### **About the United Nations Global Compact**

Special initiative launched in 2000 by United Nations Secretary-General Kofi Annan, the United Nations Global Compact is a call for companies around the world to align their practices and strategies with Ten Principles, derived from the fundamental texts of the United Nations. These principles provide a foundation to help achieve the 17 Sustainable Development Goals (SDGs), the United Nations' action plan for a more sustainable world by 2030.
