

Atos ranked a European Leader in three categories of ISG's "Manufacturing Industry Services and Solutions" Provider Lens™ vendor assessment 2024

Atos recognized as a European leader for Industry Transformation Services, Smart/Digital Factory Solutions and Manufacturing Supply Chain and Procurement Services

Paris, France – July 29, 2025 – Atos today announces it has been named a Leader in three categories of ISG's "Manufacturing Industry Services and Solutions" Provider Lens™ 2024 Europe. The comprehensive "**Manufacturing Industry Services and Solutions**" vendor assessment compares the strengths, challenges and competitive differentiators of key providers. The report assesses their capabilities to deliver operational and business consulting services that help manufacturing companies enhance process efficiency and productivity, accelerate innovation and achieve sustainability goals.

The report highlights Atos as a leader in the following areas:

- **Industry transformation services:** Atos provides digital transformation services across Europe, including advanced AI solutions, smart factory technologies, and digital ecosystems to optimize production. The assessment acclaimed Atos' strengths in collaboration with major industry players such as leading automotive manufacturers, its support for gigafactories as well as its R&D initiatives in data intelligence or operational performance.
