13. Resolution on the principles of appointment of the nomination committee and instruction for the nomination committee

It is proposed by the nomination committee that it shall consist of the chairman of the board and three other members, each appointed by one of the three owners with the largest number of voting rights. The selection of the three largest shareholders shall be made on the basis of the share register of the company kept by Euroclear Sweden AB as of the last banking day in September. Those shareholders who are not registered with Euroclear, and who wish to appoint a member to the nomination committee, shall submit an application to the Chairman of the Board no later than September 1 and provide evidence of shareholding. If it becomes known to the company that two or more of the largest shareholders are controlled by the same physical person(s) (or the same physical person(s) holds shares in the company both directly and through a company controlled by him) then all such shareholders shall be considered to comprise one shareholder for the purposes of the participation in the nomination committee. At the earliest convenient date after the end of September the Chairman of the Board shall contact the three shareholders with the largest number of voting rights, as determined above, and request that they each appoint a

member to the nomination committee. If any of the three shareholders with the largest number of voting rights decline their right to appoint a member to the nomination committee, the shareholder with the next largest number of voting rights shall be provided with the opportunity to appoint a member. If such shareholder also declines its right to appoint a member to the nomination committee or does not respond to the request within a reasonable time then the nomination committee shall be constituted by the remaining members. Unless the nomination committee members decide otherwise, the chairman of the nomination committee shall be the member, appointed by the shareholder with the largest number of voting rights in the company. If a member leaves the nomination committee before its work is completed and if the nomination committee considers that there is a need to replace this member, then the nomination committee shall appoint a new member.

The nomination committee proposes that the Instruction for the Nomination Committee approved at the Annual General Meeting on 19 May 2020 shall remain unchanged.

PROPOSALS BY THE BOARD OF DIRECTORS

8 b) Resolution on allocation regarding the company's profit/loss in accordance with the adopted balance sheet

The board of directors and the managing director propose that the company's non-restricted equity of SEK -268,220,779 is carried forward and that no dividend is paid for the financial year.

14. Resolution on authorisation for the board of directors to resolve upon issue of shares

The board of directors proposes that the Annual General Meeting authorises the board to resolve – at one or several occasions and for the time period until the next annual general meeting – to increase the company's share capital by new share issues, to the extent that it corresponds to a dilution of not more than 20 percent of the number of shares outstanding at the time of this notice of the Annual General Meeting, after full exercise of the hereby proposed authorisation.

New share issues may be made with or without deviation from the shareholders' preferential rights and with or without provisions for contribution in kind, set-off or other conditions. Pursuant to Chapter 16 of the Swedish Companies Act, the board of directors may not by virtue of this authorisation resolve on issues to board members in group companies, employees, etc. The purpose of the authorisation is to increase the financial flexibility of the company and the acting scope of the board. Should the board of directors resolve on an issue with deviation from the shareholder's preferential rights, the reason shall be to enable the company to finance the operations in a fast and efficient way, acquire companies, businesses or parts thereof, or to broaden the ownership of the company. Upon such deviation from the shareholders' preferential rights, the new issue shall be made at market terms and conditions.

The board of directors or the CEO shall have the right to make such minor adjustments in this resolution that may be necessary in connection with the registration of the authorisation with the Swedish Companies Registration Office or due to other formal requirements.
