

AUTOMATIC SHARE PURCHASE PLAN

London, 5 June 2026 – Endeavour Mining Plc (LEI: 529900NI5MXQ91GHXR07, LSE: EDV, TSX: EDV, OTCQX:EDVMF) (“the Company”) has re-entered into an Automatic Share Purchase Plan (“ASPP”) with its designated broker to facilitate the purchase of the Company’s issued and outstanding shares (the “Ordinary Shares”) under its previously announced Normal Course Issuer Bid (“NCIB”) which commenced on 24 March 2026 and ends on 23 March 2027, or such earlier date as Endeavour may complete its purchases, pursuant to the notice of intention filed with the TSX.

The ASPP will facilitate purchases under the NCIB at times when the Company would ordinarily not be permitted to make purchases, whether due to regulatory restriction or customary self-imposed blackout periods.

Purchases under the ASPP will form part of, and will not exceed, the limits established under the Company’s previously announced NCIB. All purchases under the NCIB will be executed only on the open market through the facilities of the London Stock Exchange, the TSX, or alternative Canadian trading systems and other designated exchanges. Purchases will be made at the market price of the Ordinary Shares at the time of acquisition.

Purchases made under the ASPP must comply with applicable securities laws, including TSX requirements, and will count towards the limit set by the NCIB. The ASPP took effect on 4 June 2026.

The broker will not commence purchases under the ASPP until the Company provides instruction and will make purchases in accordance with parameters established by the Company prior to any blackout period and in compliance with TSX rules, without further instruction from, or influence by, the Company. Any Ordinary Shares acquired by the Company under the NCIB will be cancelled.

The Company is not currently in possession of any material undisclosed information in relation to the Company.
