## Trading in Sdipotech's shares commences today on Nasdaq Stockholm

**Sdipotech AB (publ) announces that trading in the company's ordinary shares of series B and preference shares (the "Shares") will today begin on Nasdaq Stockholm's main market.**

"Since the IPO in 2017, Sdipotech has almost doubled the number of employees, been properly established outside the Nordic region and had an average annual profit growth of 36 percent. I'm extra pleased about the fact that we are now classified as a Large Cap company, which is another proof of the great growth journey that Sdipotech has had in recent years. The shift to Nasdaq Stockholm is a hallmark of quality, a milestone on the road and another building block in our strategy for continued international growth", says **Jakob Holm, CEO of Sdipotech**.

The Shares will be traded in the Large Cap-segment under the same short names (SDIP B and SDIP PREF) and ISIN-codes (SE0003756758 and SE0006758348). No new shares will be issued in connection with the listing on Nasdaq Stockholm Main Market. Shareholders of Sdipotech do not need to take any action in connection with the listing.
