

Wolters Kluwer accelerates 2025 share buyback; reiterates guidance

Alphen aan den Rijn, September 17, 2025 – Wolters Kluwer, a global leader in professional information solutions, software, and services, announces it will accelerate the execution of its existing 2025 share buyback program and reaffirms its full-year 2025 Outlook.

Acceleration of existing 2025 share buyback program

In view of the recent development in the company's share price, the Executive Board has decided to accelerate the execution of the existing €1 billion 2025 share buyback program. The program, originally scheduled to conclude at year-end, will now be completed by November 3, 2025 – two months ahead of plan. This decision reflects management's commitment to enhancing long-term sustainable value for all stakeholders, including our shareholders, and reflects our confidence in the strength of the business and in our long-term growth prospects.

In the year through September 17, €731 million of the existing €1 billion share buyback program has been executed. The third-party mandate for the period from July 31, 2025, up to and including November 3, 2025, has now been amended to execute all of the remaining €269 million of the existing program in the seven weeks from September 18 up to and including November 3, 2025. This share buyback mandate is conducted by third-party on our behalf, within the limits of relevant laws and regulations (in particular Regulation (EU) 596/2014) and Wolters Kluwer's Articles of Association. The maximum number of shares which may be repurchased will not exceed the authorization granted by the Annual General Meeting of Shareholders. Shares repurchased by the company are added to and held as treasury shares and are either cancelled or utilized to meet future obligations arising from share-based incentive plans.

Year to date performance in line with 2025 guidance

Through the month of August, performance across all five divisions has been in line with the full-year 2025 outlook provided with our [2025 Half-Year Report](#). Compared to the first six months of the year, the company saw a slight improvement in organic growth in the months of July and August, driven by the Health, Tax & Accounting, and Corporate Performance & ESG divisions.

Forward-looking Statements and Other Important Legal Information

This report contains forward-looking statements. These statements may be identified by words such as “expect”, “should”, “could”, “shall” and similar expressions. Wolters Kluwer cautions that such forward-looking statements are qualified by certain risks and uncertainties that could cause actual results and events to differ materially from what is contemplated by the forward-looking statements. Factors which could cause actual results to differ from these forward-looking statements may include, without limitation, general economic conditions; conditions in the markets in which Wolters Kluwer is engaged; conditions created by pandemics; behavior of customers, suppliers, and competitors; technological developments; the implementation and execution of new ICT systems or outsourcing; and legal, tax, and regulatory rules affecting Wolters Kluwer’s businesses, as well as risks related to mergers, acquisitions, and divestments. In addition, financial risks such as currency movements, interest rate fluctuations, liquidity, and credit risks could influence future results. The foregoing list of factors should not be construed as exhaustive. Wolters Kluwer disclaims any intention or obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
