engineering will commence immediately at Subsea 7’s offices in Houston, Texas. Fabrication of the flowlines and risers will take place at Subsea 7’s spoolbase in Ingleside, Texas, with offshore operations scheduled for 2024.

Craig Broussard, Vice President for Subsea 7 US, said, “We are pleased to have been selected as a partner for the delivery of the Shenandoah development. This project allows Subsea 7 to demonstrate the full capacity of our offering, including our extensive involvement in mooring and installation of host facilities, EPIC activities related to the flowline system, and utilizing our industry leading experience and welding capabilities to support the development of high-pressure fields. We look forward to building on the collaborative approach demonstrated by the Shenandoah project to form a long-term cooperative relationship in support of Beacon Offshore Energy’s future growth plans.”

<sup>1</sup> Subsea 7 defines a substantial project as being between USD 150 million and USD 300 million.

**Forward-Looking Statements:** This announcement may contain ‘forward-looking statements’ (within the meaning of the safe harbour provisions of the U.S. Private Securities Litigation Reform Act of 1995). These statements relate to our current expectations, beliefs, intentions, assumptions or strategies regarding the future and are subject to known and unknown risks that could cause actual results, performance or events to differ materially from those expressed or implied in these statements. Forward-looking statements may be identified by the use of words such as ‘anticipate’, ‘believe’, ‘estimate’, ‘expect’, ‘future’, ‘goal’, ‘intend’, ‘likely’, ‘may’, ‘plan’, ‘project’, ‘seek’, ‘should’, ‘strategy’, ‘will’, and similar expressions. The principal risks which could affect future operations of the Group are described in the ‘Risk Management’ section of the Group’s Annual Report and Consolidated Financial Statements for the year ended 31 December 2020. Factors that may cause actual and future results and trends to differ materially from our forward-looking statements include (but are not limited to): (i) our ability to deliver fixed price projects in accordance with client expectations and within the parameters of our bids, and to avoid cost overruns; (ii) our ability to collect receivables, negotiate variation orders and collect the related revenue; (iii) our ability to recover costs on significant projects; (iv) capital expenditure by oil and gas companies, which is affected by fluctuations in the price of, and demand for, crude oil and natural gas; (v) unanticipated delays or cancellation of projects included in our backlog; (vi) competition and price fluctuations in the markets and businesses in which we operate; (vii) the loss of, or deterioration in our relationship with, any significant clients; (viii) the outcome of legal proceedings or governmental inquiries; (ix) uncertainties inherent in operating internationally, including economic, political and social instability, boycotts or embargoes, labour unrest, changes in foreign governmental regulations, corruption and currency fluctuations; (x) the effects of a pandemic or epidemic or a natural disaster; (xi) liability to third parties for the failure of our joint venture partners to fulfil their obligations; (xii) changes in, or our failure to comply with, applicable laws and regulations (including regulatory measures addressing climate change); (xiii) operating hazards, including spills,

environmental damage, personal or property damage and business interruptions caused by adverse weather; (xiv) equipment or mechanical failures, which could increase costs, impair revenue and result in penalties for failure to meet project completion requirements; (xv) the timely delivery of vessels on order and the timely completion of ship conversion programmes; (xvi) our ability to keep pace with technological changes and the impact of potential information technology, cyber security or data security breaches; and (xvii) the effectiveness of our disclosure controls and procedures and internal control over financial reporting;. Many of these factors are beyond our ability to control or predict. Given these uncertainties, you should not place undue reliance on the forward-looking statements. Each forward-looking statement speaks only as of the date of this announcement. We undertake no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
