Complete Proposals

Re item 1 on the agenda:

It is proposed to take note of the report of the Board of Directors.

Re item 2 on the agenda:

It is proposed to adopt the audited Annual Report 2022 and to grant discharge to the Board of Directors and the Executive Management.

Re item 3 on the agenda:

It is proposed that the profit of DKK 5,522 million for the accounting year 2022 be carried forward by transfer to retained earnings.

Re item 4 on the agenda:

It is proposed to approve the 2022 Compensation Report.

Re item 5 on the agenda:

Pursuant to Article 12 of the Company's Articles of Association, the members of the Board of Directors are elected for periods of one year. The election period for Deirdre P. Connelly, Pernille Erenbjerg, Rolf Hoffmann, Elizabeth O'Farrell, Dr. Paolo Paoletti and Dr. Anders Gersel Pedersen expires at this General Meeting. The Board of Directors proposes to re-elect Deirdre P. Connelly, Pernille Erenbjerg, Rolf Hoffmann, Elizabeth O'Farrell, Dr. Paolo Paoletti and Dr. Anders Gersel Pedersen for a one-year period.

Information on the nominated candidates including details on their special competencies and additional executive functions/directorships is included in the enclosed Appendix 1.

Re item 6 on the agenda:

The Board of Directors proposes re-election of PricewaterhouseCoopers, Statsautoriseret Revisionspartnerselskab as the Company's elected auditor in accordance with the Audit and Finance Committee's recommendation. The Audit and Finance Committee has not been influenced by third parties and has not been subject to any agreement with third parties, which limits the General Meeting's choice to certain auditors or audit firms.

Under applicable European legislation, the Company is required to transition PricewaterhouseCoopers, Statsautoriseret Revisionspartnerselskab after the audit for the year ending December 31, 2023.

Re item 7 (a) on the agenda:

The Board of Directors proposes that the fees for members of the Board of Directors, including the committees thereof, in 2023 shall remain unchanged at the same level as in 2022 and in accordance with the Remuneration Policy for the Board of Directors and the Executive Management of Genmab A/S:

- The annual base fee for members of the Board of Directors shall be DKK 600,000.
- The chair of the Board of Directors shall receive two times the annual base fee.
- The deputy chair of the Board of Directors shall receive one and a half times the annual base fee.
- The Audit and Finance Committee chair shall receive an annual fee of DKK 150,000 and the Audit and Finance Committee members an annual fee of DKK 100,000.
- The Compensation Committee chair shall receive an annual fee of DKK 120,000 and the Compensation Committee members an annual fee of DKK 80,000.
- The Nominating and Corporate Governance Committee chair shall receive an annual fee of DKK 100,000 and the Nominating and Corporate Governance Committee members an annual fee of DKK 70,000.
- The Scientific Committee chair shall receive an annual fee of DKK 130,000 and the Scientific Committee members an annual fee of DKK 100,000.
- All committee members shall receive a fee of DKK 10,000 per committee meeting.

Members of the Board of Directors will furthermore receive share-based instruments in the form of restricted stock units in accordance with the Remuneration Policy for the Board of Directors and the Executive Management of Genmab A/S.

Re item 7 (b) on the agenda:

The Board of Directors proposes to amend the Remuneration Policy so that the DKK 25 million cap on the fair value (calculated on the date of the grant) of share-based instruments awarded to members of the Executive Management is removed.

It is the Board of Director's assessment that the DKK 25 million cap inhibits the Company's ability to attract and retain top global talent in the highly competitive oncology market, as the annual share-based instruments awards that the Company could present to potential new hires would be significantly below market.

For the avoidance of doubt, members of the Executive Management would remain subject to the multiple of base salary limit specified in the Remuneration Policy.

Re item 7 (c) on the agenda:

The Board of Directors proposes to adopt certain other changes to the Remuneration Policy for the Board of Directors and the Executive Management of Genmab A/S. The changes are designed to take account of the views expressed by some of our larger shareholders during the engagement process in 2022 and intended to enable Genmab to maintain a market competitive compensation program that is aligned with its compensation principles.

The proposed amendments include:

- Increase the annual limit for share-based instruments awards to members of the Executive Management. The proposed amendment would provide that the members of the Executive Management may on an annual basis be granted performance-based restricted stock units corresponding to a fair value (at the time of grant) of up to six (6) times (rather than up to four (4) times) the member's annual base salary.
- Eliminate use of warrants. The proposed amendment would eliminate the use of time-vested warrants as a share-based instrument for members of Executive Management. Accordingly, only performance-based restricted stock units will be permitted as a share-based instrument under the Remuneration Policy for members of the Executive Management.

The proposed amendments further include various minor updates and/or linguistic changes.

The elements of the proposed amended Remuneration Policy are designed to be competitive when compared to the compensation programs and levels of compensation in other similar international biotech and biopharmaceutical companies in the U.S. and in Europe.

The proposed amended Remuneration Policy has been designed to align the interests of shareholders and the Company's Board of Directors and Executive Management and will allow the Company to position pay, in a way that enables us to create compensation packages which are attractive internationally and, at the same time, in alignment with our values.

The proposed amendments described in this agenda item 7(c) are reflected in the attached Appendix 2, which is a compare version of all proposed amendments to the wording of the Remuneration Policy for the Board of Directors and the Executive Management of Genmab A/S, i.e., including the amendment set out in item no. 7(b).

Re item 7 (d) on the agenda:

The Board of Directors proposes that the Annual General Meeting authorizes the Board of Directors to allow the Company to acquire treasury shares up to a total nominal amount of DKK 500,000 and until and including March 28, 2028. The purchase price for the relevant shares may not deviate by more than 10% from the price quoted on Nasdaq Copenhagen A/S at the time of the acquisition. Such shares may only be acquired to the extent that the Company's total holding of treasury shares does not at any time exceed a nominal value of 10% of the share capital. The purpose of the authorization is for the Company to be able to purchase treasury shares in order to settle the obligation to deliver shares and/or American Depositary Shares (ADS) to employees, the Executive Management and/or Board of Directors pursuant to the Company's share-based remuneration programs and other more general purposes as decided by the Board of Directors.

Re item 8 on the agenda:

The Board of Directors proposes that the chair of the General Meeting is authorized to register the resolutions passed by the General Meeting with the Danish Business Authority and to make such amendments and additions thereto or therein, including the Articles of Association of the Company, as the Danish Business Authority may require for registration.

Appendix 2: Remuneration Policy

THE REMUNERATION POLICY FOR THE BOARD OF DIRECTORS AND EXECUTIVE MANAGEMENT OF GENMAB A/S

The Compensation Committee's remit – as defined by our Charter (which can be found at www.genmab.com) is to assist the Board of Directors in carrying out its responsibilities relating to compensation. The development of a Remuneration Policy that allows us to recruit talented experts at all levels directly supports our vision. This is essential to our business strategy and long-term sustainability supporting Genmab A/S' abilities to recruit, retain and motivate competent and loyal members to the Board of Directors and the Executive Management. This is as true for the Board of Directors as it is for the Executive Management.

As Genmab's business continues to evolve and expand, as well as increase in complexity, we will require new capabilities for areas in which we have not previously operated. The biotechnology space, and in particular the oncology sector, are not only fast-evolving but highly competitive. The pool of talent for people with the skills and knowledge Genmab A/S needs is competitive and relatively small, even at a global level. Since Genmab A/S' business strategy is extremely focused and targeted, our talent pools are consequently very small and specialized. Our ability to attract and retain talented leaders in key roles is fundamental to execution of our long-term plan.

The key principles that guide our Remuneration Policy are: (1) the alignment of interest between the members of Genmab A/S' management bodies and Genmab A/S' shareholders; (2) the ability to attract and retain talent internationally; and (3) the desire to link compensation to performance measured on the basis of our financial fundamentals, non-financial value drivers, the share price and our corporate social responsibility focus areas.

The scope of the Remuneration Policy

This Remuneration Policy has been prepared in accordance with Sections 139 and 139a of the Danish Companies Act.

The Remuneration Policy applies to the compensation of members of the Board of Directors and the Executive Management. ["Executive Management" consists of the members of executive management of Genmab A/S registered with the Danish Business Authority of Genmab A/S.](#) Compensation of other key employees is not subject to this Remuneration Policy.

The decision-making process for setting the Remuneration Policy

In accordance with the Compensation Committee's Charter, the Compensation Committee makes proposals on the Remuneration Policy of the Board of Directors and the Executive Management, for the approval of the Board of Directors. The Remuneration Policy is subsequently submitted to the shareholders for approval at a general meeting of Genmab A/S. As part of the deliberations to ensure a market-based and appropriate Remuneration Policy for Genmab A/S, the compensation of the Board of Directors and the Executive Management is researched

Appendix 2: Remuneration Policy

and benchmarked by external advisors on behalf of the Compensation Committee. In order to ensure that Genmab A/S can source the best talent from a global and diverse pool of executives and directors – in particular those with experience and insight in the field of oncology in the United States – it is important that we are able to offer compensation packages that are competitive with US-based peer companies. In the event that the Compensation Committee believes that it is necessary to change the Remuneration Policy, it will make recommendations to the Board of Directors for approval. ~~Subject to the Board of Directors' approval, a revised Remuneration Policy will be submitted to shareholders for adoption at a general meeting of Genmab A/S.~~ The Remuneration Policy will normally be assessed and reviewed on an annual basis to ensure that it remains aligned to Genmab A/S' business strategy and priorities. [Revisions to the Remuneration Policy will be submitted to shareholders for adoption at a general meeting of Genmab A/S.](#)

It is the responsibility of the Board of Directors to approve the compensation arrangements and to ensure that the Remuneration Policy is implemented. The Compensation Committee assists the Board of Directors with the implementation of the Remuneration Policy by:

- overseeing the performance of the Executive Management and discussing the annual compensation for each member of the Executive Management, including salary, bonus, incentive and equity compensation;
- reviewing and making recommendations to the Board of Directors regarding the goals of Genmab A/S' Chief Executive Officer (CEO), evaluating CEO performance in light of these objectives, and making recommendations concerning CEO compensation consistent with Genmab A/S' philosophy (the results of the annual CEO evaluation are considered when recommending CEO salary and other compensation to the Board of Directors);
- reviewing and making recommendations, on the recommendation of the CEO, to the Board of Directors regarding the goals of any other members of the Executive Management whose compensation is within the remit of the Compensation Committee;
- reviewing recruitment compensation packages for new members of the Executive Management and termination packages for existing members of the Executive Management and providing recommendations for approval by the entire Board of Directors;
- periodically reviewing whether shareholding requirements applicable to the Executive Management, as set out in the Remuneration Policy (in addition to the service agreements of the Executive Management), are being adhered to;
- reviewing the market data on the fees of the members of the board of directors in competing international biotech companies in order to recommend the cash and share-based elements of compensation for the Board of Directors;
- reviewing on an annual basis Genmab A/S' approach to all-employee compensation programs, including share-based programs and benefit plans;
- reviewing and making recommendations concerning long-term incentive compensation plans, including the use of share-based plans; and
- overseeing that the information in the Annual Report and Compensation Report regarding the compensation of the Board of Directors and the Executive Management is correct, true and sufficient.

Appendix 2: Remuneration Policy

Managing potential conflicts of interest

According to the Compensation Committee Charter, the Compensation Committee shall ensure that any compensation advisor of the Compensation Committee shall sign a declaration of independence. The Committee also ensures that members of the Executive Management are not involved in the determination of their own compensation arrangements. It is the assessment of the Board of Directors that, since the compensation of the Executive Management is determined by the Board of Directors based on the Compensation Committee's recommendation and the compensation of the Board of Directors as well as the Remuneration Policy is subject to shareholder approval at the general meeting, there is no conflict of interest.

Genmab A/S' strategy and link to compensation

At Genmab A/S, our approach to compensation supports and reinforces our long-term business strategy and rewards sustained value creation. Our strategy has three prongs as follows:

1. Turn science into medicine

- Generate differentiated antibody therapeutics with significant commercial potential

2. Build a profitable and successful biotech

- Maintain a flexible and capital efficient model
- Maximize relationships with partners
- Retain ownership of select products

3. Focus on core competence

- Identify the best disease targets
- Develop unique best-in-class or first-in-class antibodies
- Develop next generation technologies

The principles on which the Remuneration Policy is based are as follows:

- **To align and balance the interests of Genmab A/S' Board of Directors and Executive Management with those of shareholders.**
- **To attract, retain and motivate the members of the Board of Directors and the Executive Management.**

Appendix 2: Remuneration Policy

- **To be competitive compared to other similar international biotech and biopharmaceutical companies.**

The variable compensation of the Executive Management depends on the achievement of specific Key Performance Indicators (KPIs) and performance goals that relate to the performance of the executive member in question and to Genmab A/S' short and long-term business results. The KPIs and performance goals that the Board of Directors sets for the purposes of Genmab A/S' incentive arrangements – both annual and share-based – are directly linked to the business strategy and our annual business plans. The KPIs/performance goals may be financial, operational and/or strategic and organizational:

Financial: examples include revenue, operating income, relative Total Shareholder Return (TSR).

Operational: examples include maximization of the research and development pipeline process, [product launches](#), management of partnerships and identifying new partnerships.

Strategic & Organizational: examples include Environmental, Social and Governance (ESG) and organizational design.

The Compensation Report provides a discussion of the peer groups and benchmarking analyses used by the Compensation Committee for the most recently completed financial year (see the Compensation Report at www.genmab.com).

Share-based instruments		
<p>Share-based instruments¹ constitute a common part of the compensation paid to members of the board of directors in competing international biotech and biopharmaceutical companies and in U.S. biotech companies in particular. The allocation of time-vested RSUs are <u>is</u> intended to reinforce the alignment of interest between shareholders and the Board of Directors as well as being a necessary part of their compensation to ensure that Genmab A/S is competitive in the international market and to be able to attract and retain highly-qualified members of the Board of Directors on a continuous basis. It is not deemed to be an incentive device, but rather a compensatory element to ensure alignment with shareholder interests.</p>	<p>The share-based instruments granted to the Board of Directors may be in the form of restricted stock units (RSUs).</p> <p>A new member of the Board of Directors may be granted RSUs upon election corresponding to a fair value calculated (at the time of grant) of up to four (4) times the fixed annual base fee. The fair value of each RSU is equal to the closing market price on the date of grant.</p> <p>In addition, the members of the Board of Directors may be granted RSUs on an annual basis corresponding to a fair value (at the time of grant and calculated as set out above) of up to one (1) time the fixed annual base fee, for the Chair the fair value shall be of up to two (2) times the fixed annual base fee and for the Deputy Chair the fair value shall be of up to one point five (1.5) times the fixed annual base fee.</p> <p>RSUs consist of conditional share allocations that vest on the first banking day of the month following a period of three (3) years from the date of grant, except in limited termination scenarios as described in this Remuneration Policy. To ensure the Board of Directors' independence and supervisory function, vesting of RSUs granted to members of the Board of Directors shall not be subject to fulfilment of forward-looking performance criteria.</p> <p>The vesting period starts at the time of grant of the RSUs. If a member of the Board of Directors ceases to be a member of the Board of Directors for any reason other than death, unvested RSUs will be prorated based on time-served and such prorated RSUs will remain outstanding and continue to vest. Unvested RSUs will be forfeited upon death.</p> <p>Upon vesting, the holder of an RSU is obliged to <u>will</u> receive one (1) share in Genmab A/S for each RSU, either free of charge or against payment of DKK 1 per share as determined by the Board of Directors.</p> <p>In the event of a change in control of Genmab A/S, the RSUs will vest in their entirety on a "double trigger" accelerated basis if the member of the Board of Directors is replaced by a new board member or such member's seat on the Board of Directors is eliminated due to a reduction in the number of board members.</p> <p>The RSUs will furthermore vest in their entirety on an accelerated basis in the event it is resolved to dissolve Genmab A/S through a solvent liquidation or in the event of a merger or de-merger whereby (i) Genmab A/S is dissolved or (ii) if the acquiring company fails to equitably assume the RSUs, i.e. roll over or exchange into equivalent awards.</p> <p>Genmab A/S purchases its own shares in order to cover its obligations in relation to the vesting of RSUs.</p>	<p>The typical proportion of share-based compensation as a relative share of the Board of Directors' compensation is between 25% - 55%.</p>

¹ The compensation of the members of the Board of Directors shall not include share options or warrants but may include annual awards of RSUs. Genmab A/S is mindful that the Danish Corporate Governance Recommendations expressly say that the compensation of the Board of Directors partly in shares at market value does not contravene with the recommendations.

Cash Severance and Other Benefits in Connection with Termination of Employment	
<p>Providing appropriate severance benefits helps to attract and retain highly-qualified executives by mitigating the risks associated with leaving a previous employer and accepting a new position with Genmab A/S, and by providing income continuity following an unexpected termination of employment</p>	<p>Severance protection is designed to be fair and competitive and to aid in attracting and retaining experienced Executive Management members. When recruited from another company, an executive generally will seek to be protected in the event he or she is terminated without cause or if we take actions giving the executive good reason to terminate employment. We believe that the protection we provide, including the level of severance payments and post-termination benefits, is appropriate and within the range of competitive practice.</p> <p>For any service agreement entered into with a new member of the Executive Management after the date of adoption of this Remuneration Policy, the total value of the remuneration relating to the notice period for new members of Executive Management cannot exceed two years of remuneration, including all components of the remuneration (as defined under the Danish Corporate Governance Recommendations).</p>

Note to the Remuneration Policy Table Above

[The Remuneration Policy was most recently approved by shareholder at the April 13, 2021, annual general meeting.](#) Contracts entered into prior to the implementation of the [amendments being proposed for shareholder approval at the March 29, 2023, annual general meeting](#) ~~2021 Remuneration Policy~~ will be honored.

Consideration of Employee Compensation

To ensure that the design of executive compensation programs takes account of employee compensation in Genmab, the Compensation Committee is briefed by the CEO and the ~~Corporate VP, Global HR~~ [Chief People Officer](#) on pay and employment practice for Genmab' employees generally. The Compensation Committee intends, as part of its work and as Genmab grows, to ensure that it keeps up-to-date on developments in all-employee pay so that the determination of executive compensation and the design of incentive programs in both are aligned to market practice and internally coherent.

Appendix 2: Remuneration Policy

Clawback Policy

Genmab A/S shall be entitled to reclaim in full or in part, on the basis of generally applicable principles of Danish law, variable components of compensation that were paid to the members of the Executive Management on the basis of data that proved to be misstated. The Board of Directors will keep emerging market practice under review.

Service Contracts and Termination Payments

(i) Board of Directors

Members of the Board of Directors elected by the general meeting are elected for a period of one (1) year at the Annual General Meeting and are not subject to service contracts. Members of the Board of Directors are not entitled to termination or severance payments.

(ii) Executive Management

The services of the members of the Executive Management are subject to service agreements of indefinite duration but with termination provisions.

Certain service agreements with current Executive Management members provide that in the event Genmab A/S terminates service without cause, Genmab A/S is obliged to pay the member of the Executive Management his/her existing salary for one (1) or two (2) years after the end of a one (1) year notice period. In the event of termination by Genmab A/S (unless for cause) or by a member of the Executive Management as a result of a change of control of Genmab A/S, Genmab A/S is contractually obliged to pay existing members of the Executive Management a compensation equal to his/her existing total salary (including benefits) for up to two (2) years' compensation in addition to a prolonged notice period of up to two (2) years.

For service agreements with new members of Executive Management following effectiveness of the 2021 Remuneration Policy, the total value of the remuneration relating to the notice period for new members of Executive Management cannot exceed two years of remuneration, including all components of the remuneration (as defined under the Danish Corporate Governance Recommendations).

If a member of the Executive Management gives notice to Genmab A/S to terminate his or her contract, he or she is required to give six (6) months' notice.

Change of Control

Change of control provisions applicable to the compensation of the Executive Management are drawn up on the basis of the Danish legal definition of change of control, currently defined in the Danish Capital Markets Act, and any application thereof would be made with due consideration thereto.

In the event of a change of control of Genmab A/S, the RSUs granted to members of the Board of Directors in December 2020 and ~~under Genmab A/S' 2021 RSU program~~ thereafter will vest in its entirety on a "double trigger" accelerated basis, subject to the terms of the RSU programs. ~~Similarly, any warrants granted under Genmab A/S' 2021 warrant program will vest in its entirety on a "double trigger" accelerated basis, subject to the terms of the 2021 warrant program. The RSUs and warrants~~ Share-based awards will furthermore vest in their entirety on an accelerated basis in the event it is resolved to dissolve Genmab A/S through a solvent liquidation or in the event of a merger or de-merger whereby (i) Genmab A/S is dissolved or (ii) if the acquiring company fails to equitably assume the ~~RSUs or warrants~~ outstanding share-based awards, i.e. roll over or exchange into equivalent awards. ~~Genmab A/S' warrant programs are included as schedules to Genmab A/S' Articles of Association which can be downloaded at <https://ir.genmab.com/corporate-governance/articles-association>.~~

Appendix 2: Remuneration Policy

Temporary Deviation from the Remuneration Policy

In accordance with the legislation, the Board of Directors may, on a temporary basis and in exceptional circumstances, deviate from the Remuneration Policy. The exceptional circumstances might be, for example, recruitment.

The Board of Directors does not envisage that any deviations from the Remuneration Policy will be necessary. Deviations may apply to compensation components in the form of one-off bonuses, benefits, sign-on payments and buyout as well as exit conditions and to the relative share of each of those components and shall be decided by the Board of Directors based on a recommendation from the Compensation Committee. Any temporary deviations from the approved Remuneration Policy will be fully explained and disclosed in the Compensation Report.

Publication and Commencement of Remuneration Policy

Following approval at Genmab A/S' Annual General Meeting on ~~April 13, 2021~~ [March 29, 2023](#) this Remuneration Policy will be published without undue delay on Genmab A/S' website (www.genmab.com).

Appendix 2: Remuneration Policy

Appendix with summary of significant amendments

Summary of significant amendments proposed at the ordinary general meeting on ~~April 13, 2024~~ [March 29, 2023](#)

Board of Director amendments
<p>1. Decrease the base fee multiplier for the Chair (changes from three (3) times to two (2) times the base fee) and Deputy Chair (changes from two (2) times to one and a half (1.5) times the base fee).</p>
Board of Directors and Executive Management amendments
<p>1. Double trigger accelerated vesting for all equity grants upon a change of control.</p> <p>As a result of the introduction of “double trigger” vesting, the accelerated vesting of warrant and RSU awards in change of control events will cease to be automatic and the awards will be subject to accelerated vesting only in the event of a qualifying termination of service following a change of control or if the acquiring company fails to equitably assume the RSUs, i.e. roll over or exchange into equivalent awards.</p>
<p>2. New stock ownership guidelines of: a) increasing CEO from one (1) time annual salary to six (6) times, b) increasing other executives from one (1) time annual salary to two (2) times, and 3) introducing a three (3) times base fee retainer guideline for the members of the Board of Directors elected by the General Meeting.</p>
<p>3. Proration of vesting of equity awards upon termination of board service for board members and if an Executive Management member’s employment ceases as a result of being a “good leaver”.</p> <p>The amendment to the vesting provisions ensure that members of the Board of Directors may be treated as “good leavers” and RSUs may continue to vest on a pro-rated basis even when such members resign from the Board of Directors. This addresses the concerns of some investors that the lapsing of RSUs, when a board member ceases to be a member of the Board of Directors, may impair his or her independence.</p>
Share-Based Compensation Executive Management amendments
<p>1. Eliminate the DKK 25 million cap on the grant date fair value for equity awards.
