What are the key risks that are specific to the Issuer?

Risks	
	<p>Political risks</p> <p>The Group operates in countries subject to greater political, economic and social uncertainties than countries with more developed institutional structures. As a result, thereof, unforeseeable and unfavourable changes in legislation or other regulations may occur in one or more countries of operation. There is a risk that such events and political instability in any country where the Group operates, as well as the Company's failure to protect against such risks, will require the Group to discontinue existing products, services, business models or the businesses altogether in the affected countries. The Company considers the probability of such risk materialising wholly or partially in one country in the ordinary course to be medium. If the above risk were to materialise in one country, the Company considers the potential negative impact to be low but if multiple instances occur in rapid succession, the probability of which is deemed to be remote, the impact would then move to high.</p> <p>Loss of a deduction code</p> <p>As at 31 March 2022, at source loans amounted to approximately 99 per cent. of the total loan book of the Group. The Group relies on the ability to collect directly from the payroll of its customers in order to service the outstanding loans, which is facilitated through deduction codes. The Company is allocated a deduction code to be able to collect directly from an employee's (the borrower's) payroll. Loss of a deduction code would necessitate any new loans to be collected via an alternative mechanism other than payroll. Without the Company's possibility to collect directly from the borrower's payroll there is a risk that the Company would need to re-price the loan offerings due to the increased collection risk and that the number of non-performing loans on such new loans would increase from the average level, as per 31 March 2022, of 4.3% per cent. of non-performing loans. The Company considers the probability of such risk materialising wholly or partially to be low. If the above risk were to materialise, the Company considers the potential negative impact to be low if the loss of the government deduction code materialises in only one country due to the presence of alternative collection mechanisms in every one of our operations (direct debit order) but if multiple instances occur in rapid succession the potential negative impact would then move to high.</p> <p>License requirements and legislation</p> <p>In most countries of operation, the Group is dependent on various licenses, concessions and other permits or permissions from local authorities to conduct its business, and the Group will likely be required to obtain new licenses and/or permits in other jurisdictions in the future. If the Group is unable to obtain or retain necessary licenses and/or permits, it could be time-consuming to renew such existing licenses and permits or to apply for new licenses and permits and result in diversion of management's attention from existing core business. It could also adversely affect the Group's revenue and operations since it could become unlawful for the Group to conduct its business in one or more jurisdictions. The Company considers the probability of the risk materialising to be low. The Company considers the potential negative impact to be medium if the failure to obtain new licenses and/or permits materialises in only one country but if multiple instances occur in rapid succession the potential negative impact would then move to high.</p> <p>Currency risks</p> <p>The Group operates in several countries and as a result, generates revenues, incurs costs, takes deposits and savings and grants loans within the Group and to customers in a number of currencies. Consequently, the Group's results of operations are subject to currency exchange rate fluctuations. Because the consolidated financial statements of the Company are prepared in USD, the Group faces foreign exchange risk to the extent that the assets, liabilities, revenues and expenses of the Company or its subsidiaries are denominated in currencies other than USD. Consequently, there is a risk that fluctuations in the value of USD versus local currencies of the Company or its subsidiaries will affect the amount of these items in the Group's consolidated financial statements, even if their value has not changed in the original currency. The Company considers the probability of the risk materialising to be high. The Company considers</p>

	the potential negative impact to be medium if the risk were to materialise in only one country but if multiple instances occur in rapid succession the potential negative impact would then move to high.

The interest rate for the Senior Bonds is a fixed rate of 13.00 per cent. <i>per annum</i> and the interest rate for the Subordinated Bonds is a fixed rate of 15.00 per cent. <i>per annum</i>, in each case payable semi-annually in arrears on 20 May and 20 November each year (however, if such day falls on a day on which either of the relevant CSD settlement system or the relevant currency settlement system are not open, payment shall be made on the first following possible day on which both of the said systems are open).</p> <p>The Issuer shall redeem all of the Bonds in full on their respective final redemption date, being 20 May 2025 and 20 November 2025 respectively (or, to the extent such day is not a business day, on the first following day that is a business day) with an amount per Bond equal to the nominal amount together with accrued but unpaid interest.</p> <p>Upon a change of control event occurring, each holder of Senior Bonds or Subordinated Bonds has, during a period of thirty (30) days, the right to request that all, or only some, of its Bonds are repurchased at a price per Bond equal to 101 per cent. of the nominal amount together with accrued but unpaid interest.</p> <p>Upon a listing failure event or a minimum subordinated debt event occurring, each holder of Senior Bonds has, during a period of thirty (30) days, the right to request that all, or only some, of its Senior Bonds are repurchased at a price per Senior Bond equal to 100 per cent. of the nominal amount together with accrued but unpaid interest.</p> <p>The Bonds entitle bondholders representing at least ten (10) per cent. to request a decision of the bondholders. Where will the securities be traded?

Admission to trading	The Bonds will be admitted to trading on Nasdaq Stockholm Sustainable Bond List or, if such admission to trading is not possible to attain or obtain, at another regulated market.
----------------------	--

What are the key risks that are specific to the securities?

Risks	<p>Subordinated obligations of the Subordinated Bonds</p> <p>The Subordinated Bonds are subordinated to all of the Company's unsubordinated present and future debts. In the event the Company will be subject to any foreclosure, dissolution, winding-up, liquidation, bankruptcy or other insolvency proceedings, the Company will be required to pay all prioritised creditors and all unsubordinated creditors (including holders of Senior Bonds and any other unsubordinated market debt) in full before the Company makes any payment on the Subordinated Bonds. Each investor should also be aware that the Subordinated Bonds are unsecured obligations of the Company. Due to the unsecured and subordinated nature of the Subordinated Bonds there is a risk that an investor in the Subordinated Bonds may lose all or part of its investment in the event of liquidation or insolvency of the Company. The Company considers the probability of the above risk materialising to be low, but if such liquidation or insolvency of the Company would occur it could have an adverse material effect on the investor in the Subordinated Bonds and there is a risk that the investor may lose all or part of its investment should there be prioritised, unsecured or other subordinated creditors with claims on the Company.</p> <p>Dependency on subsidiaries</p> <p>The Company is the ultimate parent company in the Group and does not carry out any significant income generating business operations of its own. This means that the Company's ability to make required payments on the Bonds and its other debts and funding (as well as financing its costs in general) is directly affected by the ability of its subsidiaries to transfer available cash resources to it. Such transfers of funds to the Company from its direct and indirect subsidiaries may be restricted or prohibited by legal and contractual requirements applicable to the subsidiaries from time to time, which may increase as a result of the Group's expansion into new jurisdictions with differing legal requirements. There is also a risk that limitations or restrictions on the transfer of funds between companies within the Group, becomes more restrictive in the event that the Group experiences difficulties with respect to liquidity and its financial position. The Company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the</p>
-------	--

	<p>potential negative impact to be low if the risk were to materialise in one country however the potential impact would move to medium in the event the risk materialised in more than one country simultaneously.</p> <p><i>Unsecured obligations of the Senior Bonds</i></p> <p>The Senior Bonds constitute unsecured debt obligations of the Company. If the Company will be subject to any foreclosure, dissolution, winding-up, liquidation, bankruptcy or other insolvency proceedings, the holders of Senior Bonds normally receive payment after any prioritised creditors have been paid in full, including those which are mandatorily preferred by law. Further, following prioritised creditors receiving payment in full, the bondholders will have an unsecured claim against the Company for the amounts due under or in respect of the Senior Bonds, which means that the bondholders normally would receive payment <i>pro rata</i> with other unsecured creditors. No present or future shareholder or subsidiary of the Company will guarantee the Company's obligations under the Senior Bonds. The Company considers that the probability of the risk occurring is low. If the risks would materialise, the Company considers the potential negative impact to be high.</p>
Key information on the admission to trading on a regulated market	
<i>Why is this prospectus being produced?</i>	
Reasons and use of issue proceeds	<p>This Prospectus has been prepared to enable the Bonds to be admitted to trading on Nasdaq Stockholm Sustainable Bond List (or another regulated market), which is a requirement from the bondholders.</p> <p>The net proceeds from the Senior Bond Issue shall be used in accordance with the Social Finance Framework, and, in respect of the first Senior Bond Issue, firstly to redeem the Company's senior bonds due 2022 with ISIN NO0010856180 in full (including accrued interest) and thereafter to finance general corporate purposes of the Group (including investments) and/or repurchases or redemption of the Company's subordinated bonds due 2022 with ISIN NO0010871601 (including accrued interest). The net proceeds from any subsequent Senior Bond issue shall be used to finance general corporate purposes of the Group (including investments) and/or repurchases or redemption of the Company's subordinated bonds due 2022 with ISIN NO0010871601 (including accrued interest).</p> <p>The net proceeds from the Subordinated Bond Issue shall be used in accordance with the Social Finance Framework to finance general corporate purposes of the Group (including investments and acquisitions) and/or repurchases or redemption of the Company's subordinated bonds due 2022 with ISIN NO0010871601 (including accrued interest).</p>
Material conflicts	<p>The Company has appointed ABG Sundal Collier AB and DNB Markets, part of DNB Bank ASA, Sweden Branch as joint bookrunners to act as managers in connection with the Bond Issue (together, the "Managers"). the Managers may from time to time provide financing or other banking- and investment products or services to the Company and may thereby, as well as a result of other activities (including corporate finance, analysis and stock broking), have interests and act in a manner which is conflicting with the interests of investors in Bonds.</p>

2 Risk factors

The purpose of this section is to enable a potential investor to assess the relevant risks related to their potential investment in the Senior Bonds and/or Subordinated Bonds issued by the Company in order to make an informed investment decision. The risk factors set forth below are therefore limited to risks that are material and specific to the Company and the Bonds in the opinion of the Company in accordance with Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017.

The manner in which the Company, the Group and the Bonds are affected by each risk factor is illustrated by way of an evaluation of the materiality of the relevant risk factor based on the probability of it occurring and the expected magnitude of its negative impact, for the purpose of which the probability is estimated as “low”, “medium” or “high” and the magnitude of negative impact if it would occur as “low”, “medium” or “high”. The most material risk factor in a category is presented first under that category, whereas subsequent risk factors in the same category are not purported to be ranked in order of materiality.

RISK FACTORS SPECIFIC AND MATERIAL TO THE GROUP

Risks related to the Group's business activities and industry

Political risks

The Group operates in a number of countries, such as Botswana, Colombia, Ghana, Mexico, Mozambique, South Africa, Tanzania, Uganda and Zambia, which are subject to greater political, economic and social uncertainties than countries with more developed institutional structures, which means that the Group is subject to significant political risks. As a result, thereof, unforeseeable and unfavourable changes in legislation or other regulations regarding, *e.g.*, foreign ownership, state participation, taxes, allocation of licenses and concessions, customs duties, exchange rates, interest rates and fees, insurance pricing and reforms, enforcement processes, payroll deductions, deposit taking and other regulatory matters may occur in one or more countries of operation. There is a risk that such events and political instability in any country where the Group operates, as well as the Company's failure to protect against such risks, will require the Group to discontinue existing products, services, business models or the businesses altogether in the affected countries. Such consequences would adversely affect the Group's income statement via reduced sales, lower interest income and higher impairment charges and the balance sheet via high provisions and potential covenant breaches on debt funding. The Company considers the probability of the above risk materialising wholly or partially in one country in the ordinary course to be medium. If the above risk were to materialise in one country, the Company considers the potential negative impact to be low but if multiple instances occur in rapid succession, the probability of which is deemed to be remote, the impact would then move to high.

Loss of a deduction code

At source loans, which are loans deducted at source, are the Group's most significant business segment and are offered in all countries in which the Group operates. As at 31 March 2022, at source loans amounted to approximately 99 per cent. of total loan book of the Group. The Group relies on the ability to collect directly from the payroll of its customers in order to service the outstanding loans, which is facilitated through deduction codes. The Company is allocated a deduction code to be able to collect directly from an employee's (the borrower's) payroll. The loss of a deduction code would result in any new loans to customers needing to be collected via an alternative mechanism other than payroll. Depending on the terms of the deduction code agreement, existing loans would either continue to be collected off the payroll until such time as they have been paid off in full or directly from the client's bank account via direct debit. Without the Company's possibility to collect directly from the borrower's payroll there is a risk that the company would need to re-price the loan offerings due to the increased collection risk and that the number of non-performing loans on these new loans would increase from the average level, as per 31 March 2022, of 4.3 per cent. of non-performing loans. Such consequences would adversely affect

the Group's income statement in terms of loss of revenue and potentially higher impairment charges and the balance sheet in terms of increase in non-performing loans resulting in the need for greater provisions.

The Company considers the probability of the above risk materialising wholly or partially to be low. If the above risk were to materialise, the Company considers the potential negative impact to be low if the loss of the government deduction code materialises in only one country due to the presence of alternative collection mechanisms in every one of our operations (direct debit order) but if multiple instances occur in rapid succession the potential negative impact would then move to high.

Competition

The Group currently has a large number of competitors and is exposed to risks relating to competition. Occasionally, a competitor in a single market may try and undercut pricing in that market for a period of time in order to gain market share. Historically, there have been instances where such measures have been taken by competitors and if this was to continue for sustained periods, Bayport would have to adjust pricing in order to compete which would impact profitability to varying degrees depending on the extent and frequency of the price reductions. If the Group fails to successfully compete due to, *e.g.*, less attractive loan terms or less efficient collection of outstanding matured loans than competitors, it could result in loss of market shares and customers or require price reductions or changes of the Group's business model. Materialisation of such risks would adversely impact both the income statement in terms of quantum and growth of profitability and the balance sheet in terms of the loan book growth and potentially higher impairments. It is the Company's assessment that the probability of the risks relating to significant loss of earnings due to failure to compete with other at source lenders is low. If such risks were to materialise, the Company considers the potential negative impact to be medium.

Reputational risk

The Group's business is dependent on the trust and confidence of customers, lenders (including bondholders) suppliers and other stakeholders. Given the importance of access to financing in the local communities where the Group operates, the Group is expected to maintain high standards of social responsibility and to refrain from illegal and immoral activities, for example corruption. There is a risk that any damage to the reputation or reduced trust for the Group will have an adverse effect on the Group's ability to attract or retain future funding for its operations, which would result in more expensive costs for capital and, in extension, an adverse effect on the Group's financial position. Moreover, the Group's relations with the local financial and regulatory authorities are of significant importance, since the Group companies' operations are, to a large extent, dependent on concessions, licenses, permits and other decisions of such authorities. There is a risk that any damage to the reputation or trust in the Group will render such concessions, licenses, permits and other decisions more difficult, or impossible, to obtain or maintain (as the case may be), resulting in a negative impact on the Group's income statement via reduced sales and profitability and the balance sheet via funding constraints. The Company considers the probability of the above risk materialising wholly or partially to be low. If the above risk were to materialise, the Company considers the potential negative impact to be medium.

Risks relating to adverse economic developments and the outbreak of COVID-19

The Group's operations and customers are located in different jurisdictions, which are affected by general economic trends and consumer trends outside the Group's control. The occurrence of extraordinary events, such as natural disasters and the outbreak of disease epidemics, have an adverse impact on the global economy as a whole and may lead to a global recession. The outbreak of the new coronavirus ("**COVID-19**") has an adverse effect on the global economic markets. This may in turn adversely affect the Group's access to financing and financial performance, including trading revenues, net interest income and potential goodwill assessments, resulting in an adverse impact on the Group's results of operations.

While restrictions seem to be decreasing, with more countries reducing or removing its restrictions, an increase in spread or a new mutation of the disease could result in further or increased restrictions, which in turn could have a further adverse effect on the global financial markets. Consequently, as of the date of this material, the further

economic consequences of COVID-19 are still uncertain. COVID-19 affects both sides of the economy, *i.e.*, supply and demand. The supply of the Group's services is impaired because offices shut down with reduced accessibility as a result of remote operations. Demand may fall as well since consumers stop spending to a large extent and suspend or postpone planned investments. The Company has identified the following risks that are particular to the Group's operations and that will or may be exacerbated by the adverse economic effects arising from the COVID-19 outbreak: (i) availability and cost of capital, and ability to refinance, (ii) adverse currency conversion fluctuations and (iii) interruptions to sales process where digitisation is not present.

The Company is closely monitoring the effects of the COVID-19 spread and its potential effects and impact on the Group's operations, businesses and financial performance, including liquidity and capital usage, which will increase if the pandemic continues over a prolonged period of time or further mutations emerge that give rise to similar effects. Each investor should have regard to the overarching heightened risk of investment in the Bonds due to the on-going pandemic when reviewing this material or evaluating a transaction regarding the Bonds.

The Company considers the probability of the above risk materialising wholly or partially to be medium. If the above risk were to materialise, the Company considers the potential negative impact to be medium.

Internal control risks

IT-system and technology

The Group's operations are dependent on a number of information and data-processing systems for *inter alia* sales, administration, distribution, internal control. Each operation utilises a debtor management system of which there are three across the Group. The Group also manages an accounting and finance system and a number of function-specific support systems (*e.g.* fraud management, CRM, information security etc.). The Group deploys these systems, in terms of network and infrastructure architecture, in a generally consistent and standardised manner, although provision is made for local/regional differences in terms of regulations, infrastructure maturity and costs. The Company is exposed to the risk of failure of IT-systems or that technology strategies are not interrogated and updated. The risk of IT failure is a primary inherent risk especially with changes in business requiring flexible IT solutions. Errors in network servers, malware or other causes of disruptions such as localised power failures or complete failure of IT systems could damage the operations and cause material financial losses and liability in relation to customers as well as harm the reputation and market trust in the Group. Such consequences would have negative impact on the income statement via impact on new sales and any resulting costs from liabilities in relation to issues arising with customers. The Company considers the probability of the above risk materialising wholly or partially to be low. If the above risk were to materialise, the Company considers the potential negative impact to be medium.

Risk related to personnel

The Group's success is reliant on its ability to recruit, develop, motivate and retain highly skilled employees at every level of its organisation and within the different business areas. Loss of key persons with special expertise relating to the Group and its respective fields of business or a significant loss of other employees could undermine the efficiency, financial position and profitability of the Group's operations and replacement of such key persons or employees could be costly and time consuming. Competition for skilled staff in the Group's different business areas is high and may increase in the future since the Group is continually growing in existing markets as well as potentially expanding into new markets and there is always a high demand for skilled labour in the markets where the Group operates. The loss of key persons or a failure by the Group to recruit, motivate, develop and retain highly skilled employees could lead to higher labour costs as well as disruptions in the Group's operations, development and continued growth, which would have a negative impact on the income statement with potentially lower revenues and higher operating costs resulting in reduced profitability.

Further, insufficient in-house training would result in a significant risk for the Group's operations, particularly with respect to management and key operational areas such as the credit and collections environments. In addition, the Group is exposed to the risk of wilful legal breach or neglect of regulations by its employees. Fraud and other

improper actions by employees are not uncommon within the financial sector and there have been instances of such behaviour in Group companies. There is a risk that insufficient training or improper behaviour will adversely affect the Group's reputation (see "*Reputational risk*" above) and lead to time and cost consuming legal processes, which would adversely affect the Group's income statement via reduced growth and on the Group's balance sheet through high impairments should collections be negatively impacted.

The Company considers the probability of the above risks materialising wholly or partially to be low. If the above risk were to materialise, the Company considers the potential negative impact to be low.

Legal and regulatory risks

License requirements and legislation

In most countries of operation, the Group is dependent on various licenses, concessions and other permits or permissions from local authorities (including but not limited to money licenses, business licenses, insurance licenses, credit and savings licenses) to conduct its business, and the Group will likely be required to obtain new licenses and/or permits in other jurisdictions in the future. If the Group is unable to obtain or retain necessary licenses and/or permits for a specific jurisdiction, it could be time-consuming to renew such existing licenses and permits or to apply for new licenses and permits and result in diversion of management's attention from existing core business. It could also adversely affect the Group's revenue and operations since it could become unlawful for the Group to conduct its business in one or more jurisdictions. The Company considers the probability of the risk materialising to be low. The Company considers the potential negative impact to be medium if the failure to obtain new licenses and/or permits materialises in only one country but if multiple instances occur in rapid succession the potential negative impact would then move to high.

The regulation in the financial services and insurance sectors is continuously changing in different geographical markets. New stricter laws and regulations relating to, *inter alia*, banking, insurance, credit and savings, acquisition and tax laws and/or stricter interpretations of existing laws and regulations, in some or all of the jurisdictions in which the Group operates, may become more onerous and more costly for the Group to monitor the new or stricter interpretations which could limit the Group's operations. Regulatory change is constant, and on the increase, requiring steadfast monitoring of relevant developments. Compliance to these regulations is imperative to ensure that operating licenses are maintained. There is a risk that adoption of new legislation, regulations, legal or administrative proceedings or changes in the judicial application will force the Group to change or discontinue existing products, services, businesses or business models or incur significant expenses or liabilities, prohibit the Group to carry on the licensed operations or impose interest rate caps or limit dividends to foreign entities, resulting in cash being trapped in the Company's subsidiaries. Furthermore, there is a risk that inspections and supervision from authorities will lead to penal charges or ultimately that licenses or concessions will be withdrawn. If the Group breaches regulatory requirements or does not implement any such regulation properly or within certain timeframes it could lead to the consequence of, for example, withdrawal of permits or licenses which could lead to disruptions in the Group's operations and thereby have a material adverse effect on the Group's business, financial position and results of operations. The Company considers the probability of the risk materialising to be low. The Company considers the potential negative impact to be low if the risk were to materialise in only one country but if multiple instances occur in rapid succession the potential negative impact would then move to high.

Risks related to taxes

The Company pursues its operations in accordance with its interpretations of tax legislation, tax agreements and the requirements of the tax authorities concerned in a number of countries and are impacted by the applicable tax regulations at any time in these countries. There is a risk that the tax authorities of the countries concerned will perform assessments and issue rulings that deviate from the Company's understanding or interpretation of the aforementioned laws, agreements and regulations. The Group is and may also in the future, from time to time, be subject to tax audits which may result in additional tax or fees to be payable. For example, in 2021, the Company was subject to a tax audit regarding interest charges on loans for the financial year 2017. The Company appealed

the Mauritius Tax Authority's assessment and, as per the date of these risk factors, settlement discussions are ongoing with the Mauritius Revenue Authority Appeals Committee. In a worst-case scenario, the Company's assessed loss for the 2017 tax year will be reduced from USD 41,097,586 to USD 22,847,961 and it cannot be ruled out that a re-assessment must be made also in respect of the 2018 and 2019 tax years. Moreover, in 2021, the Company's Tanzanian subsidiary was subject to a tax audit regarding the arm's length interest rate charged on loans and PAYE deductions on commissions paid to independent agents for the financial years 2016 and 2017. The matter was appealed, and the Appeals Commission ruled in favour of Bayport Tanzania. However, the Tanzania Revenue Authority has counter appealed a question concerning re-assessment of independent agents as employees. The Company deems there is a reasonable expectation that the Appeals Commission will reject the TRA's counter appeal. However, as per the date of these risk factors, the Group is awaiting the Appeals Committee's feedback. In a worst-case scenario, the potential liability for the Tanzanian subsidiary would be TZS 1,461,900,058.94 for 2016 and TZS 1,874,265,979.87 for 2017. Auditing of this type may be carried out for an extended period of time, and this generally means that any tax increases cannot be ruled out before such audit has been completed.

Further, the subjectivity in setting intra-group prices for transfer pricing provides tax authorities the opportunity to challenge these transactions relating to the areas of intra group financing and group support services. Interpretation differences in relation to double taxation agreements between various tax authorities, and those authorities differing in their own interpretations of the same clause, could result in the paying countries authorities imposing additional taxes such as withholding taxes. These additional taxes will be prevented from being claimed as foreign tax credits in the hands of the income recipient in the receiving country as their authority disagrees with the interpretation and resultant taxes from the paying country's tax authority should not have been legally levied in the first place and is thus not a legal tax charge. This, and the aforementioned audits and reviews could result in Group companies being required to pay additional taxes, which could have a material adverse effect on the Group's income statement.

The Company considers the probability of the above risk materialising in respect of the Company's operations wholly or partially to be medium. However, if the tax structure and assumptions currently employed by the Company were required to be adversely interpreted, the potential negative impact is deemed to be medium. Furthermore, the likelihood of any adverse tax reassessment affecting an individual Group company is medium and the impact would be low for the Group at large. However, if a number of Group companies were to be adversely reassessed with respect to tax, the likelihood of which is very low, the impact is deemed to be medium.

Risks related to the processing of personal data

The Group relies on personal data to provide its product offering to potential and existing customers. This data includes contact, employment and financial information. The Group's ability to obtain, retain, share and otherwise process this customer data and other personal data is governed by data protection legislation, privacy requirements, agreements and other regulatory restrictions. The Group's compliance with applicable data protection legislation is primarily supervised by the respective data protection authorities in the countries in which the Group operates.

There is a risk that the Group's routines and systems for processing of customer data and other personal data are insufficient and, for example, do not prevent disclosure or processing of personal data in breach of applicable legislation or relevant agreements. If the Group fails, or is deemed to have failed, to protect and process personal data in compliance with applicable legislation and relevant agreements, this could result in, for example, the imposing of sanctions on the Company, criminal charges, monetary fines, reputational damages, the Group having to change relevant routines and systems, or could constitute breach of contract, which all, in turn, could materially adversely affect the Group's income statement via disruptions to operations and/or costs arising from fines. An example of a sanction that could follow from violations of data protection legislation is the Mauritian Data Protection Act, Act 20 of 2017, which prescribes that any person who contravenes the lawful processing requirements commits an offence and shall on conviction be liable to a fine up to MUR 100,000 and to imprisonment for a term up to five years. Botswana's Data Protection Act, passed in August 2018 (Act 32 of 2018), prescribes that in the case of contravention of the processing of personal information requirements, a maximum

fine of BWP 1,000,000 and/or imprisonment for a period up to 12 years. The South African Protection of Personal Information Act, 4 of 2013 (the “**POPI Act**”) provides, among other things, that any person convicted of an offence under the POPI Act is liable for a fine and/or imprisonment for a period of up to 10 years, depending on the offence.

The Company considers the probability of the above risk materialising wholly or partially to be low. If the above risk were to materialise, the Company considers the potential negative impact to be low.

Anti-money laundering and fraud

The Group handles financial deposits and payments within the ordinary course of business, and is therefore exposed to risks relating to money laundering and fraud. There is a risk that the Group will be obliged to refund the transaction in the event the Group becomes subject to fraudulent activities. Such refunds, or similar payments, may lead to increased costs for the Group and negative impact on the income statement and balance sheet. Further, if the Group fails to detect money laundering activities there is a risk that this will lead to fines and sanctions imposed by authorities, or even licenses being revoked. The Company considers the probability of the risk materialising to be medium. If the risk were to materialise, the Company considers the potential negative impact to be low.

Risks related to the Group’s financial situation

Currency risks

The Group operates in several countries and as a result, generates revenues, incurs costs, takes deposits and savings and grants loans within the Group and to customers in a number of currencies. Consequently, the Group’s results of operations are subject to currency exchange rate fluctuations. Because the consolidated financial statements of the Company are prepared in USD, the Group faces foreign exchange risk to the extent that the assets, liabilities, revenues and expenses of the Company or its subsidiaries are denominated in currencies other than USD. Consequently, there is a risk that fluctuations in the value of USD versus local currencies of the Company or its subsidiaries will adversely affect the amount of these items in the Group’s consolidated financial statements, even if their value has not changed in the original currency which could have an adverse effect on the income statement and the balance sheet. The Company considers the probability of the risk materialising to be high. The Company considers the potential negative impact to be medium if the risk were to materialise in only one country but if multiple instances occur in rapid succession the potential negative impact would then move to high.

Liquidity and refinancing risks

The Group’s ability to access liquidity through external loans is fundamental to the Group’s at source loan operations. The forecasting models applied by the Group to anticipate any change in funding that may be required include a certain level of estimations and expectations on future conditions and there is always a risk that such estimations and expectations will not materialise or prove to be incorrect, which could result in a lack of liquidity. The increased volatility in the financial markets as a result of, among other things, the COVID-19 virus and geo-political uncertainties may make such estimations and expectations less precise, resulting in increased liquidity and refinancing risks. To cover its liquidity needs, the Group has received several loans from banks, asset managers, pension funds as well as having incurred indebtedness through listed and unlisted bonds and other debt securities. These funding facilities are either unsecured or secured within the relevant subsidiary. As at 31 March 2022, the Group’s borrowings amounted to USD 1,146,089,943 of which USD 32,000,000 were treasury bonds held by the Company (*i.e.*, own bonds repurchased and/or owned by the Company). If the Group’s liquidity sources are insufficient, there is a risk that the Group will be able to meet its payment obligations only by raising funds on more expensive terms, thus increasing its financing costs, or that the Group will not be able to meet its payment obligations at all, and as a result thereof default under material agreements entered into by the Group, including the terms and conditions for the Bonds. It is the Company’s assessment that the probability of such risks materialising is medium. If the risk were to materialise, the Company considers the potential negative impact to be high.

Credit risks and risks relating to counterparties

Credit risk is defined as the risk that the Group's counterparties may not fulfil their obligations to the Group. This risk consists of exposures to, *inter alia*, commercial counterparties, financial counterparties and insurance counterparties and their ability to pay amounts due on time or perform their other financial obligations. The Group's commercial credit and counterparty risk primarily consist of arrears which are distributed over a large number of counterparties, whereas credit and counterparty risks relating to financial and insurance counterparties are limited to financial institutions and insurance underwriters with high credit ratings. The Group's exposure to credit risk can be exacerbated by adverse economic or market trends, as well as increased volatility in relevant markets or instruments.

The Group's primary credit and counterparty risk is that the customers cannot repay their debt under the individual loan agreements. The credit risk increases as the majority of the loans offered by the Company's subsidiaries to its customers are unsecured and in most jurisdictions in which the subsidiaries operate the involvement of public courts are time-consuming, expensive and uncertain and enforcement of court orders is unreliable in several jurisdictions of operation. There is a risk that losses incurred by the Group in this respect which are not being covered by the Group's insurance policies, or a delay in obtaining the insurance proceeds, will lead to credit losses and negative effects on the Group's income statement and balance sheet. However, the Company estimates the risk of a systematic default on its loans on a larger aggregate scale to be low. The Company considers the probability of the risk materialising to be low. If the risk were to materialise, the Company considers the potential negative impact to be low.

RISK FACTORS SPECIFIC AND MATERIAL TO THE BONDS

Risks related to the nature of the Bonds

Subordinated obligations of the Subordinated Bonds

The Subordinated Bonds are subordinated to all of the Company's unsubordinated present and future debts. In the event the Company will be subject to any foreclosure, dissolution, winding-up, liquidation, bankruptcy or other insolvency proceedings, the Company will be required to pay all prioritised creditors and all unsubordinated creditors (including holders of Senior Bonds and any other unsubordinated market debt) in full before the Company makes any payment on the Subordinated Bonds. Each investor should also be aware that the Subordinated Bonds are unsecured obligations of the Company. Due to the unsecured and subordinated nature of the Subordinated Bonds there is a risk that an investor in the Subordinated Bonds may lose all or part of its investment in the event of liquidation or insolvency of the Company.

No other remedy than the remedies set out in the Subordinated Bond Terms are available to the bondholders, whether for the recovery of amounts owing in respect of the Subordinated Bonds or in respect of any breach by the Company of any of its other obligations under or in respect of the Subordinated Bonds. Such remedies are limited to certain proceedings and enforcement following a default under the Subordinated Bonds. Although the Company considers the probability of the above risk materialising to be low, if such liquidation or insolvency of the Company would occur it could have an adverse material effect on the investor in the Subordinated Bonds and there is a risk that the investor may lose all or part of its investment should there be prioritised, unsecured or other subordinated creditors with claims on the Company.

Unsecured obligations of the Senior Bonds

The Senior Bonds constitute unsecured debt obligations of the Company. If the Company will be subject to any foreclosure, dissolution, winding-up, liquidation, bankruptcy or other insolvency proceedings, the holders of Senior Bonds normally receive payment after any prioritised creditors have been paid in full, including those which are mandatorily preferred by law. Further, following prioritised creditors receiving payment in full, the bondholders will have an unsecured claim against the Company for the amounts due under or in respect of the Senior Bonds, which means that the bondholders normally would receive payment *pro rata* with other unsecured creditors. No present or future shareholder or subsidiary of the Company will guarantee the Company's obligations

under the Senior Bonds. The Company considers that the probability of the risk occurring is low. If the risks would materialise, the Company considers the potential negative impact to be high.

Insolvency of subsidiaries and structural subordination of the Bonds

The Group companies are legally separate entities and distinct from the Company, and have no obligation to settle or fulfil the Company's obligations. In the event of insolvency, liquidation or a similar event relating to one of the Company's subsidiaries, all creditors of such company would be entitled to payment in full out of the assets of such company before the Company, as a shareholder, would be entitled to any payments. Thus, the Bonds are structurally subordinated to the liabilities of such subsidiaries. Defaults by, or the insolvency of, certain subsidiaries or other associates of the Company may result in the obligation of the Company to make payments under financial or performance guarantees in respect of such companies' obligations or the occurrence of cross defaults on certain borrowings of the Group. There is a risk that the Company and its assets would not be protected from any actions by the creditors of a subsidiary, whether under bankruptcy law, by contract or otherwise.

The Group has, as part of its financing, incurred debts to credit institutions and other lenders and the Group's subsidiaries may retain, provide or renew security over its current or future assets to secure its financing. Such secured loans normally constitute a preferential claim on the relevant subsidiary. Subject to the provisions set out in the terms and conditions for the Senior Bonds, the Company's subsidiaries may seek further financing in which case further security may be provided. If the Company's subsidiaries incur debt, the right to payment under the Bonds will be structurally subordinated to the right of payment relating to debt incurred by subsidiaries of the Company, which could have a negative impact on the bondholders' recovery under the Bonds. The Company considers that the probability of the risk occurring is low. If the risks would materialise, the Company considers the potential negative impact to be high.

Dependency on subsidiaries

The Company is the ultimate parent company in the Group and does not carry out any significant income generating business operations of its own. This means that the Company's ability to make required payments on the Bonds and its other debts and funding (as well as financing its costs in general) is directly affected by the ability of its subsidiaries to transfer available cash resources to it. Such transfers of funds to the Company from its direct and indirect subsidiaries may be restricted or prohibited by legal and contractual requirements applicable to the subsidiaries from time to time, which may increase as a result of the Group's expansion into new jurisdictions with differing legal requirements. There is also a risk that limitations or restrictions on the transfer of funds between companies within the Group, becomes more restrictive in the event that the Group experiences difficulties with respect to liquidity and its financial position.

The Company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be low if the risk were to materialise in one country however the potential impact would move to medium in the event the risk materialised in more than one country simultaneously.

Risks related to social bonds

The Company intends to use the proceeds of the issue of the Bonds and any Subsequent Bonds in accordance with the Company's social finance framework (the "**Social Finance Framework**") in force as at the relevant issue date for the Bonds, which is aligned with the Social Bond Principles issued by the International Capital Markets Association ("**ICMA**"). There is currently no clear definition as to what constitutes, a "social" or an equivalently labelled project. As legislative work on sustainability develops rapidly, there can be no assurance that any projects, asset or uses defined in the Social Finance Framework will meet current or future investor expectations regarding such "social" or other equivalently labelled performance objectives. Furthermore, future developments or legal requirements as to the definitions of "social" could render the eligible projects for the Bonds, as described in the Social Finance Framework, obsolete. This could lead to present or future investor expectations or requirements as regards any investment criteria or guidelines, whether according to applicable law or regulations or by such investor's own by-laws, governing rules or investment portfolio mandates that cannot be satisfied.

A failure to apply the proceeds in accordance with the Social Finance Framework could result in investors being in breach of investment criteria or guidelines with which an investor is required to comply which could result in remedies under the relevant investment criteria or guidelines, leading to claims or reputational damage.

The Company has obtained a second opinion from S&P Global to confirm the transparency of the ICMA Social Bond Principles. S&P Global will also perform an annual review throughout the life of the Bonds. S&P Global is neither responsible for how the Social Finance Framework is implemented and followed up by investors, authorities (as applicable) or other stakeholders, nor is S&P Global responsible for the outcome of the investments described in the Social Finance Framework. The suitability or reliability of S&P Global's second party opinion may be challenged by a potential investor, a bondholder, or any third party.

As the market conditions for social bonds is rapidly changing, there is a risk that current or future investor expectations will not be met which could negatively affect the secondary trading of the Bonds. This could lead to a bondholder being unable to trade its Bonds at attractive terms, or at all.

The Company considers that the probability of the Company facing adverse effects relating to the labelling of the Bonds as "social" is low. If the effects would materialise, the Company considers the potential negative impact as medium.

Currency risk

The Bonds are denominated and payable in USD. If Nordic or other investors in the Bonds measure their investment return by reference to a currency other than USD, an investment in the Bonds will entail foreign exchange-related risks. For example, possible significant changes in the value of the USD relative to the currency by reference to which investors measure the return on their investments could cause a decrease in the effective yield of the Bonds below their stated coupon rates and could result in a loss to investors when the return on the Bonds is translated into the currency by reference to which the investors measure the return on their investments. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Company to make payments in respect of the Bonds. As a result, there is a risk that investors may receive less interest or principal than expected, or no interest or principal.

The Company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Risks related to admission of the Bonds to trading on a regulated market

Admission to trading on Sustainable Bond List of Nasdaq Stockholm

The Company has an intention to and shall use its best efforts (without assuming any legal or contractual obligation) to ensure that the Subordinated Bonds issued in the Subordinated Bond Issue are admitted to trading on the Sustainable Bond List of Nasdaq Stockholm within 60 calendar days after the Issue Date (or if such admission to trading is not possible to obtain or maintain, admitted to trading on another regulated market). Moreover, the Company has undertaken to ensure that the Senior Bonds issued in the Senior Bond Issue are admitted to trading on the Sustainable Bond List of Nasdaq Stockholm within six months after the Issue Date (or if such admission to trading is not possible to obtain or maintain, admitted to trading on another regulated market), with an intention to complete such admission to trading within 30 calendar days. A failure to procure admission to trading of the Senior Bonds may constitute an event of default under the Senior Bond Terms, which may result in an acceleration of the Senior Bonds. Furthermore, if the Senior Bonds have not been admitted to trading within 60 calendar days after the Issue Date, a listing failure would occur, which gives the holders of Senior Bonds an option to request that its Senior Bonds are repurchased.

There is a risk that the Bonds will not be admitted to trading on a regulated market within the intended time frame or at all. If the Company fails to procure admission to trading in time, investors holding Bonds on an

investment savings account (Sw. *ISK* or *IS-konto*) will no longer be able to hold the Bonds on such account, thus affecting such investor's tax situation.

The Company considers the probability of the risks occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be high.

Furthermore, in order to be eligible for admission to trading on the Sustainable Bond List of Nasdaq Stockholm, certain commercial criteria have to be met during the lifetime of the Bonds. The non-fulfilment of such criteria does not result in a de-listing but will result in the Bonds being re-listed on the Corporate Bond List of Nasdaq Stockholm. Should such change of lists occur, there is a risk that the expectations of investors are not met, which in turn could impair the secondary trading in the Bonds, since certain investors may not allocate investments to non-sustainable investments.

Secondary trading and illiquid markets

Even if the Bonds are admitted to trading on a regulated market, there may not always be active trading in the securities. Considering that the nominal amount of each bond is relatively high (USD 100,000), there is a risk that the market for trading in the Bonds will be illiquid even if the Bonds are admitted to trading. In addition, as the Bonds are traded over-the-counter (OTC) there is a risk for smaller volume of trades in the Bonds. The above risks may result in that the bondholders cannot sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Bonds. Furthermore, the nominal value of the Bonds may not be indicative compared to the market price of the Bonds if they are admitted for trading. It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The Company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be low.

The Group started its operations in Zambia in 2002 when introducing at source lending scheme in co-operation with the mining labour union. The Group's activities in Zambia later evolved through lending to employees of the Zambian civil service. The Group continued its operation by introducing its business in several African countries and later in Latin America.

The majority of the subsidiaries of the Group are involved in the provision and underwriting of unsecured term finance to the employed mass market and earn their revenue in the form of interest incomes, insurance incomes and administration fees relating to the loans to their customers. The subsidiaries mainly provide loans to people employed by the government in the respective countries. At source loans are the core of the Group's offering and are unsecured loans where payments are deducted at source (by the employer) before the borrower receives the net salary. The repayment of the individual loans is carried out either through direct deduction from the employees' payroll in accordance with agreements concluded between the subsidiaries and the employees (for all countries with the exception of South Africa) or through direct deduction from the customers bank account in accordance with agreements concluded between the subsidiary and the customer (in South Africa).

“At Source Deduction” lending: a low-risk and socially responsible model

¹ Definition of “qualifying employees” includes current employees and pensioners; ² Small, Medium and Micro Enterprise

No other security is provided by the customer under the individual loan agreements and any outstanding amount under the loan agreements may therefore not be recovered from the payroll if the customer has left his/her employment or is dismissed. In these cases, the subsidiaries can collect from the customers’ bank account. All subsidiaries of the Group offer credit life insurances, which are underwritten by local insurance companies, to its customers.

At source loans are the core of the Group’s offering and are available in all its subsidiaries. As at 31 March 2022, at source loans amounted to approximately 99 per cent. of total loan book of the Group.

In 2017, the Company acquired 51 per cent. of the Traficc group of companies, which is an underwriting manager specialised in the management of niche insurance companies and cell captives. In December 2018, Sugaree Insurance Company Limited (“Sugaree”), a company registered in Bermuda, was incorporated. Sugaree’s principal activities are insurance services and its purpose is to assist the Group and its clients to manage their insurance risk within the Latin America region. Sugaree holds a Class B insurance license (Long Term insurance) and a Class 2 insurance license (General insurance) from the Bermuda Monetary Authority.

9.2 Payment constituting good discharge of the Issuer's payment obligations to the Holders under these Terms and Conditions will be deemed to have been made to each Holder once the amount has been credited to the bank holding the bank account nominated by the Holder in connection with its Securities Account in the CSD. If the paying bank and the receiving bank are the same, payment shall be deemed to have been made once the amount has been credited to the bank account nominated by the Holder in question.

Depending on any currency exchange settlement agreements between each Holder's bank and the Paying Agent, and opening hours of the receiving bank, cash settlement may be delayed, and payment shall be deemed to have been made once the cash settlement has taken place, provided, however, that no default interest or other penalty shall accrue for the account of the Issuer for such delay.

Payment of Interest in respect of the Bonds shall be made semi-annually in arrears to the Holders on each Interest Payment Date for the preceding Interest Period, however, if such day falls on a day which either of the relevant CSD settlement system or the relevant currency settlement system are not open, the payment shall be made on the first following possible day on which both of the said systems are open.

13.10.2 The Issuer and the Agent shall not agree to amend any provisions of the Agent Agreement without the prior consent of the Holders if the amendment would be detrimental to the interests of the Holders.

13.11 **CSD related undertakings**

14.1 The Agent is entitled to, and shall following a demand in writing from a Holder (or Holders) representing at least fifty (50.00) per cent. of the Adjusted Nominal Amount (such demand may only be validly made by a person who is a Holder on the second Business Day following the day on which the demand is received by the Agent and shall, if made by several Holders, be made by them jointly) or following an instruction or decision pursuant to Clause 14.6 or 14.7, on behalf of the Holders, terminate the Bonds and to declare all, but not only some, of the Bonds due for payment immediately or at such later date as the Agent determines (such later date not falling later than twenty (20) Business Days from the date on which the Agent made such declaration), if:

- (a) **Non-payment:** The Issuer fails to pay an amount on the date it is due in accordance with these Terms and Conditions unless its failure to pay is caused by administrative or technical error and payment is made within five (5) Business Days from the due date;
- (b) **Other obligations:** The Issuer does not comply with these Terms and Conditions in any other way than as set out under item (a) above, provided that the Agent has requested the Issuer in writing to remedy such failure and the Issuer has not remedied the failure within fifteen (15) Business Days from such request (if the failure or violation is not capable of being remedied, the Agent may declare the Bonds payable without such prior written request);
- (c) **Cross payment default/Cross-acceleration:**
 - (i) Any Financial Indebtedness of a Group Company is not paid when due nor within any originally applicable grace period, or is declared to be or otherwise becomes due and payable prior to its specified maturity as a result of an event of default (however described) under any document relating to Financial Indebtedness of any Group Company; or

- (ii) any security interest securing Financial Indebtedness over any asset of any Group Company is enforced,

provided however that the amount of Financial Indebtedness referred to under item (i) and/or (ii) above, individually or in the aggregate exceeds an amount corresponding to USD 10,000,000 and provided that it does not apply to any Financial Indebtedness owed to a Group Company;

- (d) **Insolvency:**
 - (i) Any Material Group Company is unable or admits inability to pay its debts as they fall due or is declared to be unable to pay its debts under applicable law, suspends making payments on its debts generally or, by reason of actual or anticipated financial difficulties, commences negotiations with its creditors (other than under these Terms and Conditions) with a view to rescheduling its Financial Indebtedness; or
 - (ii) a moratorium is declared in respect of the Financial Indebtedness of any Material Group Company;
- (e) **Insolvency proceedings:** Any corporate action, bankruptcy, legal proceedings or other procedures are taken (other than (i) proceedings or petitions which are being disputed in good faith and are discharged, stayed or dismissed within thirty (30) calendar days of commencement or, if earlier, the date on which it is advertised and (ii), in relation to the Subsidiaries, solvent liquidations) in relation to:
 - (i) the suspension of payments, winding-up, dissolution, administration or company reorganisation (Sw. *företagsrekonstruktion*) (by way of voluntary agreement, scheme of arrangement or otherwise) of any Material Group Company;
 - (ii) the appointment of a liquidator, receiver, administrator, administrative receiver, compulsory manager or other similar officer in respect of any Material Group Company or any of its assets; or

- (f) **Mergers and demergers:**
 - (i) Any decision is made that any Material Group Company shall be merged or demerged into a company which is not a Group Company, unless the Agent has given its consent (not to be unreasonably withheld or delayed) in writing prior to the decision of such merger and/or demerger (where consent is not to be understood as a waiver of the rights that applicable law at the time assigns the concerned creditors); or
 - (ii) the Issuer merges with any other Person with the effect that the Issuer is not the surviving entity, or is subject to a demerger;
- (g) **Creditors' process:** Any expropriation, attachment, sequestration, distress or execution or any analogous process in any jurisdiction affects any asset or assets of any Material Group Company having an aggregate value equal to or exceeding USD 10,000,000 and is not discharged within thirty (30) calendar days;
- (h) **Impossibility or illegality:** It is or becomes impossible or unlawful for the Issuer to fulfil or perform any of the provisions of these Terms and Conditions or if the obligations under these Terms and Conditions are not, or cease to be, legal, valid, binding and enforceable; or

- (i) **Continuation of the business:** The Issuer or any Material Group Company ceases to carry on its business, except if due to (i) a permitted merger or demerger as stipulated in Clause 14.1 (f) (*Mergers and demergers*) or (ii) a permitted disposal as stipulated in Clause 13.6 (*Disposals of assets*).
- 14.2 The Agent may not terminate the Bonds in accordance with Clause 14.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently). However, if a moratorium occurs, the ending of that moratorium will not prevent termination for payment prematurely on the ground mentioned under Clause 14.1 (d) (*Insolvency*).
- 14.3 If the right to terminate the Bonds is based upon a decision of a court of law or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of termination to be deemed to exist.
- 14.4 The Issuer is obliged to inform the Agent immediately if any circumstance of the type specified in Clause 14.1 should occur. Should the Agent not receive such information, the Agent is entitled to assume that no such circumstance exists or can be expected to occur, provided that the Agent does not have knowledge of such circumstance. The Agent is under no obligations to make any investigations relating to the circumstances specified in Clause 14.1. The Issuer shall further, at the request of the Agent, provide the Agent with details of any circumstances referred to in Clause 14.1 and provide the Agent with all documents that may be of significance for the application of this Clause 14.
- 14.5 The Issuer is only obliged to inform the Agent according to Clause 14.4 if informing the Agent would not conflict with any statute or the Issuer's registration contract with Nasdaq Stockholm Sustainable Bond List or any other Regulated Market or recognised unregulated market place on which the Issuer's securities from time to time are listed. If such a conflict would exist pursuant to such listing contract or otherwise, the Issuer shall however be obliged to either seek the approval from the relevant marketplace or undertake other reasonable measures, including entering into a non-disclosure agreement with the Agent, in order to be able to timely inform the Agent according to Clause 14.4.
- 14.6 If the Agent has been notified by the Issuer or has otherwise determined that there is a default under these Terms and Conditions according to Clause 14.1, the Agent shall (i) notify, within five (5) Business Days of the day of notification or determination, the Holders of the default and (ii) decide, within twenty (20) Business Days of the day of notification or determination, if the Bonds shall be declared terminated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Holders that there exists a right of termination and obtain instructions from the Holders according to the provisions in Clause 16 (*Decisions by Holders*). If the Holders vote in favour of termination and instruct the Agent to terminate the Bonds, the Agent shall promptly declare the Bonds terminated. However, if the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Holders that the cause for termination has ceased. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 14.7 If the Holders, without any prior initiative to decision from the Agent or the Issuer, have made a decision regarding termination in accordance with Clause 16 (*Decisions by Holders*), the Agent shall promptly declare the Bonds terminated.
- 14.8 If the Bonds are declared due and payable in accordance with the provisions in this Clause 14, the Agent shall take every reasonable measure necessary to recover the amounts outstanding under the Bonds.

14.9 For the avoidance of doubt, the Bonds cannot be terminated and become due for payment prematurely according to this Clause 14 without relevant decision by the Agent or following instructions from the Holders' pursuant to Clause 16 (*Decisions by Holders*).

14.10 If the Bonds are declared due and payable in accordance with this Clause 14, the Issuer shall redeem all Bonds together with a premium on the due at the payable amount set forth in the definition Call Option Amount for the relevant period, or of the Bonds are accelerated before the First Call Date, as set forth in item (b) of the definition Call Option Amount, plus any accrued but unpaid Interest.

15. DISTRIBUTION OF PROCEEDS

15.1 If the Bonds have been declared due and payable in accordance with Clause 14 (*Termination of the Bonds*), all payments by the Issuer relating to the Bonds shall be distributed in the following order of priority, in accordance with the instructions of the Agent:

- (a) *first*, in or towards payment *pro rata* of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent, (ii) other costs, expenses and indemnities relating to the acceleration of the Bonds or the protection of the Holders' rights, (iii) any non-reimbursed costs incurred by the Agent for external experts, and (iv) any non-reimbursed costs and expenses incurred by the Agent in relation to a Holders' Meeting or a Written Procedure;
- (b) *secondly*, in or towards payment *pro rata* of accrued but unpaid Interest under the Bonds (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
- (c) *thirdly*, in or towards payment *pro rata* of any unpaid principal under the Bonds; and
- (d) *fourthly*, in or towards payment *pro rata* of any other costs or outstanding amounts unpaid under these Terms and Conditions.

Any excess funds after the application of proceeds in accordance with items (a) to (d) above shall be paid to the Issuer. The application of proceeds in accordance with items (a) to (d) above shall, however, not restrict a Holders' Meeting or a Written Procedure from resolving that accrued Interest (whether overdue or not) shall be reduced without a corresponding reduction of principal.

15.2 If a Holder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 15.1, such Holder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 15.1.

15.3 Funds that the Agent receives (directly or indirectly) in connection with the termination of the Bonds constitute escrow funds (*Sw. redovisningsmedel*) according to the Escrow Funds Act (*Sw. lag (1944:181) om redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Holders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 15 as soon as reasonably practicable.

15.4 If the Issuer or the Agent shall make any payment under this Clause 15, the Issuer or the Agent, as applicable, shall notify the Holders of any such payment at least fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 9.1 shall apply.

- 16.2 Any request from the Issuer or a Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount (such request may only be validly made by a Person who is a Holder on the Business Day immediately following the day on which the request is received by the Agent and shall, if made by several Holders, be made by them jointly) for a decision by the Holders on a matter relating to these Terms and Conditions shall be directed to the Agent and dealt with at a Holders' Meeting or by way of a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Holders' Meeting than by way of a Written Procedure, it shall be dealt with at a Holders' Meeting.
- 16.3 The Agent may refrain from convening a Holders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any Person in addition to the Holders and such Person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.

This includes, but is not limited to, any amendment to or waiver of these Terms and Conditions that does not require a higher majority (other than an amendment or waiver permitted pursuant to Clause 19.1 (a), (b) or (c)) or a termination of the Bonds.
- 16.7 Quorum at a Holders' Meeting or in respect of a Written Procedure only exists if a Holder (or Holders) representing at least fifty (50.00) per cent. of the Adjusted Nominal Amount in respect of matters set out in Clause 16.5 above and at least twenty (20.00) per cent. of the Adjusted Nominal Amount in respect of matters set out in Clause 16.6 above:

The quorum requirement in Clause 16.7 shall not apply to such second Holders' Meeting or Written Procedure.
- 16.9 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under these Terms and Conditions and the Agent Agreement shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 16.10 A Holder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 16.11 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Holders that consent at the relevant Holders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 16.12 A matter decided at a duly convened and held Holders' Meeting or by way of Written Procedure is binding on all Holders, irrespective of them being present or represented at the Holders' Meeting or responding in the Written Procedure. The Holders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Holders.
- 16.13 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Holders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 16.14 If a decision shall be taken by the Holders on a matter relating to these Terms and Conditions, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. - 16.15 Information about decisions taken at a Holders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Holders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Holders' Meeting or Written Procedure shall at the request of a Holder be sent to it by the Issuer or the Agent, as applicable.

17. HOLDERS' MEETING

- 17.1 The Agent shall convene a Holders' Meeting by sending a notice thereof to each Holder no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons). If the Holders' Meeting has been requested by the Holder(s), the Agent shall send a copy of the notice to the Issuer.
- 17.2 Should the Issuer want to replace the Agent, it may convene a Holders' Meeting in accordance with Clause 17.1 with a copy to the Agent. After a request from the Holders pursuant to Clause 20.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may

- be necessary for technical or administrative reasons) convene a Holders' Meeting in accordance with Clause 17.1.
- 17.3 The notice pursuant to Clause 17.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) agenda for the meeting (including each request for a decision by the Holders) and (iv) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the Holders' Meeting. Should prior notification by the Holders be required in order to attend the Holders' Meeting, such requirement shall be included in the notice.
- 17.4 The Holders' Meeting shall be held no earlier than ten (10) Business Days and no later than twenty (20) Business Days from the notice.
- 17.5 If the Agent has not convened a Holders' Meeting within five (5) Business Days after having received a valid request for convening a Holders' Meeting pursuant to this Clause 17, then the requesting Person may convene the Holders' Meeting itself.
- 17.6 At a Holders' Meeting, the Issuer, the Holders (or the Holders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Holders' Meeting. The Holders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' Meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.
- 17.7 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Holders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Holders to vote without attending the meeting in person.
- 18. WRITTEN PROCEDURE**
- 18.1 The Agent shall instigate a Written Procedure no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Holder on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Holder(s), the Agent shall send a copy of the communication to the Issuer.
- 18.2 Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 18.1 to each Holder with a copy to the Agent.
- 18.3 A communication pursuant to Clause 18.1 shall include (i) each request for a decision by the Holders, (ii) a description of the reasons for each request, (iii) a specification of the Business Day on which a Person must be registered as a Holder in order to be entitled to exercise voting rights (such Business Day not to fall earlier than the effective date of the communication pursuant to Clause 18.1), (iv) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (v) the stipulated time period within which the Holder must reply to the request (such time period to last at least ten (10) Business Days but not more than twenty (20) Business Days from the communication pursuant to Clause 18.1). If the voting shall be made electronically, instructions for such voting shall be included in the communication.
- 18.4 If the Agent, in breach of these Terms and Conditions, has not instigated a Written Procedure within five (5) Business Days after having received such notice, the requesting Person may instigate a Written Procedure itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD.

18.5 When the requisite majority consents of the total Adjusted Nominal Amount pursuant to Clauses 16.5 and 16.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 16.5 or 16.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

19. AMENDMENTS AND WAIVERS

19.1 The Issuer and the Agent (acting on behalf of the Holders) may agree in writing to amend these Terms and Conditions or waive any provision in these Terms and Conditions, provided that:

- (a) the Agent is satisfied that such amendment or waiver is not detrimental to the interest of the Holders, or is made solely for the purpose of rectifying obvious errors and mistakes;
- (b) such amendment or waiver is required by any applicable regulation, a court ruling or a decision by a relevant authority;
- (c) such amendment or waiver is necessary for the purpose of having the Bonds admitted to trading on Nasdaq Stockholm Sustainable Bond List (or any other Regulated Market, as applicable) provided such amendment or waiver does not materially adversely affect the rights of the Holders; or
- (d) such amendment or waiver has been duly approved by the Holders in accordance with Clause 16 (*Decisions by Holders*).

19.2 The consent of the Holders is not necessary to approve the particular form of any amendment or waiver to these Terms and Conditions. It is sufficient if such consent approves the substance of the amendment or waiver.

19.3 The Agent shall promptly notify the Holders of any amendments or waivers made in accordance with Clause 19.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to these Terms and Conditions are available on the websites of the Issuer and the Agent. The Issuer shall ensure that any amendments to these Terms and Conditions are duly registered with the CSD and each other relevant organisation or authority.

19.4 An amendment or waiver to these Terms and Conditions shall take effect on the date determined by the Holders' Meeting, in the Written Procedure or by the Agent, as the case may be.

20. APPOINTMENT AND REPLACEMENT OF THE AGENT

20.1 Appointment of Agent

20.1.1 By subscribing for Bonds, each initial Holder appoints the Agent to act as its agent in all matters relating to the Bonds and these Terms and Conditions, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Holder, including the winding-up, dissolution, liquidation, administration, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Bonds, each subsequent Holder confirms such appointment and authorisation for the Agent to act on its behalf.

20.1.2 Each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), as the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions. The Agent is under no obligation to represent a Holder which does not comply with such request.

- 20.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions and the Agent Agreement.
- 20.1.4 The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in these Terms and Conditions and the Agent Agreement, and the Agent's obligations as agent under these Terms and Conditions and the Agent Agreement are conditioned upon the due payment of such fees and indemnifications.
- 20.1.5 The Agent may act as agent for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.
- 20.2 **Duties of the Agent**
- 20.2.1 The Agent shall represent the Holders in accordance with these Terms and Conditions. However, the Agent is not responsible for the execution or enforceability of these Terms and Conditions. The Agent shall keep the latest version of these Terms and Conditions (including any document amending these Terms and Conditions) available on the website of the Agent.
- 20.2.2 The Agent may assume that the documentation, information and evidence delivered to it is accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation. The Agent does not review the documents and evidence referred to above from a legal or commercial perspective of the Holders.
- 20.2.3 Upon request by a Holder, the Agent shall promptly distribute to the Holders any information from such Holder which relates to the Bonds (at the discretion of the Agent). The Agent may require that the requesting Holder reimburses any costs or expenses incurred, or to be incurred, by the Agent in doing so (including a reasonable fee for the work of the Agent) before any such information is distributed. The Agent shall upon request by a Holder disclose the identity of any other Holder who has consented to the Agent in doing so.
- 20.2.4 When acting in accordance with these Terms and Conditions, the Agent is always acting with binding effect on behalf of the Holders. The Agent shall carry out its duties under these Terms and Conditions in a reasonable, proficient and professional manner, with reasonable care and skill.
- 20.2.5 The Agent is always entitled to delegate its duties to other professional parties without having to first obtain any consent from the Issuer or the Holders, but the Agent shall remain liable for the actions of such parties under these Terms and Conditions.
- 20.2.6 The Agent shall treat all Holders equally and, when acting pursuant to these Terms and Conditions, act with regard only to the interests of the Holders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other Person, other than as explicitly stated in these Terms and Conditions and the Agent Agreement.
- 20.2.7 The Agent shall be entitled to disclose to the Holders any event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Agent may if it considers it to be beneficial to the interests of the Holders delay disclosure or refrain from disclosing certain information other than in respect of an Event of Default that has occurred and is continuing.
- 20.2.8 The Agent is entitled to engage external experts when carrying out its duties under these Terms and Conditions. The Issuer shall on demand by the Agent pay all reasonable costs for external experts engaged (i) after the occurrence of an Event of Default, (ii) for the purpose of investigating or

considering an event which the Agent reasonably believes is or may lead to an Event of Default or a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Holders under these Terms and Conditions or (iii) when the Agent is to make a determination under these Terms and Conditions. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under these Terms and Conditions shall be distributed in accordance with Clause 15 (*Distribution of proceeds*).

- 20.2.9 The Agent shall enter into agreements with the CSD, and comply with such agreement and the CSD regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under these Terms and Conditions.
- 20.2.10 The Agent may instruct the CSD to split the Bonds to a lower nominal amount in order to facilitate partial redemptions, restructuring of the Bonds or other situations.
- 20.2.11 The Agent is not obligated to assess or monitor the financial condition of the Issuer or compliance by the Issuer of these Terms and Conditions, or to take any steps to ascertain whether any Event of Default has occurred. Until it has actual knowledge to the contrary, the Agent is entitled to assume that no Event of Default has occurred.
- 20.2.12 Notwithstanding any other provision of these Terms and Conditions to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 20.2.13 The Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent only acts in accordance with these Terms and Conditions and upon instructions from the Holders, unless otherwise set out in these Terms and Conditions. In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Holders or any other person.
- 20.2.14 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Holders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 20.2.15 The Agent shall give a notice to the Holders (i) before it ceases to perform its obligations under these Terms and Conditions by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under these Terms and Conditions or the Agent Agreement, or (ii) if it refrains from acting for any reason described in Clause 20.2.14.

20.3 **Limited liability for the Agent**

- 20.3.1 The Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect loss.
- 20.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Holders to delay the action in order to first obtain instructions from the Holders.
- 20.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to these Terms and Conditions to be paid by the Agent to the Holders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with

the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.

- 20.3.4 The Agent shall have no liability to the Holders for damage caused by the Agent acting in accordance with instructions of the Holders given in accordance with Clause 16 (*Decisions by Holders*) or a demand by Holders given pursuant to Clause 14.1.
- 20.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, these Terms and Conditions shall not be subject to set-off against the obligations of the Issuer to the Holders under these Terms and Conditions.
- 20.3.6 The Agent is not liable for information provided to the Holders by or on behalf of the Issuer.

20.4 **Replacement of the Agent**

- 20.4.1 Subject to Clause 20.4.6, the Agent may resign by giving notice to the Issuer and the Holders, in which case the Holders shall appoint a successor Agent at a Holders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 20.4.2 Subject to Clause 20.4.6, if the Agent is insolvent or becomes subject to bankruptcy proceedings, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 20.4.3 A Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a Person who is a Holder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Holders, be given by them jointly), require that a Holders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Holders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Holders that the Agent be dismissed and a new Agent appointed.
- 20.4.4 If the Holders have not appointed a successor Agent within ninety (90) calendar days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Holders, the Issuer shall appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 20.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under these Terms and Conditions and the Agent Agreement.
- 20.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 20.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of these Terms and Conditions but shall remain entitled to the benefit of these Terms and Conditions and remain liable under these Terms and Conditions in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Holders shall have the same rights and obligations amongst themselves under these Terms and Conditions as they would have had if such successor had been the original Agent.
- 20.4.8 In the event that there is a change of the Agent in accordance with this Clause 20.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose

of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under these Terms and Conditions and the Agent Agreement. Unless the Issuer and the new Agent agrees otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

21. APPOINTMENT AND REPLACEMENT OF THE PAYING AGENT

21.1 The Issuer appoints the Paying Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.

21.2 The Paying Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Paying Agent at the same time as the old Paying Agent retires or is dismissed. If the Paying Agent is insolvent or becomes subject to bankruptcy proceedings, the Issuer shall immediately appoint a new Paying Agent, which shall replace the old Paying Agent as paying agent in accordance with these Terms and Conditions.

21.3 The Paying Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its gross negligence or wilful misconduct. The Paying Agent shall never be responsible for indirect or consequential loss.

22. APPOINTMENT AND REPLACEMENT OF THE CSD

22.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to the CSD.

22.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Holder or the admission to trading of the Bonds admitted to trading on Nasdaq Stockholm Sustainable Bond List (or any other Regulated Market).

23. NO DIRECT ACTIONS BY HOLDERS

23.1 A Holder may not take any action or take any legal steps whatsoever against the Issuer or a Subsidiary to enforce or recover any amount due or owing to it pursuant to these Terms and Conditions, or to initiate, support or procure the winding-up, dissolution, liquidation, administration, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer or a Subsidiary in relation to any of the liabilities of the Issuer under these Terms and Conditions. Such steps may only be taken by the Agent.

23.2 Clause 23.1 shall not apply if the Agent has been instructed by the Holders in accordance with these Terms and Conditions to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Holder to provide documents in accordance with Clause 20.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under these Terms and Conditions or the Agent Agreement or by any reason described in Clause 20.2.13, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 20.2.15 before a Holder may take any action referred to in Clause 23.1.

23.3 The provisions of Clause 23.1 shall not in any way limit an individual Holder's right to claim and enforce payments which are due to it under Clause 11.5 (*Mandatory repurchase due to a Change of*

Control Event, Listing Failure Event or Minimum Subordinated Debt Event (put option)) or other payments which are due by the Issuer to some but not all Holders.

24. TIME-BAR

24.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of Interest (excluding any capitalised Interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Holders' right to receive payment has been time-barred and has become void.

24.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (*Sw. preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of Interest (excluding capitalised Interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

25. NOTICES AND PRESS RELEASES

25.1 Notices

25.1.1 Written notices to the Holders made by the Agent will be sent to the Holders via the CSD with a copy to the Issuer and the applicable Regulated Market (if the Bonds are admitted to trading). Any such notice or communication will be deemed to be given or made via the CSD, when sent from the CSD.

- (a) The Issuer's written notifications to the Holders will be sent to the Holders via the Agent or through the CSD with a copy to the Agent and the applicable Regulated Market (if the Bonds are admitted to trading).
- (b) Notwithstanding Clause 25.1.1 (a) and provided that such written notification does not require the Holders to take any action under these Terms and Conditions, the Issuer's written notifications to the Holders may be published by the Agent on a relevant information platform only.
- (c) Unless otherwise specifically provided, all notices or other communications under or in connection with these Terms and Conditions between the Agent and the Issuer will be given or made in writing, by letter, e-mail or fax. - (d) The Issuer and the Agent shall each ensure that the other party is kept informed of changes in postal address, e-mail address, telephone and fax numbers and contact persons.
- (e) When determining deadlines set out in these Terms and Conditions, the following will apply (unless otherwise stated):
 - (i) if the deadline is set out in days, the first day of the relevant period will not be included and the last day of the relevant period will be included;

(ii) if the deadline is set out in weeks, months or years, the deadline will end on the day in the last week or the last month which, according to its name or number, corresponds to the first day the deadline is in force. If such day is not a part of an actual month, the deadline will be the last day of such month; and

(iii) if a deadline ends on a day which is not a Business Day, the deadline is postponed to the next Business Day.

(f) Failure to send a notice or other communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders.

25.2 **Press releases**

25.2.1 Any notice that the Issuer or the Agent shall send to the Holders pursuant to Clauses 11.3, 11.4, 11.5, 13.9.1 (e), 14.6, 15.4, 16.15, 17.1, 18.1, 19.3, 20.2.15 and 20.4.1 shall also be published by way of press release by the Issuer or the Agent, as applicable.

25.2.2 In addition to Clause 25.2.1, if any information relating to the Bonds, the Issuer or the Group contained in a notice that the Agent may send to the Holders under these Terms and Conditions has not already been made public by way of a press release, the Agent shall before it sends such information to the Holders give the Issuer the opportunity to issue a press release containing such information. If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Holders, the Agent shall be entitled to issue such press release.

26. **FORCE MAJEURE AND LIMITATION OF LIABILITY**

26.1 Neither the Agent nor the Paying Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade or any other similar circumstance (a “**Force Majeure Event**”). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Paying Agent itself takes such measures, or is subject to such measures.

26.2 The Paying Agent shall have no liability to the Holders if it has observed reasonable care. The Paying Agent shall never be responsible for indirect damage with exception of gross negligence and wilful misconduct.

26.3 Should a Force Majeure Event arise which prevents the Agent or the Paying Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.

26.4 The provisions in this Clause 26 apply unless they are inconsistent with the provisions of the applicable securities registration legislation which provisions shall take precedence.

27. **GOVERNING LAW AND JURISDICTION**

27.1 These Terms and Conditions, and any non-contractual obligations arising out of or in connection therewith, shall be governed by and construed in accordance with the laws of Sweden.

27.2 Any dispute or claim arising in relation to these Terms and Conditions shall, subject to Clause 27.3, be determined by Swedish courts and the District Court of Stockholm shall be the court of first instance.

27.3 The submission to the jurisdiction of the Swedish courts shall not limit the right of the Agent (or the Holders, as applicable) to take proceedings against the Issuer in any court which may otherwise exercise jurisdiction over the Issuer or any of its assets.

Each Holder must inform itself about, and observe, any applicable restrictions to the transfer of material relating to the Issuer or the Bonds, (due to, *e.g.*, its nationality, its residency, its registered address or its place(s) of business). Each Holder must ensure compliance with such restrictions at its own cost and expense.

- 9.1 The Issuer will unconditionally make available to or to the order of the Agent and/or the Paying Agent all amounts due on each Payment Date pursuant to the terms of these Terms and Conditions at such times and to such accounts as specified by the Agent and/or the Paying Agent in advance of each Payment Date or when other payments are due and payable pursuant to these Terms and Conditions.
- 9.2 Payment constituting good discharge of the Issuer's payment obligations to the Holders under these Terms and Conditions will be deemed to have been made to each Holder once the amount has been credited to the bank holding the bank account nominated by the Holder in connection with its Securities Account in the CSD. If the paying bank and the receiving bank are the same, payment shall be deemed to have been made once the amount has been credited to the bank account nominated by the Holder in question.
- 9.3 If a Payment Date or a date for other payments to the Holders pursuant to these Terms and Conditions falls on a day on which either of the relevant CSD settlement system or the relevant currency settlement system for the Bonds are not open, the payment shall be made on the first following possible day on which both of the said systems are open, unless any provision to the contrary have been set out for such payment in these Terms and Conditions.

Depending on any currency exchange settlement agreements between each Holder's bank and the Paying Agent, and opening hours of the receiving bank, cash settlement may be delayed, and payment shall be deemed to have been made once the cash settlement has taken place, provided, however, that no default interest or other penalty shall accrue for the account of the Issuer for such delay.

10. INTEREST

- 10.1 The Initial Bonds will bear Interest at the Interest Rate applied to the Nominal Amount from, and including, the First Issue Date up to and excluding the relevant Redemption Date. - 10.2 Interest accrues during an Interest Period. Payment of Interest in respect of the Bonds shall be made semi-annually in arrears to the Holders on each Interest Payment Date for the preceding Interest Period, however, if such day falls on a day which either of the relevant CSD settlement system or the relevant currency settlement system are not open, the payment shall be made on the first following possible day on which both of the said systems are open.

- 10.4 If the Issuer fails to pay any amount payable by it under these Terms and Conditions on its due date, default interest shall accrue on the overdue amount from and including the due date up to but excluding the date of actual payment at a rate which is two hundred (200) basis points higher than the Interest Rate. Accrued default interest shall not be capitalised. No default interest shall accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

11. REDEMPTION AND REPURCHASE OF THE BONDS

11.1 Redemption at maturity

The Issuer shall redeem all, but not only some, of the Bonds in full on the Final Redemption Date (or, to the extent such day is not a Business Day, on the first following day that is a Business Day) with an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest.

11.2 The Group Companies' purchase of Bonds

11.3.2 Redemption in accordance with Clause 11.3.1 shall be made by the Issuer giving not less than fifteen (15) Business Days' notice to the Holders and the Agent. Any such notice shall state the Redemption Date and the relevant Record Date and is irrevocable but may, at the Issuer's discretion, contain one or more conditions precedent. Upon expiry of such notice and the fulfilment of the conditions precedent (if any), the Issuer is bound to redeem the Bonds in full at the applicable amounts on the specified Redemption Date.

11.4.3 The Issuer shall not give less than twenty (20) Business Days' notice of the repayment to the Agent and the Holders and the repayment price per Bond shall equal the repaid percentage of the Nominal Amount plus a premium on the repaid amount equal to one hundred and two (102.00) per cent. of the redeemed Nominal Amount. 11.5 **Mandatory repurchase due to a Change of Control Event (put option)**

11.5.1 Upon a Change of Control Event occurring, each Holder shall have the right to request that all or only some of its Bonds are repurchased (whereby the Issuer shall have the obligation to repurchase such Bonds) at a price per Bond equal to one hundred one (101.00) per cent. of the Nominal Amount together with accrued but unpaid Interest during a period of thirty (30) calendar days following receipt of a notice from the Issuer pursuant to Clause 11.5.2. The thirty (30) calendar days' period may not start earlier than upon the occurrence of the Change of Control Event.

The Issuer has the intention and shall use its best efforts (without assuming any legal or contractual obligation) to ensure that:

- (a) the Initial Bonds and any Subsequent Bonds are admitted to trading on Nasdaq Stockholm Sustainable Bond List or, if such admission to trading is not possible to obtain or maintain, admitted to trading on another Regulated Market within sixty (60) calendar days after the relevant Issue Date (with an intention to complete each such admission to trading within thirty (30) calendar days from the relevant Issue Date or, in each case, any shorter period required by law or applicable stock exchange regulations); and
- (b) that the Bonds, once admitted to trading on the relevant Regulated Market, continue being listed thereon (however, taking into account the rules and regulations of the relevant Regulated Market and the CSD (as amended from time to time) preventing trading in the Bonds in close connection to the redemption of the Bonds).

13. **FINANCIAL REPORTING**

The Issuer has the intention and shall use its best efforts (without assuming any legal or contractual obligation) to ensure that:

- (a) the annual audited consolidated financial statements of the Group and the annual audited unconsolidated financial statements of the Issuer, including a profit and loss account, a balance sheet, a cash flow statement and management commentary or report from the Issuer's board of directors, are prepared and made available on its website not later than four (4) months after the expiry of each financial year;
- (b) prior to an Equity Listing Event, the quarterly interim unaudited consolidated reports of the Group, including a profit and loss account, a balance sheet, a cash flow statement and semi-annual management commentary or report from the Issuer's board of directors, are prepared and made available on its website not later than two (2) months after the expiry of each relevant interim period;
- (c) post an Equity Listing Event, the half-yearly interim unaudited consolidated reports of the Group, including a profit and loss account, a balance sheet, a cash flow statement and management commentary or report from the Issuer's board of directors, are prepared and

made available on its website not later than two (2) months after the expiry of each relevant interim period;

- (d) the financial statements and reports referred to in Clause 13 (a)–(c) are prepared in accordance with the Accounting Principles and made available in accordance with the rules and regulations of Nasdaq Stockholm Sustainable Bond List or any other Regulated Market (as applicable) and (if applicable) the Swedish Securities Market Act (*Sw. lag (2007:528) om värdepappersmarknaden*) (each as amended from time to time);
- (e) the latest versions of these Terms and Conditions (including documents amending these Terms and Conditions), the Social Finance Framework and the second opinion relating to the Social Finance Framework are made available on its website; and
- (f) semi-annual reports of the use of proceeds of the Bonds in accordance with the Social Finance Framework are made available on its website.

14. DEFAULT AND ENFORCEMENT

14.1 Proceedings

14.1.1 If a default is made by the Issuer for a period of thirty (30) calendar days or more in relation to the payment of any interest, principal or premium in respect of the Bonds which is due and payable, then the Issuer shall be deemed to be in default under the Bonds and the Agent (acting on instructions of the Holders in accordance with these Terms and Conditions) or (provided that the provisions in Clause 22.2 are fulfilled) any Holder may institute proceedings for an Issuer Winding-up provided that such default is still continuing.

14.1.2 In the event of an Issuer Winding-up, a Holder may (provided that the provisions in Clause 22.2 are fulfilled), provided such Holder does not contravene a previously adopted resolution (if any), either independently or through the Agent prove and/or claim in such Issuer Winding-up in respect of the Bonds, such claim being for such amount, and being subordinated in such manner, as is provided under Clause 3.2.

14.2 Enforcement

The Agent (acting on the instructions of the Holders in accordance with these Terms and Conditions) may institute such proceedings against the Issuer as it may think fit to enforce any term or condition binding on the Issuer under the Bonds but in no event shall the Issuer, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

14.3 Extent of Holders' Remedy

No remedy against the Issuer, other than as referred to in this Clause 14, shall be available to the Agent and the Holders, whether for the recovery of amounts owing in respect of the Bonds or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Bonds.

15. DECISIONS BY HOLDERS

15.1 A request by the Agent for a decision by the Holders on a matter relating to these Terms and Conditions shall (at the option of the Agent) be dealt with at a Holders' Meeting or by way of a Written Procedure.

15.2 Any request from the Issuer or a Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount (such request may only be validly made by a Person who is a Holder on the Business Day immediately following the day on which the request is received by the Agent and shall, if made by several Holders, be made by them jointly) for a decision by the Holders on a matter

relating to these Terms and Conditions shall be directed to the Agent and dealt with at a Holders' Meeting or by way of a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Holders' Meeting than by way of a Written Procedure, it shall be dealt with at a Holders' Meeting.

15.3 The Agent may refrain from convening a Holders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any Person in addition to the Holders and such Person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.

15.4 Only a Person who is, or who has been provided with a power of attorney or other proof of authorisation pursuant to Clause 8 (*Right to act on behalf of a Holder*) from a Person who is, registered as a Holder:

- (a) on the Record Date prior to the date of the Holders' Meeting, in respect of a Holders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 17.3, in respect of a Written Procedure,

may exercise voting rights as a Holder at such Holders' Meeting or in such Written Procedure, provided that the relevant Bonds are included in the definition of Adjusted Nominal Amount.

15.5 The following matters shall require the consent of Holders representing at least three quarters (3/4) of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 17.3:

- (a) reduce the principal amount, Interest Rate or Interest which shall be paid by the Issuer;
- (b) amend any payment day for principal or Interest or waive any breach of a payment undertaking;
- (c) a mandatory exchange of Bonds for other securities; or
- (d) amend the provisions in this Clause 15.5 or Clause 15.6.

15.6 Any matter not covered by Clause 15.5, including for the avoidance of doubt the initiation of an Issuer Winding-up, shall require the consent of Holders representing more than fifty (50.00) per cent. of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 17.3. This includes, but is not limited to, any amendment to or waiver of these Terms and Conditions that does not require a higher majority (other than an amendment or waiver permitted pursuant to Clause 18.1 (a), (b) or (c)).

15.7 Quorum at a Holders' Meeting or in respect of a Written Procedure only exists if a Holder (or Holders) representing at least fifty (50.00) per cent. of the Adjusted Nominal Amount in respect of matters set out in Clause 16.51 above and at least twenty (20.00) per cent. of the Adjusted Nominal Amount in respect of matters set out in Clause 15.6 above:

- (a) if at a Holders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or
- (b) if in respect of a Written Procedure, reply to the request.

15.8 If a quorum does not exist at a Holders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Holders' Meeting (in accordance with Clause 16.1) or initiate a

second Written Procedure (in accordance with Clause 17.1), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Holders' consent. The quorum requirement in Clause 15.7 shall not apply to such second Holders' Meeting or Written Procedure.

- 15.9 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under these Terms and Conditions and the Agent Agreement shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 15.10 A Holder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 15.11 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Holders that consent at the relevant Holders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 15.12 A matter decided at a duly convened and held Holders' Meeting or by way of Written Procedure is binding on all Holders, irrespective of them being present or represented at the Holders' Meeting or responding in the Written Procedure. The Holders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Holders.
- 15.13 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Holders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 15.14 If a decision shall be taken by the Holders on a matter relating to these Terms and Conditions, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Bond is owned by a Group Company or an Affiliate of a Group Company.
- 15.15 Information about decisions taken at a Holders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Holders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Holders' Meeting or Written Procedure shall at the request of a Holder be sent to it by the Issuer or the Agent, as applicable.

16. HOLDERS' MEETING

- 16.1 The Agent shall convene a Holders' Meeting by sending a notice thereof to each Holder no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons). If the Holders' Meeting has been requested by the Holder(s), the Agent shall send a copy of the notice to the Issuer.
- 16.2 Should the Issuer want to replace the Agent, it may convene a Holders' Meeting in accordance with Clause 16.1 with a copy to the Agent. After a request from the Holders pursuant to Clause 19.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Holders' Meeting in accordance with Clause 16.1.
- 16.3 The notice pursuant to Clause 16.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) agenda for the meeting (including each request for a decision by the Holders) and (iv) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the

Holders' Meeting. Should prior notification by the Holders be required in order to attend the Holders' Meeting, such requirement shall be included in the notice.

- 16.4 The Holders' Meeting shall be held no earlier than ten (10) Business Days and no later than twenty (20) Business Days from the notice.
- 16.5 If the Agent has not convened a Holders' Meeting within five (5) Business Days after having received a valid request for convening a Holders' Meeting pursuant to this Clause 16, then the requesting Person may convene the Holders' Meeting itself.
- 16.6 At a Holders' Meeting, the Issuer, the Holders (or the Holders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Holders' Meeting. The Holders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' Meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.
- 16.7 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Holders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Holders to vote without attending the meeting in person.

17. WRITTEN PROCEDURE

- 17.1 The Agent shall instigate a Written Procedure no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Holder on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Holder(s), the Agent shall send a copy of the communication to the Issuer.
- 17.2 Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 17.1 to each Holder with a copy to the Agent.
- 17.3 A communication pursuant to Clause 17.1 shall include (i) each request for a decision by the Holders, (ii) a description of the reasons for each request, (iii) a specification of the Business Day on which a Person must be registered as a Holder in order to be entitled to exercise voting rights (such Business Day not to fall earlier than the effective date of the communication pursuant to Clause 17.1), (iv) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (v) the stipulated time period within which the Holder must reply to the request (such time period to last at least ten (10) Business Days but not more than twenty (20) Business Days from the communication pursuant to Clause 17.1). If the voting shall be made electronically, instructions for such voting shall be included in the communication.
- 17.4 If the Agent, in breach of these Terms and Conditions, has not instigated a Written Procedure within five (5) Business Days after having received such notice, the requesting Person may instigate a Written Procedure itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD.
- 17.5 When the requisite majority consents of the total Adjusted Nominal Amount pursuant to Clauses 15.5 and 15.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 15.5 or 15.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

18. AMENDMENTS AND WAIVERS

- 18.1 The Issuer and the Agent (acting on behalf of the Holders) may agree in writing to amend these Terms and Conditions or waive any provision in these Terms and Conditions, provided that:
- (a) the Agent is satisfied that such amendment or waiver is not detrimental to the interest of the Holders, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - (b) such amendment or waiver is required by any applicable regulation, a court ruling or a decision by a relevant authority;
 - (c) such amendment or waiver is necessary for the purpose of having the Bonds admitted to trading on Nasdaq Stockholm Sustainable Bond List (or any other Regulated Market, as applicable) provided such amendment or waiver does not materially adversely affect the rights of the Holders; or
 - (d) such amendment or waiver has been duly approved by the Holders in accordance with Clause 15 (*Decisions by Holders*).
- 18.2 The consent of the Holders is not necessary to approve the particular form of any amendment or waiver to these Terms and Conditions. It is sufficient if such consent approves the substance of the amendment or waiver.
- 18.3 The Agent shall promptly notify the Holders of any amendments or waivers made in accordance with Clause 18.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to these Terms and Conditions are available on the websites of the Issuer and the Agent. The Issuer shall ensure that any amendments to these Terms and Conditions are duly registered with the CSD and each other relevant organisation or authority.
- 18.4 An amendment or waiver to these Terms and Conditions shall take effect on the date determined by the Holders' Meeting, in the Written Procedure or by the Agent, as the case may be.

19. APPOINTMENT AND REPLACEMENT OF THE AGENT

19.1 Appointment of Agent

- 19.1.1 By subscribing for Bonds, each initial Holder appoints the Agent to act as its agent in all matters relating to the Bonds and these Terms and Conditions, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Holder, including the winding-up, dissolution, liquidation, administration, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Bonds, each subsequent Holder confirms such appointment and authorisation for the Agent to act on its behalf.
- 19.1.2 Each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), as the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions. The Agent is under no obligation to represent a Holder which does not comply with such request.
- 19.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions and the Agent Agreement.

- 19.1.4 The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in these Terms and Conditions and the Agent Agreement, and the Agent's obligations as agent under these Terms and Conditions and the Agent Agreement are conditioned upon the due payment of such fees and indemnifications.
- 19.1.5 The Agent may act as agent for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.
- 19.2 **Duties of the Agent**
- 19.2.1 The Agent shall represent the Holders in accordance with these Terms and Conditions. However, the Agent is not responsible for the execution or enforceability of these Terms and Conditions. The Agent shall keep the latest version of these Terms and Conditions (including any document amending these Terms and Conditions) available on the website of the Agent.
- 19.2.2 Upon request by a Holder, the Agent shall promptly distribute to the Holders any information from such Holder which relates to the Bonds (at the discretion of the Agent). The Agent may require that the requesting Holder reimburses any costs or expenses incurred, or to be incurred, by the Agent in doing so (including a reasonable fee for the work of the Agent) before any such information is distributed. The Agent shall upon request by a Holder disclose the identity of any other Holder who has consented to the Agent in doing so.
- 19.2.3 When acting in accordance with these Terms and Conditions, the Agent is always acting with binding effect on behalf of the Holders. The Agent shall carry out its duties under these Terms and Conditions in a reasonable, proficient and professional manner, with reasonable care and skill.
- 19.2.4 The Agent is always entitled to delegate its duties to other professional parties without having to first obtain any consent from the Issuer or the Holders, but the Agent shall remain liable for the actions of such parties under these Terms and Conditions.
- 19.2.5 The Agent shall treat all Holders equally and, when acting pursuant to these Terms and Conditions, act with regard only to the interests of the Holders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other Person, other than as explicitly stated in these Terms and Conditions and the Agent Agreement.
- 19.2.6 The Agent shall be entitled to disclose to the Holders any event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Agent may if it considers it to be beneficial to the interests of the Holders delay disclosure or refrain from disclosing certain information.
- 19.2.7 The Agent is entitled to engage external experts when carrying out its duties under these Terms and Conditions. The Issuer shall on demand by the Agent pay all costs for external experts engaged for the purpose of investigating or considering a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Holders under these Terms and Conditions.
- 19.2.8 The Agent shall enter into agreements with the CSD, and comply with such agreement and the CSD regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under these Terms and Conditions.
- 19.2.9 The Agent may instruct the CSD to split the Bonds to a lower nominal amount in order to facilitate partial redemptions, restructuring of the Bonds or other situations.
- 19.2.10 Notwithstanding any other provision of these Terms and Conditions to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.

- 19.2.11 The Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent only acts in accordance with these Terms and Conditions and upon instructions from the Holders, unless otherwise set out in these Terms and Conditions. In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Holders or any other person.
- 19.2.12 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Holders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 19.2.13 The Agent shall give a notice to the Holders (i) before it ceases to perform its obligations under these Terms and Conditions by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under these Terms and Conditions or the Agent Agreement, or (ii) if it refrains from acting for any reason described in Clause 19.2.12.
- 19.2.14 Unless it has actual knowledge to the contrary, the Agent may assume that all information provided by or on behalf of the Issuer (including by its advisors) is correct, true and complete in all aspects.

19.3 **Limited liability for the Agent**

- 19.3.1 The Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect loss.
- 19.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Holders to delay the action in order to first obtain instructions from the Holders.
- 19.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to these Terms and Conditions to be paid by the Agent to the Holders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 19.3.4 The Agent shall have no liability to the Holders for damage caused by the Agent acting in accordance with instructions of the Holders given in accordance with Clause 15 (*Decisions by Holders*) or a demand given by Holders in accordance with these Terms and Conditions.
- 19.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, these Terms and Conditions shall not be subject to set-off against the obligations of the Issuer to the Holders under these Terms and Conditions.
- 19.3.6 The Agent is not liable for information provided to the Holders by or on behalf of the Issuer or any other Person.

19.4 **Replacement of the Agent**

- 19.4.1 Subject to Clause 19.4.6, the Agent may resign by giving notice to the Issuer and the Holders, in which case the Holders shall appoint a successor Agent at a Holders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 19.4.2 Subject to Clause 19.4.6, if the Agent is insolvent or becomes subject to bankruptcy proceedings, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.

- 19.4.3 A Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a Person who is a Holder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Holders, be given by them jointly), require that a Holders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Holders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Holders that the Agent be dismissed and a new Agent appointed.
- 19.4.4 If the Holders have not appointed a successor Agent within ninety (90) calendar days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Holders, the Issuer shall appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 19.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under these Terms and Conditions and the Agent Agreement.
- 19.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 19.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of these Terms and Conditions but shall remain entitled to the benefit of these Terms and Conditions and remain liable under these Terms and Conditions in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Holders shall have the same rights and obligations amongst themselves under these Terms and Conditions as they would have had if such successor had been the original Agent.
- 19.4.8 In the event that there is a change of the Agent in accordance with this Clause 19.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under these Terms and Conditions and the Agent Agreement. Unless the Issuer and the new Agent agrees otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

20. APPOINTMENT AND REPLACEMENT OF THE PAYING AGENT

- 20.1 The Issuer appoints the Paying Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- 20.2 The Paying Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Paying Agent at the same time as the old Paying Agent retires or is dismissed. If the Paying Agent is insolvent or becomes subject to bankruptcy proceedings, the Issuer shall immediately appoint a new Paying Agent, which shall replace the old Paying Agent as paying agent in accordance with these Terms and Conditions.
- 20.3 The Paying Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its gross negligence or wilful misconduct. The Paying Agent shall never be responsible for indirect or consequential loss.

21. APPOINTMENT AND REPLACEMENT OF THE CSD

21.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to the CSD.

21.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Holder or the admission to trading of the Bonds admitted to trading on Nasdaq Stockholm Sustainable Bond List (or any other Regulated Market).

22. NO DIRECT ACTIONS BY HOLDERS

22.1 A Holder may not take any action or take any legal steps whatsoever against the Issuer or a Subsidiary to enforce or recover any amount due or owing to it pursuant to these Terms and Conditions, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer or a Subsidiary in relation to any of the liabilities of the Issuer under these Terms and Conditions. Such steps may only be taken by the Agent.

22.2 Clause 22.1 shall not apply if the Agent has been instructed by the Holders in accordance with these Terms and Conditions to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Holder to provide documents in accordance with Clause 19.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under these Terms and Conditions or the Agent Agreement or by any reason described in Clause 19.2.11, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 19.2.13 before a Holder may take any action referred to in Clause 22.1.

22.3 The provisions of Clause 22.1 shall not in any way limit an individual Holder's right to claim and enforce payments which are due to it under Clause 11.5 (*Mandatory repurchase due to a Change of Control Event (put option)*) or other payments which are due by the Issuer to some but not all Holders.

23. TIME-BAR

23.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of Interest (excluding any capitalised Interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Holders' right to receive payment has been time-barred and has become void.

23.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of Interest (excluding capitalised Interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

24. NOTICES AND PRESS RELEASES

24.1 Notices

24.1.1 Written notices to the Holders made by the Agent will be sent to the Holders via the CSD with a copy to the Issuer and the applicable Regulated Market (if the Bonds are admitted to trading). Any such notice or communication will be deemed to be given or made via the CSD, when sent from the CSD.

- (a) The Issuer's written notifications to the Holders will be sent to the Holders via the Agent or through the CSD with a copy to the Agent and the applicable Regulated Market (if the Bonds are admitted to trading).
- (b) Notwithstanding Clause 24.1 (a) and provided that such written notification does not require the Holders to take any action under these Terms and Conditions, the Issuer's written notifications to the Holders may be published by the Agent on a relevant information platform only.
- (c) Unless otherwise specifically provided, all notices or other communications under or in connection with these Terms and Conditions between the Agent and the Issuer will be given or made in writing, by letter, e-mail or fax. Any such notice or communication will be deemed to be given or made as follows:
