Interinvest proposes an optional dividend to its shareholders and discloses the related conditions

For financial year 2019, the general meeting of Interinvest Offices & Warehouses (hereinafter 'Interinvest') has decided as at 29 April 2020 to distribute a gross dividend of € 1,53 per share.

The board of directors has there after decided as at 6 May 2020 to offer the shareholders an optional dividend for financial year 2019. With an optional dividend the shareholders are given the opportunity to contribute their dividend receivable that arises from the profit distribution, in the company's capital in return for the issue of new shares, in addition to the option to receive the dividend in cash or to choose for a combination of both previous options.

The funds not paid out in cash will support the further growth of the company, generate opportunities for investments in logistics real estate properties and for the reorientation of the office portfolio and contribute to the strengthening of the balance sheet structure of the company.

Each shareholder has thus the choice to receive the dividend in cash or to invest in shares, as follows:

- **Payment of dividend in cash**

Coupon no. 23 gives entitlement to a gross dividend of € 1,53 or € 1,071 net per share (after deduction of 30% withholding tax).

- **Investment of dividend in return for new Interinvest shares**

A subscription can be made for one new share through the contribution of 18 coupons no. 23 (each for a net dividend amount of € 1,071). The issue price for the shareholder amounts to € 19,28 for a new share, hence 18 coupons no. 23 x € 1,071.

The issue price of the new shares amounts to € 19,28 per share, this represents a discount of 5,4% compared to the average of the opening prices of the 10 last trading days before the decision of the board of directors and of 4,2% compared to the opening price of the Interinvest share as at Tuesday 5 May 2020, each time after deduction of the gross dividend for financial year 2019 (€ 1,53).

- **A combination of both previous options.**
