## PRESSRELEASE

### **Arcoma wins important procurement in Finland.**

**Arcoma AB has won important procurement of up to 6 Arcoma Precision i5 systems to “HUS Medical Imaging Center” in Finland. Three of the systems will be installed in 2022 and the contract has an option for three more systems for installation in 2023. The total order value is up to approximately SEK 7.5 million, depending on options.**

The procurement was won by Lifemed Medical Systems, which is Arcoma's distributor and partner in Finland, and the end customer is the “HUS Medical Imaging Center”, which is part of Helsinki University Hospital.

"We are very pleased for this opportunity to supply these systems to HUS, together with our long-term partner Arcoma. Ergonomics, patient safety and good image quality were they key factors in this tender and Precision i5 is a perfect solution to address these needs”, says Mikko Isoviita, Sales Manager Lifemed Medical Systems.

"It is great that we through Lifemed have won this procurement, it is an important customer and very good reference hospitals for Arcoma", says Tarik Cengiz, Business Director & Key Account Manager at Arcoma AB.

#### **About Lifemed**

Lifemed Medical Systems is a Finnish family-owned company that offers high-quality medical imaging systems and a wide range of other healthcare equipment and accessories. They have over 30 years of experience in the field and their clients include both public and private care providers and educational institutions throughout Finland.
