

Roblon downgrades profit guidance for the 2022/23 financial year

For the first half of the 2022/23 financial year, Roblon reported revenue of DKKm 171.7 (DKKm 178.1), an operating profit before depreciation, amortisation and impairment and special items (EBITDA) of DKKm 6.3 (DKKm 12.6) and an operating loss before special items (EBIT) of DKKm 7.5 (a loss of DKKm 0.5).

Based on the reported revenue, EBITDA and EBIT for the first half of the 2022/23 financial year and in view of the major uncertainties that continue to exist, Management downgrades its full-year guidance for 2022/23 as follows:

- Revenue in the DKKm 400-430 range, against the previously guided range of DKKm 430-470 (2021/22: DKKm 380.9).
- Operating profit before depreciation, amortisation and impairment and special items (EBITDA) in the DKKm 35-50 range, against the previously guided DKKm 40-55 (2021/22: DKKm 23.4).
- Operating profit before special items (EBIT) in the range of DKKm 5-20, against the previously guided DKKm 10-25 (2021/22: an operating loss of DKKm 3.8).

The interim report for Q2 2022/23 will be released as scheduled on 21 June 2023.

Frederikshavn, 9 June 2023
