Discharge the Board of Directors and the President from liability

The Annual General Meeting resolved to discharge the Board of Directors and the President from liability for the administration of the Company for the financial year from 1 April 2020 to 31 March 2021.

Board of Directors

The meeting approved the Election committee's proposal that the Board should consist of six regular directors.

The Meeting resolved to place SEK 2,550,000 at the disposal of the Board of Directors for the compensation of its members. The Compensation of the Board of Directors is allocated as follows: SEK 800,000 to the Chairman of the Board and SEK 350,000 to each of the other directors. Directors shall be able to invoice their Board fees through a wholly owned Swedish company or private business if current tax legislation allows for invoicing and provided that the Company will not incur any expense. Approval of remuneration report

The Annual General Meeting resolved to approve the Board of Directors' remuneration report.

Issuance of call options on repurchased shares and transfer of repurchased shares to executives

The Annual General Meeting resolved, in accordance with the Board of Directors' proposal, in deviation from the shareholders' preferential rights, to offer 22 senior executives in the Bergman & Beving Group the opportunity to acquire up to 178,000 call options for the Company's repurchased class B shares. These options will entitle the holders to acquire a corresponding number of shares during the period starting on 16 September 2024 and ending on 12 June 2025, equal to approximately 0.6 percent of the total number of shares and approximately 0.5 percent of the total number of votes in the Company. The options are to be acquired at market value. The acquisition price of the shares when exercising call options shall correspond to 120 percent of the volume-weighted average price paid for the Company's class B shares on the Nasdaq Stockholm during the period from 1 September 2021 to 14 September 2021, inclusive. In order to encourage participation in the share-based incentive programme ("the Programme), a subsidy equivalent to the premium paid for each call option shall be paid. The subsidy will be paid in September 2023 provided that the employment of the option holder with the Group has not been terminated or that the call options have not been divested before this date.

The costs of the Programme comprise the subsidy to be paid in September 2023 as above, and the social security fees that will accrue on this subsidy. The total cost of the subsidy, including social security fees, is estimated at MSEK 2.5 after corporate tax (based on the market conditions on 30 June 2021). Offsetting the subsidy is the option premium totalling approximately MSEK 2.5, which the Company will receive when transferring the call options, as a result of which the Programme does not entail any net charge to the Company's equity.

Acquisition and conveyance of treasury shares

The Annual General Meeting resolved in accordance with the Board's motion to authorise the Board, on one or more occasions during the period until the next AGM, to acquire and divest

shares in the Company. The purpose of such repurchases is to be able to adapt the Group's capital structure and to pay for future acquisitions of businesses and operations using treasury shares. Holdings of treasury shares are also used to secure the Company's obligations under the share-based incentive programmes adopted at the 2018, 2019, 2020 and 2021 AGMs.

Acquisitions are to be carried out on Nasdaq Stockholm at a price that is within the registered price range at any given time, meaning the range between the highest purchase price and the lowest selling price. Acquisitions of own shares are limited so that the Company's total holding of treasury shares at no time exceeds 10 percent of the total number of shares in the Company.

Divestments of the Company's treasury shares may be carried out with or without preferential rights for shareholders but may not be carried out on Nasdaq Stockholm. Divestments may be carried out to finance acquisitions of businesses or operations.

At the ensuing statutory Board meeting, the Board resolved to be able to exercise the mandate it had received from the AGM to repurchase shares in the Company.
