JLT Mobile Computers publishes 2021 annual report

Växjö, Sweden, 8 April 2022 * * * [JLT Mobile Computers](#), a leading supplier of rugged computers for demanding environments, publishes its 2021 annual report today.

2021 was a successful year for JLT despite obstacles related to the global component shortage and the COVID-19 pandemic. Highlights include the launch of a new Android™-based vehicle mounted computer; the establishment of the dedicated software company JLT Software Solutions AB (JLT Software); the inauguration of a new test center at the company's headquarters in Växjö, southern Sweden, and the initiation of the now completed acquisition of the wholly owned subsidiary JLT Mobile Computers France SAS (JLT France). The company also had a record year in terms of order intake.

Per Holmberg, CEO of JLT Mobile Computers, says: "I feel very proud of what we have accomplished. Despite the COVID-19 pandemic, global component shortages and large investments, we have increased our profit margin and the Board can suggest a higher dividend than our policy normally allows. The outlook for 2022 and beyond is positive."

Summary of key figures

- Order intake MSEK 173.5 (115.7)
- Net sales MSEK 136.2 (110.3)
- Operating profit MSEK 9.5 (2.1)
- Profit after taxes MSEK 7.3 (1.5)
- Dividend SEK 0.27 (0.27)
