

PRESS RELEASE

## Solutions30 announces the strategic acquisition of Xperal

SEPTEMBER 23, 2024

**Solutions30 announces the acquisition of Xperal, a leading company specialized in end-to-end B2B solar projects in the Netherlands and Germany.**

Based in the Netherlands, Xperal is renowned for its comprehensive services in the solar energy sector, including design, engineering, procurement, commissioning, and maintenance. In 2023, the company achieved revenues of 15 million euros, demonstrating its strong market position and growth potential.

This acquisition aligns with the Group strategic goal to expand its services into the Benelux region and increase its market share. Through this operation, the company will be able to, first, offer a broader range of services and, second, strengthen its position as a leading provider of sustainable energy solutions.

*“The acquisition of Xperal represents a significant milestone for Solutions30 by allowing us to extend our Energy Transition services in the Benelux region and Germany.”* Says Luc Brusselaers, Chief Revenue Officer at Solutions30. *“By integrating Xperal’s expertise in solar projects, we are now positioned to offer a complete portfolio of energy services, including smart metering, electric vehicle charging (EVC), power grid management, photovoltaic (PV) systems, and energy storage solutions.”*

More generally, this latest acquisition marks Solutions30's ambition to accelerate the development of sustainable energy services and infrastructures for businesses and local authorities. It demonstrates its determination to offer a complete range of services across the entire value chain, as well as the latest technologies available.

*“This partnership with Solutions30 marks a new chapter for Xperal”* comments Jaimie Louwers, Co-founder of Xperal. *“This integration enables us to expand our geographical reach into the Benelux area, giving us access to new markets and opportunities. With Solutions30’s extensive resources and network, we are able to accelerate our growth and secure larger deals.”*
