CEO, Claus Finderup Grove comments *“This is the third time we issue warrants to our employees in the last three years. We want our employees to feel that they are a part of our growth journey and that the work they do every day is important. Having the ability to issue warrants to our employees is a good method for us in order to be able to attract and to retain talented employees”.*

The warrants are issued in accordance with the company's guidelines for incentive-based remuneration and the authorization in section 4.1.1 of the Articles of Association.

Consequently, the last installment will vest in 2025.

Subject to vesting, the warrants can be exercised in periods of 4 weeks starting the day after publication of the Company's annual report, half-year reports and/or quarterly financial announcements, respectively. Warrants that have not been exercised before five (5) years following the grant will lapse automatically.

The warrant terms include condition on accelerated vesting in case of change of control, e.g., a takeover bid, resolution, and business transfer.
