###

About ContextVision

ContextVision is a medical technology software company that specializes in image analysis and artificial intelligence. As the global market leader within image enhancement, ContextVision is a software partner to leading medical imaging manufacturers around the world. Its cutting-edge technology helps doctors accurately interpret medical images, a crucial foundation for better diagnosis and treatment.

As an industry pioneer for more than 30 years, ContextVision has developed state-of-the-art capabilities in the latest artificial intelligence technologies. By combining these with its well-established GOP technology, the company is introducing a new generation of image enhancement products. ContextVision are determined to expand by approaching the growing digital pathology market with new AI-based decision support tools for pathologists.

The company is based in Sweden, with local representation in the U.S., Russia, Japan, China and Korea. ContextVision is listed on the Oslo Stock Exchange under the ticker COV.
