Re agenda item 9.1

On 8 February 2024 the Company launched a share buyback programme of up to a maximum consideration of DKK 4.0 billion. The purpose of the programme is to reduce the Company's share capital and to meet obligations arising from the Company's incentive programmes. The Board proposes to reduce the Company's share capital to the effect that a part of the total portfolio of treasury shares are cancelled while the remaining part is retained for the purpose of fulfilling the Company's obligations in connection with said incentive programmes.

The share buyback programme covered the period from 8 February 2024 to 31 January 2025. Reference is made to the company announcements available on the Company's website www.pandoragroup.com.

Based hereon, the Board proposes that the Company's share capital be reduced by a nominal amount of DKK 3,000,000 by cancellation of a nominal amount of 3,000,000 treasury shares of DKK 1, equal to 3.66% of the Company's total share capital. The purpose of the reduction is to cancel a part of the Company's portfolio of treasury shares, cf. section 188 of the Danish Companies Act. According to the Danish Business Authority's practice, this purpose may be compared to a capital reduction to be distributed to the shareholders, cf. section 188(1)(ii) of the Danish Companies Act. To that end, the Board states that a nominal amount of DKK 3,000,000 of the treasury shares has been acquired in the period between 8 February 2024 to 5 December 2024 for a total amount of DKK 3,281,146,400 to the effect that, in addition to the nominal reduction amount of DKK 3,000,000 an amount of DKK 3,278,146,400 has been distributed.

Following the capital reduction, the Company's nominal share capital will be DKK 79,000,000.

As a result of the share capital reduction, it is proposed that article 4.1 of the Articles of Association is amended to read as follows after expiry of the time period prescribed in section 192 of the Danish Companies Act:

"The Company's share capital is nominally DKK 79,000,000, divided into shares of DKK 0.01 or any multiple thereof."

Before the implementation of the capital reduction, the Company's creditors will be requested, through the Danish Business Authority's IT system, to file their claims within a time limit of 4 weeks. The implementation of the capital reduction and the resulting amendment to the Articles of Association will be finally registered upon the expiry of the time limit.

Re agenda item 9.2

In order to accommodate the Board's intentions for maintaining agility in capital-raising opportunities, it is proposed to grant the Board a renewed authorisation, with pre-emptive rights for the shareholders, to increase the share capital on one or more occasions in the period until 12 March 2030

by a nominal amount of up to DKK 39,500,000, corresponding to 50% of the share capital after the proposed capital reduction.

The existing authorisation is set to expire 10 March 2026.

Provided the proposal is adopted the following updated articles will be included in the Articles of Association:

“6. AUTHORISATIONS TO INCREASE THE SHARE CAPITAL

Capital increase with pre-emptive rights for the shareholders

6.1

The Board of Directors is authorised, until 12 March 2030, to increase the Company's share capital with pre-emptive rights for the existing shareholders through one or more issues by the issuance of new shares of a nominal amount of up to DKK 39,500,000. The share capital increase may take place on one or more occasions against payment in cash at a subscription price which may be lower than the market price of the shares.

6.2

Any new shares issued pursuant to article 6.1 are negotiable instruments, are issued in the name of the holder, registered in the name of the holder in the Company's register of shareholders and must be fully paid up. Taking into account the time at which subscription for shares takes place, the Board of Directors determines the extent to which the new shares carry dividend for the year of subscription. Otherwise, the new shares carry dividend as from the first accounting year following the year of subscription for shares. The shares are subject to the same provisions regarding pre-emption rights as those applying to existing shares and rank *pari passu* with existing shares with respect to rights, redemption and negotiability.

6.3

The detailed terms and conditions governing the subscription for shares are determined by the Board of Directors.”

Re agenda item 9.3

For the reasons indicated under agenda item 9.2 it is proposed to grant the Board a renewed authorisation, without pre-emptive rights for the shareholders, to increase the share capital and/or to raise loans on one or more occasions with a conversion right to shares (convertible loans) in the period until 12 March 2030 by a nominal amount of up to DKK 7,900,000, corresponding to 10% of the share capital after the proposed capital reduction.

The existing authorisation is set to expire 10 March 2026.

Provided the proposal is adopted the following updated articles will be included in the Articles of Association:

“Capital increase without pre-emptive rights for the shareholders

6.4

The Board of Directors is authorised, until 12 March 2030, to increase the Company's share capital without pre-emptive rights for the existing shareholders through one or more issues by the issuance of new shares of a nominal value of up to DKK 7,900,000. The share capital increase may take place on one or more occasions against payment in cash or contribution in kind at a subscription price which may not be lower than the market price of the shares.

6.5

The Board of Directors is also authorised, until 12 March 2030, to raise loans on one or more occasions with a conversion right to shares (convertible loans) without pre-emptive rights for the existing shareholders of a nominal value of up to DKK 7,900,000.

6.6

The authority given to the Board of Directors under articles 6.4 and 6.5 can altogether in the aggregate be exercised to increase the share capital by a maximum nominal amount of up to DKK 7,900,000.

6.7

Any new shares issued pursuant to articles 6.4 and 6.5 are negotiable instruments, are issued in the name of the holder, registered in the name of the holder in the Company's register of shareholders and must be fully paid up. Taking into account the time at which subscription for shares or exercise of convertible loans takes place, the Board of Directors determines the extent to which the new shares carry dividend for the year of subscription or for the year when conversion takes place. Otherwise, the new shares carry dividend as from the first accounting year following the year of subscription for shares or exercise of convertible loans. The shares are subject to the same provisions regarding pre-emption rights as those applying to existing shares and rank *pari passu* with existing shares with respect to rights, redemption and negotiability.

6.8

The detailed terms and conditions governing the subscription for shares and raising loans with a conversion right to shares (convertible loans) are determined by the Board of Directors.”

Re agenda item 9.4

The Board proposes that the Meeting authorises the Board to, in the period until 12 March 2030, allow the Company to acquire own shares up to an aggregate nominal value of 10% of the Company's share

PANDORA

capital, provided that the Company's holding of treasury shares does not at any time exceed 10% of the Company's share capital. The purchase price paid in connection with acquisition of own shares must not diverge from the price quoted on any regulated market, on which the purchase is carried out at the time of acquisition by more than 10%.

Re agenda item 9.5

The Board proposes that the chair of the Meeting is authorised to make such amendments and additions to the resolutions passed by the Meeting, including to the Articles of Association and to file the application for registration with the Danish Business Authority as the Authority may require for registration.
