## **Forward-looking statements**

This communication contains information that qualifies as inside information within the meaning of Article 7(1) of the EU Market Abuse Regulation.

### ***Forward Looking Statements***

Some statements in this press release may be considered "forward-looking statements". By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that may occur in the future. These forward-looking statements involve known and unknown risks, uncertainties and other factors that are outside of our control and impossible to predict and may cause actual results to differ materially from any future results expressed or implied. These forward-looking statements are based on current expectations, estimates, forecasts, analyses and projections about the industry in which we operate and management's beliefs and assumptions about possible future events. You are cautioned not to put undue reliance on these forward-looking statements, which only express views as at the date of this press release and are neither predictions nor guarantees of possible future events or circumstances.

We do not undertake any obligation to release publicly any revisions to these forward-looking statements to reflect events or circumstances after the date of this press release or to reflect the occurrence of unanticipated events, except as may be required under applicable securities law.

### ***Alternative performance measures***

The financial information in this release includes non-IFRS financial measures and ratios (e.g. non-IFRS metrics, such as adjusted EBITDA) that are not recognized as measures of financial performance or liquidity under IFRS. The non-IFRS financial measures presented are measures used by management to monitor the underlying performance of the business and operations and, have therefore not been audited or reviewed. Furthermore, they may not be indicative of the historical operating results, nor are they meant to be predictive of future results. These non-IFRS measures are presented because they are considered important supplementary measurements of FL Entertainment N.V.'s (the "Company") performance, and we believe that these and similar measures are widely used in the industry in which the Company operates as a way to evaluate a company's operating performance and liquidity. Not all companies calculate non-IFRS financial measures in the same manner or on a consistent basis. As a result, these measures and ratios may not be comparable to measures used by other companies under the same or similar names.
