

Novozymes completes acquisition of Microbiome Labs

Novozymes A/S has completed the acquisition of Microbiome Labs following the fulfillment of all closing conditions. The acquisition was initially announced on December 18, 2020, in company announcement number 65/2020. Microbiome Labs will now be integrated into Novozymes' human health activities as part of the OneHealth platform and sales will be reported in the Food, Beverages & Human Health segment.

About Novozymes OneHealth

Novozymes has established the OneHealth platform to focus on human health applications within oral and gut health. The ambition for OneHealth is to leverage Novozymes' strong scientific capabilities and ability to combine probiotics with enzymes to develop innovative, effective, and clinically-proven solutions that improve human health and well-being. Please refer to www.novozymesonehealth.com for more information.

About Microbiome Labs

Microbiome Labs was founded in 2012, employs 80 people, and is based in Glenview, Illinois. The company has an attractive position in the North American probiotics market with a comprehensive suite of proprietary probiotic and microbiome solutions targeting gastrointestinal, immune, metabolic, and cognitive health. Please refer to www.microbiomelabs.com for more information.

About Novozymes

Novozymes is the world leader in biological solutions. Together with customers, partners and the global community, we improve industrial performance while preserving the planet's resources and helping to build better lives. As the world's largest provider of enzyme and microbial technologies, our bioinnovation enables higher agricultural yields, low-temperature washing, energy-efficient production, renewable fuel and many other benefits that we rely on today and in the future. We call it Rethink Tomorrow. www.novozymes.com
