PRESSRELEASE

ENGLISH:

Arcoma receives first order on the new product, OMNERA 500A

Arcoma AB has received the first order on the new product OMNERA 500A.

The OMNERA 500A is a new X-ray system developed with focus on efficient workflow, safety and ease of use. The ergonomic design simplifies and optimizes positioning and has been carefully designed to facilitate disinfection. OMNERA 500A is equipped with the latest touch screen technology and a new user interface which creates simplicity and efficiency for the user. A new wall stand with motorized tilt simplifies positioning and an updated X-ray table improves patient and user experience.

The order is placed by Canon Medical systems USA, Arcoma's partner in the US and will be delivered in June 2021.

"It feels great to start sales of our new product OMNERA 500A in the US market. The US is a large, important and central market in our continued growth. We are now looking forward to growing the business together with our partner Canon Medical Systems USA" , says Sanna Rydberg, CEO of Arcoma AB.

About Canon Medical Systems USA

Canon Medical Systems USA, Inc., headquartered in Tustin, Calif., markets, sells, distributes and services radiology and cardiovascular systems, including CT, MR, ultrasound, X-ray and interventional X-ray equipment.
