## Orphazyme announces Annual Report 2019

**Copenhagen, Denmark, February 28, 2020** – Orphazyme A/S (ORPHA.CO), a biopharmaceutical company pioneering Heat-Shock Protein response for the treatment of neurodegenerative orphan diseases, today announces its Annual Report for the period January 1–December 31, 2019.

Kim Stratton, Chief Executive Officer of Orphazyme, said *“2019 was an exceptional year for Orphazyme. We delivered on key priorities with our late-stage programs in Niemann-Pick disease Type C, sporadic Inclusion Body Myositis and Amyotrophic Lateral Sclerosis and continued to advance our proof-of-concept phase 2 study in Gaucher disease. We believe our investigational drug, arimoclomol, holds significant potential across a range of neurodegenerative diseases and we are excited to be on the cusp of bringing this first-in-class Heat-Shock Protein amplifier to patients. We are on track to submit marketing applications in the US in H1 2020 and in EU in H2 2020 and, pending the outcome and timing of regulatory reviews, plan to reach the market in 2021”*.

**Business Highlights in 2019**

- Reported positive phase 2/3 results for arimoclomol in Niemann-Pick disease Type C (NPC) in January 2019
- Announced preparations for filing in EU and US. Plan to submit a New Drug Application with the US Food and Drug Administration (FDA) in H1 2020 and to submit a Marketing Authorization Application (MAA) to the European Medicines Agency in H2 2020
- Completed enrollment in phase 2/3 trial with arimoclomol in sporadic Inclusion Body Myositis (sIBM) in April 2019; results expected H1 2021
- In July, announced appointment of Kim Stratton as Chief Executive Officer, effective October 1, 2019
- Completed enrollment in phase 3 trial with arimoclomol in Amyotrophic Lateral Sclerosis (ALS) earlier than anticipated (July 2019); on track to report results in H1 2021
- Introduced a new board incentive program, a new share-based incentive program, and a new phantom share program in July 2019
- Strengthened balance sheet in August 2019 with EUR 9 million financing from Kreos Capital
- Completed enrollment in phase 2 Gaucher disease trial in August 2019; results expected in H1 2020
- Received Breakthrough Therapy Designation from FDA in November 2019 for arimoclomol in NPC
- Granted Fast-Track designation in December 2019 by the FDA for arimoclomol in sIBM

**Financial Results 2019**
