

### **Statement Regarding Media Report Concerning Fábrica de Municiones de Granada and NSPA**

CSG confirms that it has conducted a comprehensive legal audit of the dealings of Fábrica de Municiones de Granada (FMG) with the NATO Support and Procurement Agency (NSPA) over the past several years. The review found no evidence of irregularities or unlawful conduct in relation to NSPA or any other state agency.

FMG has been actively communicating and cooperating with NSPA in order to clarify the current situation and has shared the results of its internal audit with the agency.

Based on these results and to the best of the company's knowledge, FMG believes it has not engaged in any wrongdoing or non-compliant activity. The company continues to monitor the situation closely and, through its legal counsel, is preserving all available legal options to protect its rights and legitimate interests.

Given the current market environment and the fact that NSPA represents one of many FMG customers, the situation has had no material impact, nor is expected to have any material impact, on the financial position or business prospects of FMG and/or the CSG Group. FMG can still sell directly to NATO member states.

FMG and the CSG Group remain fully committed to the highest standards of compliance and transparency and will provide further updates if and when new information becomes available.
